

Two Duroc Pigs bound for Gilbert Rojas, Costa Rica, became acquainted with their temporary quarters Tuesday at Milwaukee's Billy Mitchell field. They were crated for the first leg of their trip to Miami with Post-Crescent Reporter John Sawall. John Bentz, foreground, a clerk at the air express office checked the animals as, in background, Walter Kaminski, left, of Weyauwega, who donated the pigs, and J. L. Walker, Waupaca County agent, loaded another. (AP Wirephoto)

Macmillan Illness Held Blow to Britain's Tories

Resignation Of Premier Envisioned

BLACKPOOL, England (AP) — Impressions have been mixed among Conservative party leaders today that Harold Macmillan, stricken by illness, soon will have to step down as prime minister of Great Britain.

The annual conference of the ruling Tories opened formally in an atmosphere of shock and confusion at the development. There was a sense of unreality about the party's debates on national education and health because the issue of leadership was the only one preoccupying the 4,000 assembled delegates.

Elder statesmen, managers and cabinet ministers who form the party hierarchy faced a stark choice between carrying on leadership for the next two or three months in the expectation that Macmillan will recover, or agreeing by Saturday on an heir apparent who would be ready to take over the minute Macmillan signals he has had enough.

Even though the leaders themselves still were deeply engaged in secret discussion over the claims of rival contenders, it became increasingly evident that the consensus among them was that the present situation could not be allowed to continue. The word in private was that a big effort is under way right now to agree on the man to be designated heir-apparent.

With no warning, the 69-year-old prime minister was taken to a London hospital Tuesday night for removal of a prostate obstruction to his bladder. His doctor said he probably would be operated on Thursday and he would not be fully active "for at least two or three months."

The immediate reaction in political circles was that Macmillan, after fending off demands for his resignation produced by the Pro-

Balmy Breezes Bring Mild Temperatures

Fox Cities — Fair and warmer tonight and Thursday. High today near 72, low tonight about 45 and the high Thursday 77. Winds will be light from the southwest.

Appleton — Observations at 9 a.m. today. Temperatures for the 24-hour period: High 70; low 46. Wind velocity: 3 miles an hour from the west southwest. Barometer: 30.11 and rising. Relative humidity: 68 percent. Dew point: 49. Temperature: 61. Skies: Clear. Rainfall: None.

Sun sets at 5:21 p.m., rises Thursday at 6:01 a.m. Moon rises at 10:39 p.m. Prominent stars are Fomalhaut. Visible Planets are Jupiter, Saturn and Mercury.

Kennedy May Give Wheat Sale Stand

Some Observers Expect Him To Approve Deals With Reds At News Conference Today

WASHINGTON (AP) — There were signs that President Kennedy may break his silence today on a U.S.-Soviet wheat deal which is rumored in some quarters to be almost signed, sealed and delivered.

One straw in the wind was that the White House abruptly changed the time of today's presidential news conference to 6 p.m. EDT, two hours later than it had been scheduled.

The time change strengthened speculation and reports that the President was preparing to announce his decision on the proposed sale of American wheat to the Soviet Union and other Communist-bloc nations.

But Pierre Salinger, Kennedy's press secretary, said he had "no information about an announcement" and that the time for the news conference had been delayed because "it's more convenient for the President's schedule."

Although the schedule as officially announced was pretty much blank from midmorning until the news conference, Salinger said Kennedy has "a lot of appointments. He has appointments here every day that I don't put on the record."

If Kennedy was about to make a decision on a U.S.-Soviet wheat

News Conference To Be Televised

WASHINGTON (AP) — President Kennedy's news conference at 6 p.m. (EDT) today will be carried live on all four major radio networks, NBC, CBS, ABC and Mutual.

NBC said it would also carry the conference live on television. ARC will take it for showing at 6:30 p.m. and CBS will present the news conference with its regular news program from 6:30 to 7 p.m. on some stations and from 7 to 7:30 p.m. on others.

Today, that the United States was on the verge of selling more than \$300 million worth of wheat to the Soviet Union and three East European satellites.

The Soviet Union was reported to have expressed interest through diplomatic channels in buying \$250 million worth, with Hungary, Czechoslovakia and Bulgaria bidding for \$60 million more.

But there were caution signals around Capitol Hill. Reports from pipelines there

Valachi Tells Probers About 'Mercy Killing'

Testifies Gangster Slain on Orders From Crime Chiefs

WASHINGTON (AP) — Informer Joseph Valachi testified today the gangland murder of Willy Moretti was "a mercy killing" ordered by the men who ruled the crime brotherhood, Cosa Nostra.

He said John Robilotto—Johnny Roberts—was one of the men who killed Moretti in a New Jersey restaurant in 1951.

"It's supposed to be a mercy killing because he was sick," Valachi told the Senate Investigations subcommittee.

He said Moretti ruled a gang of 40 to 50 men in New Jersey. "He was like independent," Valachi said. "He had his own little army."

John J. Bergin, assistant attorney general of New Jersey, testified that his general information tends to corroborate Valachi's version of the Moretti killing.

Sworn as a witness, Bergin endorsed two new laws the Justice Department hopes may develop from the present hearings — one to permit wiretapping and another to pressure witnesses to testify in racketeering cases.

Earlier, Valachi testified the Cosa Nostra bosses laid down a rule against trafficking in narcotics in 1957. He said some money-hungry gangsters violated the rule even at the risk of death.

Under heavy guard as he made his fifth appearance before the Senate investigations subcommittee, Valachi said that mob leaders in Chicago paid their "soldiers" a \$200-a-week subsidy to lay off handling narcotics.

A convicted killer and narcotics peddler himself, Valachi said he

Syria and Iraq Agree On Military Union

DAMASCUS, Syria (AP)—Syria, Egypt's former partner in the United Arab Republic, has proclaimed a military union with neighboring Iraq.

Gen. Amin Hafez, strongman president of Syria's National Revolutionary Council, said Tuesday both countries' troops will be under a supreme defense council.

The Arab Socialist Ba'ath party rules both Syria and Iraq. The two governments have been working toward union since their agreement to join Egypt in an enlarged United Arab Republic broke down.

U. S. Supply Exhausted Rare Antitoxin Sought for Boy Victim of Whitefish Poisoning

NASHVILLE, Tenn. (AP) — At least two — and possibly four — National Health Institute in Washington reported that deaths in Tennessee and two in Michigan. Seven persons are believed to have been treated in Knoxville, Tenn., apparently he rushed here for continued treatment of the Dalton child.

A commercial airliner made an unscheduled stop at Knoxville early today to complete the relay of a shipment of type E botulism serum from Toronto. Dr. Robert A. Lash, head of the Knoxville Poison Control Center, said this and illnesses. No other members of the Dalton family were reported ill.

Products Withdrawn
H.J. Dornbos and Bros., Grand Haven, Mich., fish packer which produces smoked whitefish for sale in a sealed plastic bag, ordered all its products removed from distribution.

The plant has halted its own operations pending results of official inquiries in Michigan and Tennessee.

Lash said Tennessee doctors have been promised a shipment of the serum from Copenhagen, Denmark, but he didn't know how much was available there or when it would arrive. He said the Copenhagen supply is now the last known in the Western world. A shipment of the rare serum was rounded up Tuesday by the

3 States Hunt Gunman After Bank Holdup

PEPIN (AP) — Authorities of Wisconsin, Minnesota and Iowa continued to search today for a gunman who held up a branch state bank office in Pepin and fled with loot the Federal Bureau of Investigation said might amount to \$15,000.

The sheriff's office at Durand said early today that no trace had been found of the holdup man, who fled in a 1959 blue and white Ford Station wagon after holding up the Pepin office of the Alma American Bank. The FBI said the car bore either Minnesota or Iowa license plates. Pepin is on the Mississippi River, just across the border from Minnesota.

Describes Robbery

Mrs. Betty Lawson, manager of the office, said she was alone when the gunman entered Tuesday. He told her to sit down and warned that anyone else trying to enter the bank should be told to leave. One woman did enter. Mrs. Lawson said, then left on request.

Mrs. Lawson said that the man ordered her to open the vault, helped himself to its contents, and then asked if there was a rear door. She said she opened it for him, then sat down on the basement steps as directed until he left.

She said the man was wearing a trench coat, white shirt and dark brown hat.

Elderly Woman Dies After Fire Damages Home Near Kenosha

KENOSHA (AP) — An elderly woman died early today in a fire which caused severe damage to a home in the town of Pleasant Prairie.

Mrs. Ethel Jackson, 83, was pronounced dead at a Kenosha hospital, where she was rushed while being given oxygen.

She lived with her daughter and son-in-law, Mr. and Mrs. Harold Thompson. Authorities said the couple was awakened by the barking of a dog but was beaten back by smoke and heat in attempting to rescue Mrs. Jackson. Deputy James Heiring, his clothing wetted by a garden hose, reached the elderly woman in a bedroom and deputy Roger Schoenfeld attempted resuscitation enroute to the hospital.

Mrs. Thompson injured an ankle in jumping from a bedroom window. Two dogs died in the fire. Authorities said cause of the fire, which severely damaged the interior of the home, was not determined immediately.

Project Piggy-Back Completes First Leg

Reporter, Pigs, Land at Miami; Fly to Costa Rica Thursday

Two Weyauwega Duroc pigs completed the first leg of "Operation Piggy-Back to Costa Rica" when their Eastern Airlines DC-7 set down at Miami International Airport shortly after noon today.

Flight connections for the two 50-pound pigs, destined for the farm of Gilberto Rojas, 20, Palmares Alajuela, on the isthmus of Panama, went smoothly after two hectic days of final arrangements.

John Sawall, Post-Crescent New London reporter, is travelling with

Youth Accused of Kidnaping and Robbing Farmer

VIROQUA (AP) — Dennis McKiness, 18, of St. Charles, Ill., was bound over Tuesday to Circuit Court for trial on charges of armed robbery and kidnaping a Vernon County farmer.

McKiness waived preliminary hearing before County Judge Martin Gulbrandsen in connection with the kidnaping and robbing of Clarence Seland, 60, a Viroqua area farmer, who said he found McKiness and another youth trying to steal gasoline from a tank on his farm last Thursday.

Preliminary hearing for McKiness' companion, William Klein, 24, also of St. Charles, was postponed until Friday. The young men are being held on \$10,000 bond each.

Authorities said the two are accused of robbing Seland, and then tying him, placing him in the trunk of a car and abandoning the automobile. They were picked up in nearby Richland County on Friday.

U. S. Supply Exhausted Rare Antitoxin Sought for Boy Victim of Whitefish Poisoning

NASHVILLE, Tenn. (AP) — At least two — and possibly four — National Health Institute in Washington reported that deaths in Tennessee and two in Michigan. Seven persons are believed to have been treated in Knoxville, Tenn., apparently he rushed here for continued treatment of the Dalton child.

Doctors said young Dalton had what appeared to be a "classical case" of botulism. He was administered an antitoxin and placed in a tank of the polo type — to aid his breathing.

Botulism, a rare and acute food poisoning, has been blamed for at

Mr. and Mrs. Wesley Edgren of Venice, Calif., embrace their son, Paul whom they had mourned as dead. Another boy who had taken Paul's motorcycle from its parking place at Venice High School was killed in an accident. A neighbor and relative viewed the body and said the dead boy appeared to resemble Paul. Mrs. Edgren collapsed when she was given the news. Then her son returned home from his part-time job — to a scene of rejoicing tempered by the knowledge that somewhere another couple was now experiencing the same grief they had known. (AP Wirephoto)

Indian Speech Most Eloquent With Brevity and Simplicity

BY CHARLES HOUSE
Post-Crescent Staff Writer

The American Indians of long ago — as some are today — were magnificently eloquent and part of their eloquence came from the roots of simplicity.

Charles Round Low Cloud who died not many years ago in Black River Falls once said, "Indian speech is simple, but white man skin his friends. This is called business."

Another time he said, "The Winnebago Indians learn something since white man come to this country, he learn swear the words of English. The Indians had no words to make a swear."

With beautiful brevity, the famed Chief Black Hawk answered a question: Why had he aggravated the Black Hawk war?

Said he: "I loved this land, I fought for it."

There is another story, a true one, which might be remembered on any visit to the rotunda in the capital in Washington D. C. where there are a series of dioramas over the doorways. The eloquence of one Indian, and his cryptic means of telling a story and making a salient point ought not to be forgotten.

Chief Grizzly Bear The Indian was a Wisconsin Menominee named as Kaush-ka-nie, but he was better known as

Chief Grizzly Bear. That name had been given to him by an Indian agent who did it for personal convenience.

Chief Grizzly Bear had gone to Washington to plead the cause of his people long ago—some time in the 1800's. The Indian agent was showing the chief some of the interesting points of Washington D. C. Among the stops was a visit to the rotunda, and the chief looked over the various stone groups concerning Indians.

One of them depicted the landing of the pilgrims at Plymouth Rock. Grizzly bear spoke five words:

"There Injun give white man corn."

On the North, where the group showed Penn's treaty with the Indians, Grizzly bear spoke a few more words:

"There Injun giveum white man land."

On the west, where Pocahontas is shown saving the life of Captain John Smith, Grizzly Bear spoke again:

"There Injun giveum life."

And, last, on the south, the diorama shows Daniel Boone plunging his knife into the breast of an Indian. Grizzly Bear made his point:

"There," he said, "white man kill Injun."

2 Greenville Men Hit 585 Series

GREENVILLE—Gary Kohl and Arlo Tellock both rapped a 585 series Wednesday night in the Greenville Men's bowling league. Kohl is on the Badger Hatchery team which took three games from Berg and Henn. Tellock bowls for Rudloff's Garage, which won two games from Knorr Trucking.

In the Greenville Women's bowling league, Sally Hardy cracked a 510 series for the Co-op Store which took three games from Westgate Wrecking. Marton Parker rolled a 205 game and 509 series and Joyce Utcke had a 501 series, both for Bill's Bar which won two games from Louie's Super Club.

1954 Decision on Segregation Ban Morally, Legally Correct, Ike Says

BY JACK BELL AND MARVIN L. ARROWSMITH
GETTYSBURG, Pa. (AP)—For President Dwight D. Eisenhower, speaking out publicly on the matter for the first time, says the Supreme Court's 1954 decision outlawing public school segregation "is morally and legally correct."

He expressed this conviction in an interview with Associated Press reporters at his office on the Gettysburg College campus. As President, Eisenhower repeatedly declined to say whether he thought the court's controversial ruling was right or wrong good or bad.

Honored Decision
For example, at a news conference Sept. 5, 1956, Eisenhower said, "I think it makes no difference whether or not I endorse it, the court decision. The Constitution is as the Supreme Court interprets it, and I must conform to that and do my very best to see that it is carried out in this country."

During the interview here, Eisenhower said in response to a question, "I just say I believe the

decision expressed the intentions of our Constitution and therefore aid is morally and legally correct."

On other matters the former president

Called on President Kennedy to couple any tax cut with a pledge that—narrating some "great emer-

What is former President Dwight D. Eisenhower's opinion of the Supreme Court's 1954 landmark decision ruling out school segregation? In this interview with Associated Press reporters, Eisenhower breaks his public silence of more than nine years and says what he thinks of that hotly controversial decision. He also discusses other matters.

gency declared by Congress—federal spending would be held to a specified level.

Replied, "No, I do not," when asked whether he thinks Republican in Congress should be taking

the lead in seeking to cut foreign

Text of Interview
The following is the text of the interview

Question: While you were president you repeatedly declined to say whether you thought the Supreme Court's decision on school segregation was right or wrong, a good decision or a bad one. Now that you are no longer in office, do you care to express an opinion on that?

Eisenhower: I think there is no question about the legality and the propriety of the decision of May 1954, as I recall. It was a vote of 9 to 8. The Southerners on the court participated in that decision. I just say I believe the decision expressed the intentions of our Constitution and therefore is morally and legally correct.

Plan Looked Good
Q: As for how it should be done, are you talking about the court order calling for desegregation with all deliberate speed?

A: As a matter of fact that plan looked to me like a very good one because they left it to the locality. I was determined that no govern-

ment would follow the same course in such circumstances.

Ike Faced Criticism
A: It depends on the circumstances. As far as I know, no Republicans took off against the use of troops in Birmingham or Montgomery. If you remember, some of the things that were said about me when I used them at Little Rock, you will quickly perceive that there was little bipartisan ship operating at that moment.

I was determined that no government would follow the same course in such circumstances.

political strength, was going to a I would think that was proper federal court and that is all there was to it. It could have been on race relations or on a strike. It could have been on anything in the world. And I said, "We will take the necessary steps."

Used Outside Troops

Since emotions were high down there I took the National Guard away from the governor's control, and I could have used that. But this means that in these circumstances, a National Guardsman would be enforcing the law against his brother. This was a bad thing I wanted no disorder and I knew that I could count on outside regular troops to be disciplined. They went and there were no deaths, as a matter of fact, not even a single serious injury.

Q: Do you think that Congress ought to act on the tax bill this year, or should it wait until it sizes up President Kennedy's new budget next year?

A: Level it off. This problem is going to be with us for a long time. Make no mistake.

Must Curb Spending

A number of suggestions have been made to do something specific about the expression the President used—to bring the expenditures under better discipline or better control.

So any purpose of delay I think is to get expenditures under control.

If a president announced that under no circumstances—unless there was a great emergency declared by Congress—would he prove the expenditure in any year

The reform I would like to see

is this: to get a long-term congressional authorization certain in five years. Take a look at it, you are going. If we could have a permanent figure of some where near \$4 billion I believe we could do a job that could be very good for the world and above all for ourselves.

Q: You mean level off and at figure?

A: Level it off. This problem is going to be with us for a long time. Make no mistake.

Q: In this general field of aid to the governments of the Dominican Republic and Honduras have been toppled. Do you approve with drawal of recognition from the junta-installed governments?

Tact Approval

A: It used to be that recognition had nothing to do with approval. But President Wilson was the first I think to equate recognition of a new government with tacit approval.

Now it is sort of mixed. Some kind of protective screen to the point where the OAS would draw

fore that is recognition. Other times we don't do that.

Q: You withdrew recognition from Castro, too.

A: Yes. Finally you get into such a position that if you continue recognition you are just subject to insult and the only thing you can do is not to recognize them.

Promise Ignored

I do not under present conditions favor withdrawal of recognition of these junta governments. But if any should develop into the Castro pattern I not only would withdraw recognition but I would try to take measures to stop that development.

Castro talked about free elections and all of that kind of thing when he was carrying on his revolution. It took a lot of time to reduce him to a harmless dictator he had become.

Q: On the Cuban situation, do you have any ideas or recommendations on what our government might further do than it is doing now?

A: No, I don't. I assume that our government is doing all it can to counter the situation.

A: No, I don't. I assume that our government is doing all it can to counter the situation.

A: No, I don't. I assume that our government is doing all it can to counter the situation.

A: No, I don't. I assume that our government is doing all it can to counter the situation.

A: No, I don't. I assume that our government is doing all it can to counter the situation.

Deadline Set For Payment of Assessments

KAUKAUNA — Special assessments for pavement walks, curb and gutter and sanitary sewers may be paid in part or in full by Oct. 15 to avoid penalty, according to Karl E. Marzahl, city clerk. Payments will be applied against the assessment and consequently reduce the interest charge, stated Marzahl. Property owners wishing to learn the balance running as a special assessment against their property may call the clerk's office for information.

SPBSQSA Unit to Observe Guest Night

KAUKAUNA — The Kaukauna Little Chute SPBSQSA will hold its annual guest night program at 8 p.m. Thursday at the Knights of Columbus Hall on County Trunk. Guest quartets will appear and refreshments will be served. Anyone who enjoys singing is welcome to attend together with the organization. In Doug Huntington, chairman for the program.

A line and say we would go so

In this way we could really in and to further I think it

oring them all together in some would be a very useful thing to

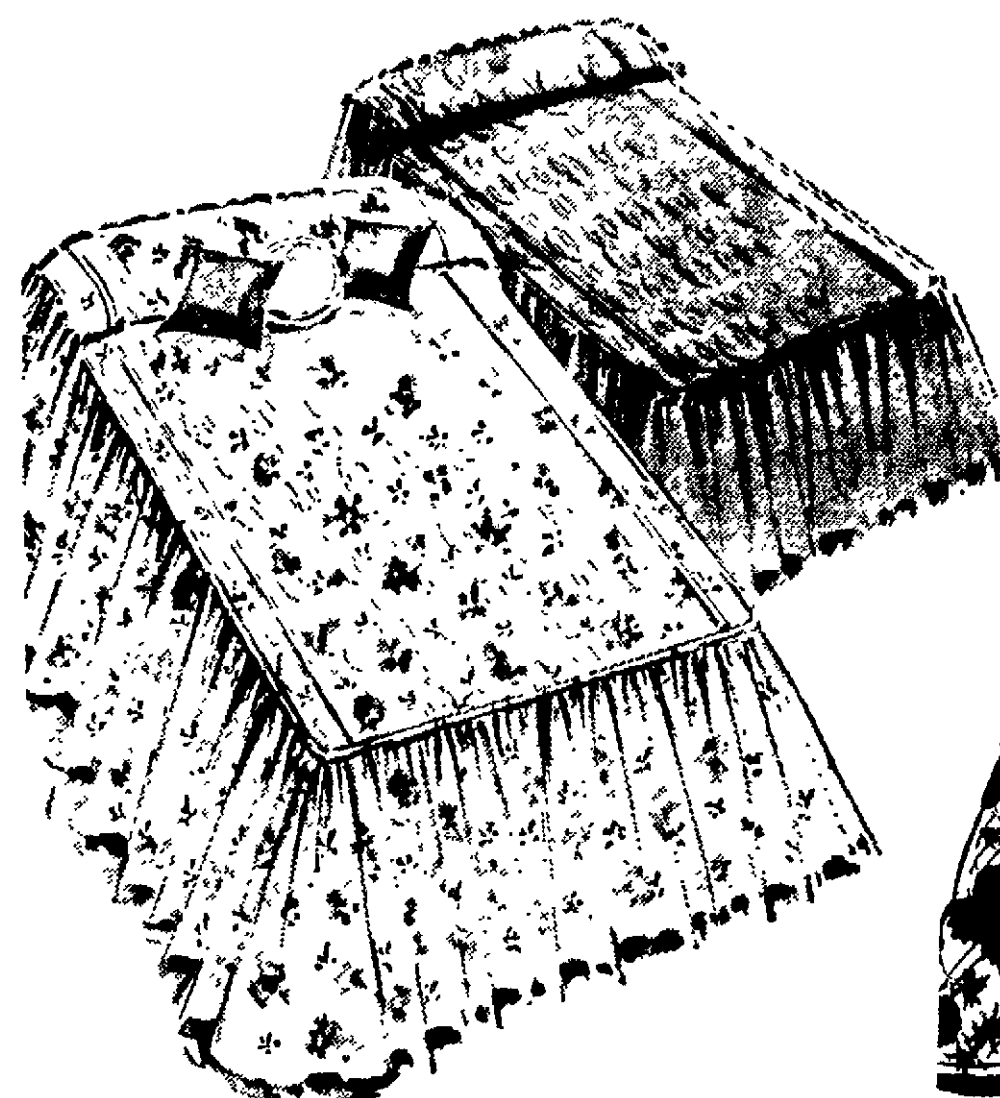

kind of protective screen to the do and it may be going on I

point where the OAS would draw don't know

An Indian Military policeman stands guard at airfield at Leh, in Ladakh, as a U. S. Air Force C-130 transport rolls across the runway. The plane carried supplies for the Indian military establishment at Leh. Such American aid, given in response to Indian requests at the time of an attack on India by Red China, has resulted in a violent reaction from Pakistan. (AP Wirephoto)

Long, Hard Struggle Ahead If Asia to be Saved From Reds

Soviets Appear as 'Good Guys' In Ideology Fight With Peking

BY WILLIAM L. RYAN
AP Special Correspondent

BANGKOK, Thailand (AP)—Asia is severely shaken today by its own conflicts and by radical changes in the cold war picture. These changes are a potent yeast in the ferment which is engulfing the whole vast overpopulated, and impatient continent.

"This is a most critical moment for Asia," said one highly placed informant. "You might say this whole area now is up for grabs."

It seems probable that a long hard struggle is ahead to prevent the whole continent from falling one day under Communist domination.

The most significant development for Asia in the past decade has been the violent quarrel between the Communist parties of the Soviet Union and Red China.

Moscow Peking Fued

This has produced some startling results.

—There is a prospect now that while U. S. and British military aid helps protect India's borders from the Red Chinese threat, Soviet missiles may be used eventually to protect India's cities from the Red Chinese.

—Ally is bickering with ally. While Red China and her supporters in Asia snipe at Moscow, a sulky Pakistan, once called the staunchest foe of communism in Asia, is flitting with the Red Chinese.

—The split has produced political changes in India and for Asia probably has tarnished the figure of Prime Minister Nehru as a leader of nonaligned nations.

—There are developing signs of shakiness ahead for Western treaty alliances.

Black and White

Yet there are also clear indications that the Chinese-Soviet split is being overstressed to an extent that can lead to dangerous consequences.

To Indians, the split seems to have become a question as simple as black and white. The Chinese have become all bad—therefore those who seem to oppose the Red Chinese must be the reverse. This includes the Soviet party and its followers.

Even in Southeast Asia circles closely connected with the United States and the West can detect a superabundance of optimism. This seems based on the notion that the Red Chinese have lost the implicit support of the Russians, should Peking think in terms of embarking on reckless adventures. But Peking always has had the long view of domination in Asia by slow stages, despite its defiance of nuclear "paper tigers."

Cautious Element

The more cautious element in

Decide Soon on Post Office, Proxmire Says

Whether the federal government has plans for a new post office in Appleton will be disclosed soon.

Replying to an inquiry, U. S. Sen. William Proxmire (D-Wis.) said he has contacted the U. S. Post Office Department for a complete report on the status of the present local postal facility.

"Just as soon as I have heard from the department I will pass the information along," Proxmire informed the Post-Crescent.

The present building at Washington and Superior streets lacks week was getting a fresh paint space for the local postal operation. In fact, it has been necessary to lease a building on West College Avenue to provide much-needed room.

The Post-Crescent asked Proxmire to investigate the matter. The post office building this week was getting a fresh paint space for the local postal operation.

Organization — SEATO — with Thailand, the Philippines, Australia, New Zealand, Britain, France and the United States.

Pakistan Bitter

CENTO may be on its way to becoming little more than a paper arrangement because of Pakistan's bitterness over the U. S. British aid to India. Pakistan's attitude on SEATO may not be too important one way or the other. But the treaty shows other signs of weakness.

The cracks may become more evident as the months go by. A meeting of SEATO is tentatively scheduled for Manila in the spring. It will be interesting to see if some of its members, including Pakistan, will show up.

The exigencies of Asian politics, the variety of conflicts among Southeast Asian nations themselves have tended to produce a situation in which SEATO membership look directly to the United States for assistance in time of showdown crisis in which Moscow with Britain, Turkey and Iran, danger rather than to action with and of the Southeast Asia Treaty in the framework of the alliance.

Getting Arms

The Indians are getting arms, ammunition and technical assistance for their armed forces. They wanted a bit more. The Indians hinted broadly that they wanted Nike Zeus ground-to-air missiles for defensive purposes around the big Indian cities.

The United States did not take the hint. Possibly the reaction in Pakistan, which constantly expresses fear of the Indians, played a part. The Indians, who claim they have always turned first to the United States now are looking to Moscow. There is a good chance that Russian ground-to-air missiles eventually will be protecting Indian cities against the Red Chinese.

But U. S. response to Indian appeals already had produced a violent reaction in Pakistan. That situation is a member of the Central Treaty Organization — CENTO — States for assistance in time of showdown crisis in which Moscow with Britain, Turkey and Iran, danger rather than to action with and of the Southeast Asia Treaty in the framework of the alliance.

If Satellite Should Fall, Whom Do You Sue?

Outagamie Attorneys Hear About Flying Objects and Possible Court Proceedings

There are 146 flying objects circling in foreign countries, trade routes in outer space and law and order problems are being discussed. The conference was planned more than five years ago by the American Bar Association and members of the Outagamie County Bar Association. The conference was held in Appleton Monday. Brummund said the nations behind the Iron Curtain were not represented by the conference. Department of Taxation at the Outagamie County courthouse. It has been proposed by state legislators that the state tax on private property of space objects has not been settled and will not be settled until Russia, the only other nation besides the United States with space objects is represented, he said.

Next Conference

"We had hoped until the last day that Russia would send a delegate," Brummund said. He said another conference is planned, but no definite date set. It will be held in Mexico City.

Peace Through Law

The conference was planned more than five years ago by the American Bar Association and members of the Outagamie County Bar Association. The conference was held in Appleton Monday. Brummund said the nations behind the Iron Curtain were not represented by the conference. Department of Taxation at the Outagamie County courthouse. It has been proposed by state legislators that the state tax on private property of space objects has not been settled and will not be settled until Russia, the only other nation besides the United States with space objects is represented, he said.

Continued Tax Office

The association voted unanimously to support a resolution calling for the continuance of the district office of the Wisconsin Department of Taxation at the Outagamie County courthouse. It has been proposed by state legislators that the state tax on private property of space objects has not been settled and will not be settled until Russia, the only other nation besides the United States with space objects is represented, he said.

Homecoming at St. John Set

Festivities Begin With Pep Rally, End With Grid Game

LITTLE CHUTE — Plans are nearing completion for homecoming festivities this weekend at St. John High School. A 2 p.m. Saturday football game against Green Bay Prentiss will highlight the affair. Opening festivities will be a 2 p.m. student assembly and pep rally at the school Friday with the seniors in charge. At 6:30 p.m. Friday, students will assemble in the high school patio to recite the rosary after which a bonfire will be held at the ballpark with the freshmen in charge.

A parade through the business district is scheduled to get underway at 10:30 a.m. Saturday and floats will be parked at the athletic field. Climax of the affair will be a dance from 8 to 11 p.m. Friday in the high school gym. Sophomores have charge of the parade and juniors the dance. Girls named in the homecoming court are Elaine Ebben, Irene Ruys, Sharon Van Asten, Donna Huisman, Vicki Jansen and Susan Strobel. A homecoming queen will be elected later this week.

Legislature To Consider Road Bills

Madison (AP)—A backlog of controversial highway legislation awaits the Nov. 4 resumption of Wisconsin's 1963 legislative session.

A review distributed Tuesday by the Wisconsin Taxpayers Alliance lists the pending bills and marks for major attention a program offered by Gov. John W. Reynolds, Sharon Van Asten, Donna Huisman, Vicki Jansen and Susan Strobel. A homecoming queen will be elected later this week.

Tense Nerves Block Bowels

Your colon has nerves that control regularity. When you are tense or nervous, normal bowel impulses may be blocked—and you become constipated.

New COLONATO tablets relieve this misery with a new principle—a unique colonic nerve stimulant plus special bulking action as recommended by many doctors. Result? COLONATO puts your colon back to work—gently relieves constipation overnight. You feel great! Get clinically-proved COLONATO today. Introductory size 43¢.

where is the saving in a cold house?

Harvesting of the Roman Grape Celebrated at 'Bacchus Ball'

Bacchus, the god of wine, ruled at the Top Hat Dance Club's "Bacchus Ball" Saturday evening at the Menasha Elks Club. Grape vines encircling Roman columns were in abundance. Party-goers celebrated the early October harvest of the grape in a reproduction of the forum.

Gladiators, senators and their wives were served cocktails at 6:30 p.m. Dancing at 9 p.m. was preceded by dinner.

Mr. and Mrs. Fred Kafura and Mr. and Mrs. Fred Pettegrew were co-chairmen of the event. Serving as committee members were Mr. and Mrs. Roy Collar, Mr. and Mrs. Maurice Griesbach, Dr. and Mrs. Thomas Luther, Dr. and Mrs. George Petersen, Mr. and Mrs. Frank Zamzow, Mr. and Mrs. Joseph Moriarty, Mr. and Mrs. Willard Smith and Mr. and Mrs. M. J. Worthen.

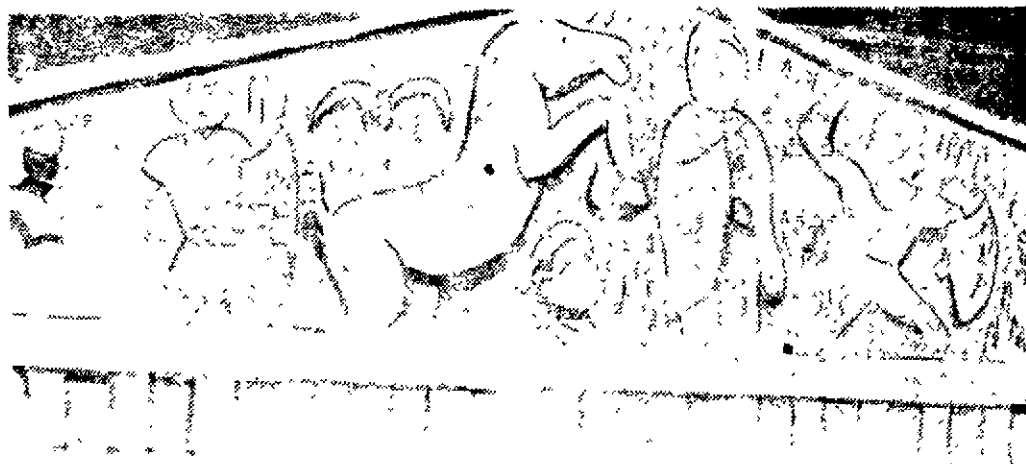

Mr. and Mrs. Willard Smith, above left, and Mrs. Frank Zamzow shared happy times at the fun-filled party of the Top Hat Dance Club. They appear to be seated in a Roman courtyard with columns entwined

with grapevines in the background. Standing under the great arch, at left, are Dr. and Mrs. Thomas W. Luther, Mr. and Mrs. Maurice Griesbach and Mr. and Mrs. James Retson, presidents of the group.

A Scroll was posted in a prominent spot so party-goers could bone up on the history of the gala affair they were attending. Mr. and Mrs. Fred Pettegrew, above took their turn reading it before entering the Menasha Elks Club's "Roman banquet room." At left, water trickled gracefully down the three fountains at the Top Hat Dance Club's party Saturday evening as Mrs. Fred Kafura and Dr. and Mrs. George Petersen entered the spirit of the 'Roman' affair. (Post-Crescent Photos)

Miss Phillips Engaged to Wed David Krause

The engagement of Miss Carolyn Phillips, Sanford, Fla., to Lt. David Robert Krause, Naval Air Station, Sanford, has been announced by her parents, Mr. and Mrs. Oran Carl Phillips, Florence, Ala. Her fiancé is the son of Mr. and Mrs. Reinhold A. Krause, 434 S. Mason St.

Miss Phillips is an alumna of Coffee High School and Florence State College, Florence, Ala. She is a member of the faculty of Robert E. Lee Junior High School, Sanford.

Lt. Krause was graduated from Appleton High School and attended the University of Wisconsin. He is stationed at the Naval Air Station and is serving aboard the USS Saratoga in the Mediterranean.

Carolyn Phillips

The couple will be married Nov. 23 at Orlando Air Force Base Chapel, Sanford, Fla.

Square Dancers Plan Round-Up

The Village Squares have planned a Reunion Round-Up Thursday evening at the Combined Locks Pavilion. Combined Locks. All members and friends have been invited to attend the event. The steering committee is composed of Mr. and Mrs. Floyd Van Vreede, Mr. and Mrs. Donald Newhouse and Mr. and Mrs. Clifford Kortz.

Clothing Drive Held

HORTONVILLE — The Helping Hands Club is sponsoring a clothing drive for the residents of the Bethesda Home, Watertown. Clothing may be packed, boxed and taken to the church basement until Oct. 12. Hostesses for the afternoon meeting in November are Mrs. Arthur Krause Jr., Mrs. Edward Ward Lueck, Mrs. Vernon Baehman, Mrs. Walter Morack, Mrs. Ben Much, and Mrs. Edson Nickel.

AHS Homecoming Dance Plans Told

Appleton High School homecoming festivities Saturday will be climaxed by the traditional dance from 9 p.m. to midnight in the school gym. General chairmen of the day are Paul Schumaker and Carolyn Selle. The day's events will begin with a 10 a.m. parade and will be highlighted by the 1:30 p.m. football game against Oshkosh. Former varsity football players have been extended an invitation to attend the game, participate in half-time activities and attend the dance during the evening.

Five Will Attend Diocesan Conclave

LEBANON — Five delegates from the Lebanon area will attend the Green Bay Diocesan Council of Catholic Women convention Thursday in Green Bay. Delegates from the St. Agnes Society of St. Patrick Church are Mrs. Gerald Rohan, president, and Mrs. Leon Bodoh, treasurer. St. Bridget Church delegates are Mrs. Don Laib, diocesan deanery chairman, Mrs. Nic Doud and Mrs. Carla Thomack.

Auxiliary Votes Pledge Payment To Hospital

LITTLE CHUTE — Members of the American Legion Auxiliary voted to pay the balance of their pledge to the St. Elizabeth Hospital fund at the last meeting. Plans were announced for a guest night, pot-luck supper to be held at 6:30 p.m. Thursday at the village hall. Funds for the veterans' Christmas Gift Shop will be collected at the dinner.

A report on experiences at Badger Girls State was given by Mary Pat Byrne, Irene Ruys and Mary Spierings. Mrs. Helen McCormick, chairman of the child welfare program, indicated a fund

Launder Easily

Washing sweaters is not difficult if you follow the manufacturer's suggested method. It might be wise to tack buttonholes together first. This way they won't stretch during laundering.

A report was given on four teen dances sponsored by the Auxiliary during the summer months. Refreshments were served under the direction of Mrs. Paul Vanden Heuvel.

Reynolds Replaces Wisconsin Auditor

Governor Takes Unprecedented Action to Set Up Court Test Of His Appointive Powers

BY JOHN WYNGAARD
Post-Crescent Staff Writer

MADISON — In a daring move without precedent in statehouse politics, Gov. Reynolds has set the stage for a decisive battle in his long and bitter struggle with the legislature for the control of appointments to principal state administrative offices and board and commission seats.

In summarily dismissing veteran State Auditor J. J. Keliher yesterday, and ordering his chosen successor to be sworn in immediately without waiting for a confirming or rejecting vote by the Wisconsin state senate, the

Democratic governor assured a court test of the respective powers of the executive and the senate for which he has been seeking an opening for months.

Keliher to Resist

There may be other appeals to the courts by dismissed officers under the Reynolds plan, but Keliher was first to announce that he will resist legally and ask for "adjudication" of the issue.

The Reynolds decision involved a bold gamble, in a legal sense, and more particularly in a political sense.

As the governor who is a lawyer has admitted, the Wisconsin law is cloudy on the right of a man chosen by the governor to replace an incumbent, before he has been confirmed for the succession by the state senate as is apparently provided by law, and a law that until lately has been presumed to be binding in such circumstances.

Seeks Court Decision

But the governor has repeatedly said he wants a clarifying court decision, not only to set out positively his own rights as gov-

13 Americans Missing in South Viet Nam

Wreckage Fails to Provide Hope for Lives of Marines

BY EDWIN Q. WHITE

SAIGON, Viet Nam (AP) — Thirteen U.S. military men were missing today in Central Viet Nam after the crash of two American Marine helicopters and a Vietnamese fighter-bomber. Wreckage of all three craft was spotted and there was no sign of survivors.

Search sent into the area this morning ran into a storm of ground fire from Communist guerrillas. The American pilot of another Marine helicopter was wounded by flying plexiglass and a Vietnamese soldier aboard was killed.

An observation plane taking part in the search later was hit by gunfire and returned to base with a wounded Vietnamese observer aboard.

Began Tuesday

The fast chain of events began Tuesday when a Vietnamese T28 crashed in a dive-bombing attack on Communist positions south of Da Nang, in the central highlands about 340 miles north of Saigon.

A U.S. military spokesman said the plane exploded when it hit the ground and it was believed the pilot, a U.S. Air Force captain, and his Vietnamese companion were killed.

Two helicopters were sent out to look for the T28. They found it late Tuesday. One landed and the other hovered. Both were forced to leave the area about 7:30 p.m. because of Viet Cong guerrilla activity.

Heavy Ground Fire

Whether the helicopters were shot down by Communist guerrillas was not clear. Aboard the two were four Marine officers, five Marine enlisted men, a Navy doctor and two Navy hospital corpsmen.

When the aerial hunt was begun this morning, searching planes and helicopters messaged that they were running into heavy ground fire, the military spokesman said.

Finally a search plane spotted one of the downed helicopters. In midafternoon, the second crashed helicopter was sighted near the first. There was no sign of survivors around either wreckage, the spokesman reported.

Highway Deaths Now Total 667

BY THE ASSOCIATED PRESS

The deaths of three persons in separate accidents have brought Wisconsin's 1963 highway toll to 667, compared with 718 on this date a year ago.

William Vadnois, 37, rural Neenah, Mich., was injured fatally Tuesday night in a head-on collision on Highway 141 three miles south of Wausau, Marinette County. He was alone in one vehicle.

The other was driven by Howard Raasch, 40, of Milwaukee. Raasch and his wife, 39, were hospitalized at Marinette.

The impact pinned the drivers in their cars and rescue workers needed an hour to extricate them.

Checks Returned to Bank in Milwaukee

MILWAUKEE (AP)—The \$14,551 worth of non-negotiable checks taken from a downtown department store counter were delivered Tuesday to the First Wisconsin National bank in downtown Milwaukee, the checks' original destination.

Casey Dropp, a security officer in the bank, said a woman came up to him handed him an envelope and said she thought it belonged to the bank. As Dropp looked in the envelope, the woman left. All the checks were in the envelope.

John T. Porion, 21, a railroad messenger, told police he had placed the envelope on a counter at the store while he paid a bill Tuesday. He said a woman picked up the envelope and left before he saw that the checks were gone.

Konrad Adenauer, Who retires later this month as West German chancellor, handles the gavel as he opens cabinet session in Bonn today — the last such session under his leadership. Seated with Adenauer is Economics Minister Ludwig Erhard, who is slated to succeed him as chancellor. (AP Wirephoto)

Moroccan Clash Reported

Showdown Appears Near Between Ben Bella, Rebel Berber Tribes

BY ANDREW BOROWIEC

ALGIERS (AP)—A showdown appeared building up today in Algeria's Berber revolt as President Ahmed Ben Bella cancelled a trip to the U.N. General Assembly and moved more troops toward the rebel stronghold in the Kabylie Mountains.

Apparently abandoning hope of settling the dispute by negotiation, Ben Bella ordered troop convoys

into the mountains east of Algiers and told a news conference. "There will be no discussions with the criminals, no bargaining. They only understand the language of machine guns."

Ben Bella, who had been scheduled to leave today for New York, also announced that 10 persons had been killed in a clash in the coal-rich Colom-Bachar area of the northwest Sahara which both Morocco and Algeria claim. He blamed the incident on "uncontrolled Moroccan elements"—an apparent slap at the Moroccan government—but did not say which side suffered the casualties.

Blames Algeria

The Moroccan government blamed Algeria for the clash and charged that Algerian troops penetrated 60 miles into Moroccan territory. King Hassan II sent one of his ministers and a military aide to Algiers to demand that Ben Bella take measures to prevent further incidents.

There have been previous clashes in the ill-defined frontier area, and last week Ben Bella accused the Moroccan government of massing troops along the border in support of the rebellious Berbers. On Sunday Algerian and Moroccan officials pledged brotherhood in a reconciliation meeting at Oujda, near the border.

Rejects Appeals

The Algerian government's major concern was the rebellion of the Berber tribesmen, who are chafing under Ben Bella's one-man rule.

Last week Ben Bella assured

Heart Attacks Fatal To New York Bishop And Papal Nuncio

ROME (AP)—Roman Catholic Bishop Leo R. Smith of Ogdensburg, N.Y., died of a heart attack today at a Rome clinic where he had been staying while attending the second session of the Vatican Ecumenical Council. He was 58.

He was the second prelate to die here since the council resumed 11 days ago. Archbishop Salvatore Sino, papal nuncio to the Philippines, died of a heart attack Tuesday.

Bishop Smith suffered a minor heart attack two days ago and was put under a doctor's care.

Former Gangland Lieutenant Back In Police Custody

CHICAGO (AP) — Basil (The Owl) Banghart, onetime lieutenant of gang leader Roger Touhy, is back in police custody on an assault charge. Police said he struck two youths.

Banghart, 63-year-old custodian of a South Side apartment building, was arrested after the two boys reported the alleged incident to police.

Banghart is on parole from the Illinois State Penitentiary after having served 27 years for the kidnaping of John (Jake the Barber) Factor in 1933. Touhy, also imprisoned for the Factor kidnaping, was paroled in 1959.

S. Carolina College Lowers Race Barrier

GREENVILLE, S.C. (AP)—Furman University has lowered its racial barriers voluntarily, the first white college in South Carolina to do so.

Trustees of the Baptist-supported institution with but one dissenting vote agreed Tuesday that the college henceforth shall "consider applications from all qualified students."

Clemson College and the University of South Carolina have accepted Negro students under federal court orders.

Today's Chuckle

No matter how flat your conversation may be, a woman always likes to have it flatter. (Copr. 1963)

Koufax Among Many Famous Members of B'nai B'rith

WASHINGTON (AP) — Gladly, well, B'nai B'rith leaders news today from B'nai B'rith, the American-born Jewish service organization, as it gets ready for its 120th birthday party:

Sandy Koufax is a member.

As you undoubtedly know, Koufax is a left-handed pitcher for the Los Angeles Dodgers, who humbled the New York Yankees twice in baseball's World Series.

Hence he is entitled to take his place along with such B'nai B'rith notables as Sigmund Freud, the subconscious prober; Bess Myerson, the onetime Miss America; Dr. Jonas Salk, who discovered polio vaccine, and Richard Tucker, the opera singer.

If the list seems unusually va-

ried, well, B'nai B'rith leaders like to stress that the Jews, like every other group coming to this astonishing country, have a rich and varied history.

They fought hard and well on both sides in the Civil War, and right now the Senate has Jacob K. Javits of New York, a Republican, and Abraham A. Ribicoff of Connecticut, a Democrat.

Both Imported

Two other service organizations, the Masons and the Odd Fellows, were here when B'nai B'rith began, but they were imported. B'nai B'rith—it means Sons of the Covenant—is native stuff, with offspring in 41 other nations.

Military Money Bill Awaits JFK Signature

Includes More Than \$73 Million for Missile Defense Unit

BY THE ASSOCIATED PRESS

WASHINGTON (AP) — In the news from Washington: DEFENSE A \$7.2-billion military appropriation bill that awaits President Kennedy's signature includes \$73.1 million for a mobile system of missile defense that an enemy would find hard to hit.

The House passed the bill Tuesday with only three dissenting votes and then the Senate shouted it through by voice vote.

The bill's total of \$7,220,010,000 represented a compromise between differing House and Senate versions and amounted to \$1,794,227,000 less than the President had asked for the Defense Department.

The \$73.1 million is for development of a medium-range ballistic missile that could be launched from moving railroad cars, trucks or ships, thus making it more difficult for an enemy to pinpoint and destroy them.

CASSINI: Cholly Knickerbocker, the society columnist whose real name is Igor Cassini, awaits sentence after pleading no contest to a charge of accepting \$150,000 from the Dominican Republic without registering as an agent for a foreign power.

Cassini changed his plea from innocent to no contest in federal court Tuesday, after Judge Matthew F. McGuire asked if he understood that a no-contest plea was virtually the same as admitting guilt.

Attorneys for Cassini and his co-defendant, New York attorney R. Paul Englander, said they did. Englander, 76, also pleaded no contest.

Cassini is charged with four counts of failing to register, as a publicity agent for the late Dominican dictator Rafael Trujillo, and Englander is charged on one count of conspiracy with Cassini.

No date was set for sentencing.

VAN BRAUN: Missile expert Werner von Braun says a \$250-million cut in the nation's space budget this year could mean defeat for the announced U.S. intention of putting a man on the moon before the 1970s.

The German-born scientist, head of the Marshall Space Flight Center at Huntsville, Ala., expressed his views in a letter to a member of the House Appropriations Committee which approved a \$5.1-billion budget for the National Aeronautics and Space Administration in 1964.

The House earlier had authorized a maximum of \$5,350,000,000. The money must be provided in a separate appropriations measure which comes up in the House Thursday.

Rep. George W. Andrews, D-Ala., who received the letter from von Braun, said he will read it to the House at that time.

7 Miners Killed

BOGOTA, Colombia (AP) — A dynamite charge exploded prematurely in the Sututusa coal mine Tuesday, killing seven miners and injuring seven others.

Mine officials said the dynamite exploded while miners were packing it into drill holes.

John Gibson

error, but for the guidance of the future governors who will be given the executive reins in the capitol.

Politically the governor could not have chosen a more hazardous test than the dismissal of Keliher, a life-long civil servant, a man who has held the office of state auditor since it was created a decade and a half ago, who has never been under fire for his performance on his job, and who has powerful friends in the state legislature and elsewhere.

Won't be Confirmed

It can be set out as a certainty that Jack C. Gibson, named by the governor to replace Keliher and to take office immediately, won't be confirmed by the state senate — if the question is ever put before the upper house of the legislature which is in the secure control of the Republicans there.

But the nomination may not reach the senate. The issue will be for the courts to decide whether the Gibson appointment and his swearing in before senate confirmation was legal. If it is ruled invalid, Keliher will be restored to his office. If it is ruled valid, Gibson will become "de facto" state auditor, and can presumably remain in office.

Turn to Page 5, Col. 1

Terrorists Battle Venezuelan Police

MARACAIBO, Venezuela (AP) — A guerrilla band, including some women, attacked the village of Macoruca in Falcon State Tuesday, battled with police to seize their weapons, and wounded one policeman.

The local judge, Teodosio Calles, 60, died of a heart attack in the excitement. State authorities sent troops to pursue the guerrillas.

Skunk Removed From Colorado Florist Shop

LONGMONT, Colo. (AP) — The last thing Harold Miller wanted in his new florist shop was what he had—a skunk in the basement.

Miller turned the problem over to Earl Richardson, Longmont animal warden. Richardson, using a compressed air rifle, shot a tranquilizing charge into the skunk, leaving it harmless until it could be taken far from town.

Pair Marks 60th Wedding Anniversary

HILBERT — Mr. and Mrs. Henry Scharenbroch will observe their 60th wedding anniversary at an open house Sunday at their home. The couple was married Oct. 13, 1903, at St. Mary Catholic Church, Brillion. They resided on a farm in Brillion for 31 years before moving to Hilbert. Mr. Scharenbroch and his son, Pete, are engaged in truck farming. Mr. and Mrs. Scharenbroch have twelve children. They are Mrs. William Toomey and Ed- ward, Appleton, Raymond, Col- line, Mrs. Emma Grube and Mrs. William Abrashinsky, Sheboygan; Mrs. Lily Balke, Manitowoc; Mrs. Louise Mertens, Sherwood; Mrs. Margaret Fischer, Brillion; Joseph and Charles, Green Bay; Mrs. Rolie Schabach, Kimberly, and Peter.

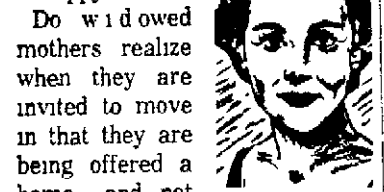

Mr. and Mrs. Henry Scharenbroch

Your Problems

Case of the Third Party Easily Solved; Remove Self

DEAR ANN LANDERS I have a hunch that letter from the un- happy widow who moved in with her children was written by my mother-in-law. I'd like to present the case of a daughter-in-law who is equally unhappy.

Landers

Do widowed mothers realize when they are invited to move in that they are being offered a home, and not the position of Chairman of the Board? My mother-in-law has been with us only five months and al- ready I am developing ulcers. She tells the children what to wear, how to speak and with whom to associate. She still calls my husband "Sonny" which burns me up — and she has taken to making special dishes for him. According to her, "Nobody cooks like a boy's mother."

My husband and I used to get along beautifully. Now we are arguing — and all the arguments are about his mother. So you see, Ann, she is not the only one who is miserable. Now, how do I tell her to move without alienating my husband forever?

—Also Miserable
Dear Miserable: When a third party — be it mother, mother-in-law, uncle, cousin or who- ever — presents a threat to a marriage, the third party must be removed.

Inviting your mother-in-law to live with you was a mistake. The sooner it is admitted—and rectified — the better for all of you.

DEAR ANN LANDERS I've been dating a man for almost a year. We plan to be married in a few months. My fiancé lives at home with his folks. His father had a house- guest for several days and the guest shared my fiancé's bed-

room. Yesterday the guest left, and my boy friend told me some- thing which has made me a nerv- ous wreck. This guest was sup- posedly invited to stay with them and recuperate from an operation in an army hospital, but the truth is that he was recently discharged from a leprosarium.

I love my boy friend and I want to marry him but he has been liv- ing with a leper for a week and seeing me at the same time. May- be I have already caught the loathsome disease. Perhaps I have already passed it on to mem- bers of my family.

Please tell me what to do. But don't print my name, initials or city because my friends and fam- ily will be just as panicky as I am. — Nameless.

Dear Nameless: Relax. Han- sen's disease (they don't call it leprosy any more) is one of the least communicable diseases known to medical science. Many wives who visited their husbands in the leprosarium in Carville, Louisiana, have tried to get the disease so they, too, might be incarcerated — but not one has succeeded.

No patient is released from a leprosarium in an infectious state. The man who shared your fiancé's room was probably less of a threat to his health than most of the people he encounters during his working day.

Dear Ann Landers: I am a 16- year-old girl who is going with a very nice guy. Ted and I are not going steady — just steadily.

Last week Ted bought me a ring with a small diamond as a symbol of our friendship. When my square old man saw it he hit the roof. He said that where he comes from, a ring with a diamond, no matter how small, means engage- ment and he ordered me to give it back.

Several of my girl friends are wearing rings and I don't see any reason why I shouldn't be allow- ed to do you? — Baby Forever

Dear Baby: Yes, I see one darned good reason. Your father doesn't approve of it. Now give it back.

If alcohol is robbing you or someone you love of health and dignity, send for Ann Landers' booklet, "Help For The Alcohol- ic," enclosing with your request 20 cents in coin and a long, self- addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this news- paper enclosing a stamped, self- addressed envelope.

First 14-lb. capacity washer ever!

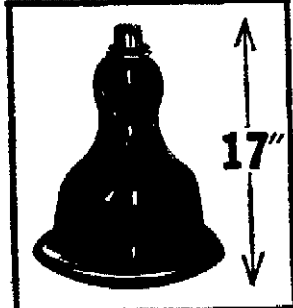

Norge 14

MODEL AWE 1450

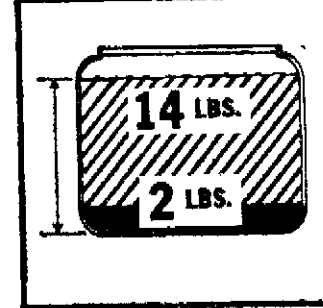

Washes any load from a 14-lb. hamperful to a 2-lb. handful...really clean

You ladies told us what you wanted most in an automatic washer. Then we designed the Norge 14. Inside, even 10 full-size bed sheets have room to turn and tumble so your detergent can clean its best. You wanted to do little loads, too. Norge 14's Flexi-Load feature handles any size wash from 2 to 14 lbs., with just the water you need, and there's no extra attachment needed for small loads.

Norge thought about some other things you wanted. Like 8 push-button fabric selections to let you wash everything in exactly the right way. Like the new tub light that illuminates the entire inside of the tub. Plus a special soak cycle, a wash 'n wear cool down rinse that prevents wrinkling, bleach and rinse addi- tive dispensers, giant lint filter and we offer the protection of a 2-Year Service Policy on parts and labor.

Biggest Tub and Agitator. The biggest tub of any household washer teams up with the biggest agitator to get giant loads really clean. Agitator gently removes ground-in dirt, prevents wear and tangling of clothes.

Flexi-Load Water Control. You can make water settings for every fabric, every load—from 2 to 14 lbs. The Norge 14 uses only the water and detergent needed for best washing re- sults. No extra attachments needed to wash small loads.

See the biggest thing to happen to washday since washing went automatic

BACKED BY A 2-YEAR SERVICE POLICY
Normal warranty covers parts and labor for one year after purchase by original owner. Norge extends parts warranty to two years when customer purchases second year's labor policy from dealer at the time of the original purchase. 2-Year Service Policy provides labor and repair or replacement, at dealer's option, of functional parts required to maintain machine in normal household operating condition in dealer's servicing area. Invalid when damage is due to misuse, accident, or work by unauthorized persons.

will provide the program. "Travel With Muriel".

"Shoes of the Fisherman" by Morris L. West will be the program presented by Mrs. Richard U. Temple Jan. 8 when Mrs. E. F. McGrath is hostess. The group will meet with Mrs. E. R. Laughlin Jan. 22 as Mrs. Harold Norseen reviews "Teen-age Tyranny" by Grace Hechinger.

The program Feb. 12 will be "Forgotten Pioneer" by Harry Golden with Mrs. Carl Bertram reviewing the book and Mrs. Harold Norseen as hostess. Mrs. Donald Schlafke will be hostess Feb. 26 as Mrs. Harold L. Gruehn presents "My Darling Clementine" by Jack Fishmann.

Program on Show

Mrs. Joseph A. Suess has chosen to give "Mrs. G. B. S.—a Portrait" by Janet Dunbar March when the group will meet with Mrs. Carl Bertram.

Mrs. A. W. Zwerg, Emily Hahn's son will be hostess March 25 when the group will meet with Mrs. J. W. McIntyre will select a program.

Pythian Sisters
Hear State Reports

The Zenth Temple of Pythian Sisters heard reports of the Grand Temple sessions held in August in Milwaukee from their Grand Representative, Mrs. Paul Tusler and alternate Mrs. Waldemar Klein at their meeting Monday evening at Castle Hall.

Plans were discussed for a Friendship Night Oct. 21. Temple of the surrounding area will attend and special entertainment is planned.

Hostesses for the evening were Mrs. Gerald Wagner, Mrs. Don the Jury and Mrs. Fred Kingsley.

The Reading Club Begins 72nd Year

In the fall of 1891 ten women met and organized the first study club in Appleton, known at that time as the West End Reading Club. Because of the growth of the city and the increase in membership from all parts of the town, the name was changed to The Reading Club. This group has met twice a month, on the second and fourth Wednesdays, for 72 years.

This fall, officers who have assumed their duties are Mrs. A. W. Zwerg, president, Mrs. J. W. McIntyre, vice-president, and Mrs. Harold L. Gruehn, secretary-treasurer. Program committee chairman is Mrs. Cornelius Crowe assisted by Mrs. Joseph A. Foley and Mrs. McIntyre. Mrs. John

For the Oct. 9 program, Mrs. E. F. McGrath will review "A Kind of Magic" by Edna Ferber. Mrs. J. R. Whitman will be hostess for the group. The Oct. 23 meeting will be "An Interesting State" given by Mrs. John Morgan with Mrs. Joseph A. Suess as hostess.

A guest day has been planned Nov. 13 at the home of Mrs. C. J. Garvey who will be assisted by Mrs. Harold L. Gruehn and Mrs. Hans John.

Holiday Event

A Christmas luncheon is scheduled Dec. 11 with Mrs. James B. Wagg hostess assisted by Mrs. Max Goeres. Mrs. E. L. Pierce

Christine Street Neighbors hid themselves to the country Friday evening for an old-fashioned hayride. After an hour of full moon and the song of the cricket, party guests returned to the Nicholas Kern garage for apple cider and a snack. Above are Mr. and Mrs. Kern and Mr. and Mrs. Delmar Schuh. (Post-Crescent Photo)

Wood Reunion Held

KAUKAUNA—The first reunion of the William R. Wood family took place recently at the Calumet County Park. Four generations were represented at the gathering which was held in honor of Mr. and Mrs. Earl Wood, Tampa, Fla. Plans were made to hold the reunion annually.

Junior High Center Plans Barn Dance

Indian corn, hay bales, pumpkins and corn shocks have been gathered this week in preparation for the Junior High Teen Center first fall dance Saturday. The 7 to 9:30 p.m. party, a Barn Dance, will be held at the YMCA. Decorations will aim at turning the Y Den into a harvest hall.

Facilities for ping pong, pool and TV will also be available.

The Y's Junior High Teen Center seeks to give students in seventh, eighth and ninth grades a constructive co-educational program of social and recreational activities. It is open the second

Working on the first party are Nancy Retson, Sue Christianson and Kathy Selle, publicity, and Barbara Below, Jody Marks, Mary Otto, Pete Otto and Mike Shannon, decorations.

Head chaperones for all parties will be Mr. and Mrs. Charles E. Dunning, 24 West Court. Parents who wish to assist with the program may contact the Dunnings or Bob Tucker, YMCA associate youth director.

Rural Appleton Girl Feted at Nuptial Showers

GREENVILLE — Miss Judy Stolzman, route 1, Appleton, has been feted at several pre-nuptial showers.

Monday evening, September 16, Miss Stolzman's aunts, Mrs. John Stolzman, Mrs. Linda Bobl and Mrs. Henry Stolzman feted her at the home of Mrs. John Stolzman.

Mrs. Richard Fischer and Mrs. John Fischer, friend of Miss Stolzman, gave a surprise shower at the Richard Fischer residence.

Her attendants, Miss Connie Stolzman, sister and Joan Stolzman, cousin, had a shower for her at the home of Mrs. Henry Stolzman. Joan's parents, on Monday evening, Sept. 30.

Miss Stolzman, daughter of Mr. and Mrs. Wallie Stolzman, route 1, Appleton, will be married to David Schwes, son of Mrs. King Schwes, Hortonville, Saturday at 3 p.m. in Immanuel Evangelical Lutheran Church, Greenville.

Darboy Legion, Auxiliary Plan Fall Festival

DARBOY — The post's annual fall festival was planned at a recent meeting of the Darboy American Legion and Auxiliary. The event is scheduled for 2 p.m. Nov. 3 at the clubhouse. The auxiliary will serve chicken, booyah and ham sandwiches.

Also discussed at the meeting was the Veterans Day banquet which will be held on Sunday, Nov. 10 at the Darboy Club. Mrs. Art Alesch and Mrs. Robert Meulemans are in charge of reservations.

Auxiliary members who will attend the Oct. 16 Calumet county Legion council meeting in Chilton were Mrs. Art Alesch, Mrs. Gordon Mader, Mrs. Robert Meulemans and Mrs. Leo Berg. Mrs. Alesch is a candidate for the office of president of the county council.

Church Unit Hears Methodist Official

CLINTONVILLE — Mrs. Ervin Kinkel, Oconomowoc, a member of the national board of Christian Concerns of the Methodist Church, was the guest speaker at the luncheon meeting Thursday of the Women's Society of Christian Service at the First Methodist Church.

The Mary Fritz Circle with Mrs. Arlas Roemer, chairman, was in charge of the program and devotions. The Joy DeLeon Circle with Mrs. Howard Anthes, chairman, and Mrs. Lewis Thomas, vice chairman, was the hostess group for the luncheon.

Sheinwold Stay Awake While in Card Game

"Every card was wrong, partner," said South after he had finished playing the hand shown to day. "Some day it doesn't pay to get out of bed!" And with that profound thought he cut the cards for the next deal.

West opened the ace of clubs, and continued with a club to South's king. Declarer led a heart.

to dummy's king and drew another trump with the ace. So far, so good.

South's next step was to lead a spade to the king and a spade back for a finesse with the jack of the queen, and hack Mrs. Thomas Thies, Shawano the bridegroom's sister, and Miss Marcella Barnick, Milwaukee, a cousin of the bride. Junior bridesmaid was Miss Jill Belfuss, Green Bay, a niece of the bridegroom. Acting as groomsmen were Thomas Thies and Harlan Radtke, a nephew of the bridegroom.

Ushering duties were fulfilled by Clarence Schmidt, the bride's brother, and Robert Belfuss, a brother-in-law of Green Bay, a brother-in-law of the bride's nephew, was junior male attendant.

The Caroline Ballroom, Caro line, was the setting for a supper, reception and dance. After a northern Wisconsin and Canadian honeymoon, the newlyweds will reside at 626 E. Center St., Shawano.

Mrs. Tomashek was graduated from Marion High School. Her husband, a Shawano High School graduate, is employed at the Shawano Paper Mill.

Maple leaves, especially, mat elms a little less readily, and most oak rarely. A good broom rake will readily get them up.

Daily Question

As dealer, you hold: S Q 10 9 7, H 3, D A Q 3, C A 8 6 5 3. What do you say?

Answer: Bid one club. You have 12 points in high cards and 2 points for distribution, enough for an opening bid. Start with your long suit.

For Sheinwold's 36-page booklet, "A Pocket Guide to Bridge," send 50 cents to Bridge Book, Box 3318, Grand Central Station, New York 17, N.Y.

Lawn Repair Time Here

The first few cool days, which signal the approach of fall, bring with them a new burst of enthusiasm among home gardeners. New plans, new hopes for the coming year replace the languid atmosphere of summer.

One of the first things the successful gardener does is to touch up the bare spots in his lawn, for even the best lawns occasionally develop a few bad places. Using a good rake, loosen the soil as deeply as you can without disturbing the grass that is present. A good grade mixture of lawn seed should be scattered over the area—never buy cheap seed, it's false economy and always results in dissatisfaction. Rake the area with a gentle, circular motion to flick just a few grains of soil over the seed and either roll it lightly or pat it down with the back of a shovel to firm the soil over the seed.

Keep Watered

When germination starts don't let the lawn suffer from lack of water or the tiny seedlings will dry out and die. Of course, if you must plant a new lawn, prepare the soil well, loosening it at least one spading fork deep and incorporating thoroughly lime and fertilizer at the rate of three to five pounds per 100 square feet respectively, as a general rule.

Make certain, too, to keep the leaves from collecting on the lawn. If they get wet and mat down, they are almost sure to smother the grass under them.

Altar Society Rummage Sale

KAUKAUNA — Members of the Christian Mothers Altar Society of Holy Cross Church voted to change meeting nights from the first to the second Wednesday of each month beginning in November.

Plans were made for an Oct. 25 rummage sale to be held in the church basement, with Mrs. Joseph Smith and Mrs. Edward Gusset as co-chairmen.

Members of the refreshment committee were Mrs. Vincent Ebbesen, Mrs. William Eiting, Mrs. Richard Eslen, Mrs. John Esler Sr., Mrs. Maurice Emperor and Mrs. Nic Fox.

Promises Exchanged In Marion

MARION — Wedding promises were exchanged by Miss Lois Schmidt and Ralph Tomashek, Shawano, at 2 p.m. Saturday at St. John Lutheran Church. The Rev. Fred Ohlrogge performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Henry F. Schmidt. Mr. and Mrs. Ed Tomashek, Shawano, are parents of the bridegroom.

The couple's honor attendants were Mr. and Mrs. Daniel Wegner, a sister and brother-in-law. Bridesmaids were Mrs. Thomas Thies, Shawano the bridegroom's sister, and Miss Marcella Barnick, Milwaukee, a cousin of the bride. Junior bridesmaid was Miss Jill Belfuss, Green Bay, a niece of the bridegroom. Acting as groomsmen were Thomas Thies and Harlan Radtke, a nephew of the bridegroom.

Ushering duties were fulfilled by Clarence Schmidt, the bride's brother, and Robert Belfuss, a brother-in-law of Green Bay, a brother-in-law of the bride's nephew, was junior male attendant.

Student Nurse Week Begins

The role of the student nurse and her relation to the community will be stressed during Student Nurse Week in Wisconsin. The observance begins today.

The purposes, as defined by the Wisconsin Student Nurses Association, are to provide students with an opportunity to combine efforts for a common goal; to gain a better understanding of active citizenship; to realize personal responsibility to mankind, beyond the walls of the hospital; to act as a recruitment project, demonstrated necessary.

Presides at Meeting

Mrs. Roy Stroessenreuther, grand counselor of the United Commercial Travelers Auxiliary of Wisconsin, presided at a booster day Saturday at Fond du Lac.

Others in attendance were Roy Stroessenreuther, Harold Podzinski, Mrs. Kermit Hahn, Mr. and Mrs. John Scherer, Mr. and Mrs. Taylor Davis and Mr. and Mrs. Wilbur Brast.

Unscramble Famous Man, Win 946-Page Dictionary

BY CAPPY DICK

The name of a famous man is scrambled in the picture. If you can decipher it, you have a chance to win a jumbo police-type plastic whistle as a local prize and the 946-page Advanced Junior Dictionary as a national prize. This is a perfect dictionary for school boys and girls. It defines some thousands of words, is printed in easy-to-read type and contains many hundreds of illustrations.

Five of these big dictionaries, published by Scott, Foresman and Company, will be given away as the national awards in today's contest. With each one there will be given two other educational Scott, Foresman books: "Everyday Problems in Science" and "In All Our States." These are beautifully-printed, illustrated with color pictures and containing a vast array of facts of interest and value to every boy and girl.

If you would like to try to win first, a jumbo whistle and then one of the national-prize sets of books, here's how to proceed:

First, rearrange the letters in the two groups in the picture so they spell the name of a man well-known to all boys and girls. When you know what the name is, clip out the picture and paste it on paper or a postal card. Beneath it print the unscrambled name. Also print your own name, age and address.

Use paints, crayons, cut-outs or other methods to decorate your entry in any neat, original way. Finally address it to Cappy Dick's Midwest Contest at this paper and mail it before midnight of day after tomorrow. This completes your work.

The five neatest, most original correct entries from boys and girls of the Fox Valley area will win the jumbo whistles as preliminary prizes.

These prize-winning entries will be entered automatically in competition with local prize winners from all other cities where this column is published to find the five national prize winners.

Names of the winners will be published here and they will receive their awards by mail. Judges' decisions will be final. All entries become Cappy Dick's property; none can be returned.

Castro Escapes Drowning When Vehicle Sinks

MIAMI, Fla. (AP) — Cuban Prime Minister Fidel Castro narrowly escaped drowning when his amphibious vehicle sank during Castro's tour of hurricane-ravaged eastern Cuba, Havana Radio said today.

Peasants quickly threw ropes to Castro and three aides and they pulled themselves to safety said the broadcast heard in Miami.

The broadcast said waves washed over the open back of the amphibious truck and swamped it, as the Castro party tried to cross Larioja River, between Victoria de las Tunas and Holguin in northwest Oriente Province Monday.

Castro and his party were traveling by automobile along the island's central highway. The broadcast said they transferred to the amphibious vehicle because a bridge had been knocked out by high water.

Lesson in English

BY W. L. GORDON

Words Often Misused: Do not say, "We shall either go Friday or Saturday." Say, "We shall go EITHER Friday or Saturday."

Often Mispronounced: Gneiss. Pronounce as "nice."

Often Misspelled: Immersion (going beneath); two "m's." Emersion (rising out); only one "m."

Synonyms: Merry, mirthful, jolly, jovial, joyous, gay, glad, frolicsome.

Word Study: "Use a word three times and it is yours." Let us increase our vocabulary by making one word each day.

Today's Word: Vellety: the lowest degree of desire; imperfect or incomplete volition. (Pronounce veh-lee-i-ti, accent second syllable). "Having been pampered in his youth, the boy's life now consists only of velleties."

Brain Twisters

Big Money

Tom has a number of coins, consisting of dimes and quarters, and adding up to a value of \$6.25. If the dimes were quarters and the quarters were dimes, Tom would then have \$1.50 more than he has now. How many of each coin does he have?

Answer

He has 25 dimes and 15 quarters.

Look and Learn

- Is there an official "U. S. Typing Champion"?
- Which U. S. state has the largest percentage of its labor force employed in manufacturing?
- What is the highest mountain in Africa?
- How many times does a normal, healthy adult change his position while sleeping?
- What does a cutworm develop into?

ANSWERS

- Not at present. The last such contest was held in 1946 in Chicago, won by Miss Stella Pajunas, who averaged 140 net words per minute on an electric typewriter.
- Rhode Island, with about 48 per cent labor force in manufacturing.
- Kilimanjaro.
- An average of about once in seven to eight minutes.
- A night-flying moth.

Bing's Wife on Bob Hope Show

Kathryn Crosby Resumes Career With Husband's Approval

BY ROB THOMAS

There's Not One but three Marian the librarians in the Oshkosh High School presentation of the popular musical "The Music Man," opening Thursday and playing through Saturday night at the new Civic Auditorium in the high school. The three Miss Paroos who will take turns appearing on different nights of the production are student singers Sue Miller, left, Rhoda Laabs, center, and Sue Leist. Curtain time for the musical is 7 p.m. (Post-Crescent Photos)

This peculiar turn of events was happening on the high rated Bob Hope Chrysler show. Besides six variety shows the comedian is doing two hours with plots. One of the latter is called "The House Next Door" in which Kathryn Crosby, formerly Grant nee Grandstaff plays his wife Jill St. John is the girl next door.

Ask Mrs. Crosby how she likes working with Hope and she re-

5 Fox Cities Men Elected to Institute Board

New York Man Re-Named Chairman At Chicago Meeting

Officers of The Institute of Paper Chemistry were elected at a Chicago meeting of its board of trustees.

Re-elected were David L. Luke, New York, chairman of the board; and John G. Strange, president and treasurer; Roy P. Whitney, vice president; Wendall H. Smith, secretary, all of Appleton. Luke is chairman of the board, West Virginia Pulp and Paper Company.

Elected vice chairman of the board was John R. Kimberly. He

Alderman Raps Chamber, Merchants in Parking Row

Businessmen Say Most Favor Appleton's 'Space' Program

Factions within the Appleton Chamber of Commerce and College Avenue merchants were taken to task for their stand on municipal parking policies when the common council's public safety committee met Tuesday night.

There were no representatives of the two groups present when Ald. Robert Stumpf (9th), a veteran committee member and its former chairman, unleashed a verbal blast at the chamber and some downtown merchants, declaring, "I'm fed up with their indecision."

A Chamber spokesman replied today that "the constructive majority of its members supported the city's program and policies and will continue to do so."

"Small Minority" "Contrary to the thinking of a small minority, we feel the common council is doing a good job on the city's parking program," said Kenneth Corbett, Chamber secretary.

Stumpf said he received telephone calls from a few merchants who expressed dissatisfaction with the proposed parking fee for the new East Ramp which will be opened Nov. 1.

"No Complaint" "These guys don't have a thing to complain about; we have tried to cooperate with them as much as possible," Stumpf declared.

He was referring to meetings the committee held with the chamber's traffic and parking committee at which parking structure rates and a pilot study of front-to-back parallel parking on one side of a two-block area of W. College Avenue were discussed and for the most part agreed to.

"Now that we have set the rates for the new ramp, the chamber boys and the downtown merchants have apparently changed their minds again," Stumpf said.

Sparks Outburst "It's about time we let them know they are not going to dictate to us," Stumpf added.

Triggering the outburst was a matter before the committee pertaining to a Post-Crescent tabloid edition which will be published

Xavier High School Lay Board Names Four Committees

Four committees were organized at the regular meeting of the Xavier High School lay school board Tuesday.

Committee chairmen and members are: — Budget and finance committee, Elmer Deprez, chairman; Ralph DeDecker, Ralph Moehring and George Hoffer.

— Maintenance committee, Eugene Fountain, chairman; Ray Brock and John Lorenz.

— New building and grounds committee, Norbert Gaerthofner, chairman; Robert Schindelm and Erling Miller.

— Parents' liaison committee, Richard Stack, chairman, and Robert Bachman.

Safety Committee Asks For Parking Authority

Stumpf Urges Immediate Recommendation To Council, but Matter Goes to City Attorney

Establishment of a parking commission or authority for the City of Appleton will be considered by the common council's public safety committee.

At the last council meeting, Ald. Alvin E. Tewes (5th) introduced a resolution to study the feasibility of establishing the authority. It came before the committee Tuesday night.

"This parking program is getting to be big business and I feel we should have an authority operating it. . . like we have a separate utility for the water works," said Ald. Robert Stumpf (9th).

Referred to City Attorney Stumpf urged the committee to make an immediate recommendation to the council, but it was decided to refer the matter to the city attorney for outlining procedures followed by state statute in forming a public parking utility.

Committee members generally felt the authority was needed but took the position they won't "rush into the matter."

New Vocational and Adult School Aid System Sought

Shiocton Board to Discuss Policing Need With Sheriff

Trustees Concerned by Lack Of Village Law Enforcement

SHIOCTON — A meeting "in the very near future" between village trustees and Outagamie County Sheriff Calvin Spice to discuss this community's police needs was decided upon at a regular village board meeting Tuesday.

Village Board President Martin Groth will contact Spice and establish a meeting date Spice will be asked what course to follow in the village to halt a growing problem with law violators.

Spice will also be asked to help select either a fulltime or part time constable from at least six applicants who have sought the position vacated last spring by the resignation of Lawrence Roberts, village constable for 10 years. Robert is the street superintendent.

Trustees Wesley Halle, Virgil Schwandt, John Croell, *Louis Tackman and Harold McGlellan refused statements made by village merchants in a story in last Sunday's Post-Crescent that the situation in the village concerning law enforcement was getting out of hand.

One trustee suggested the post be combined with the position of water meter reader. Some trustees contended that the job of constable "would be tough for about one month" and then would settle down to routine. "He would have to get tough right off the bat," one trustee said.

Board members estimated that police protection for the community would cost "at least \$8,000." Groth said if the village hired a policeman "we would have to get him the tools to work with, including a speed timing device and a squad car."

Concern Expressed Merchants had expressed concern that lack of law enforcement was a danger to the village. Nine breakins occurred in the village two weeks ago, but only one was brought to the attention of the county sheriff's department.

Merchants were critical of the growing speeding and traffic problem, the lack of enforcement of a curfew and control over juveniles in the village.

"If the merchants have had any gripe with the way things have been going," one trustee said, "why didn't they appear before the board and have their say." Trustees said not only merchants, but other citizens as well have been reluctant to bring their problems before the board. There were no citizens other than Roberts and the board members at Tuesday's meeting.

Trustees were divided over whether the police situation in the village called for a fulltime or part time constable and whether or not the village should hire an outsider. Of the six applicants, two are from within the village limits. Other applications have come from New London, Neenah and Kaukauna.

One trustee suggested the post be combined with the position of water meter reader. Some trustees contended that the job of constable "would be tough for about one month" and then would settle down to routine. "He would have to get tough right off the bat," one trustee said.

Board members estimated that police protection for the community would cost "at least \$8,000." Groth said if the village hired a policeman "we would have to get him the tools to work with, including a speed timing device and a squad car."

C. L. Greiber, State Director, Talks at Opening Session of Annual Fall Director's Meeting

An entirely different kind of state support for local and state oriented programs in vocational and adult schools is needed, C. L. Greiber, state director of vocational and adult education, said here Tuesday.

Greiber spoke to about 60 local directors and state officials at the annual fall directors' conference which opened in Appleton Tuesday.

He suggested a pattern under which locally oriented programs would be supported largely by the city in which they are located and state oriented programs would receive substantial state aids.

Tuition Rates Problem This would eliminate the problem of figuring tuition rates for non-resident students, he said. The directors had raised numerous questions about the correct way to determine non-resident tuition rates.

A formula is needed to determine the rates, one director said because "sooner or later some of us are going to be challenged to document our costs."

In his discussion of state and federal legislation affecting vocational schools, Greiber commented on two bills introduced in legislature which would provide means of developing area vocational schools. One, passed by the Assembly but stalled in the Senate, would provide for operation of area schools by an entire county or group of counties.

A second, which also has been passed in the Assembly, would permit school districts to jointly operate an area school.

"I don't think there is a director here who would not like to have a county or group of counties operate a vocational school," one director commented. "But if local directors work for this they may be criticized."

School district reorganization had the force of state law reversed a Wisconsin Industrial Commission decision which denied jobless benefits to Neff.

Neff, 27, sought unemployment benefits of \$44 a week from the firm. Allis-Chalmers Manufacturing Co. of Milwaukee. He was laid off in 1961 after working three years for the firm.

"Would Be a Mistake" "It would be a mistake if we tried to force the state into this at this time," Greiber said.

In addition to preparing the budget, the park board: Appointed a special committee to meet with representatives of the Northside Kiwanis Club which is interested in taking over the development of a new city-owned park on the northwest side as a continuing civic project.

Bellaire Park Bids Opened bids on a proposed Bellaire Park retaining wall construction project to be financed by the Peabody Trust. Bids on various types of construction ranged from \$13,500 to \$34,000 and will be studied by the board before a contract is awarded.

Recommended construction of a shelter house in Schaefer Park for an estimated \$13,000 next year. In their proposed budget, park commissioners included capital improvement requests of the recreation department for fencing and blacktopping, and the health department to have the Erb Park parking lot blacktopped.

Health authorities notified the board that dust and other material from the unpaved areas near the Erb Park pool tend to contaminate the water.

It is also planned to pave the gravel parking lot at Reid Municipal Golf course in 1964. The park department also scheduled an extensive city-wide tree-planting program for next year.

Anticipated revenues for 1964 total \$14,178.

Salvation Army Plans Harvest Festival for Benefit Projects The Salvation Army will hold its annual harvest festival auction at 7 p.m. Thursday at the Salvation Army building, 130 E. North St.

Vegetables and baked goods will be auctioned. The event is open to the public. Proceeds of the auction will be used to support local projects and for the Salvation Army's assistance to unwed mothers and pension program for retired officers.

General Electric's Chief Will Retire NEW YORK (AP) — Ralph J. Cordiner, who guided General Electric Co. to new peaks of prosperity and through a stormy price fixing scandal, will step down the Alexander gymnasium on Dec. 21 as GE head man.

Succeeding him as chief executive of the world's largest electrical goods manufacturing firm will be Fred J. Borch, 53, now executive vice president for operations.

John R. Kimberly

Is chairman of the board of Kimberly-Clark Corporation, Neenah. He succeeds John L. Riegel, chairman of the board, Riegel Paper Corporation, New York.

Also re-elected were Ernst Mahler, Neenah, honorary chairman

John G. Strange

of the board, and Westbrook Steele, Ormond Beach, Florida, president emeritus.

Appointments to committees of the board of trustees were also announced.

Juvenile Officer to Address Christian PTA At Lutheran School

KAUKAUNA — Lt. Joseph Vanden Oever, juvenile officer for Outagamie County, will speak on "Juvenile Delinquency" at a meeting of the Christian Parent-Teacher Association of Trinity Lutheran School at 7:30 p.m. Monday at the school.

A film on the subject will be shown followed by a question and discussion period. Sheriff Calvin Spice, PTA president, will introduce the speaker. Refreshments will be served by mothers of sixth graders under the direction of Mrs. Floyd Hartzheim.

Committee May Propose Sale of Grignon Home, Land to Kaukauna

However, 'Good Faith' Must be Shown in Property Improvements and Restorations

Outagamie County's park committee apparently is going to recommend giving the Grignon Home, land and around it to the city of Kaukauna—but with some restrictions.

Kaukauna and county officials met Tuesday night to discuss the proposed transfer and the lifting of restrictions the county already has on adjacent property owned by the city.

The committee will recommend turning the land over to the city with restrictions that "good faith" be shown in a succeeding 5-10 year period.

Progress in improving and restoring the property must be shown, or the site would revert to the county.

Tourist Attraction Kaukauna officials said they want the historic house and land for a tourist attraction and recreation area.

Kaukauna now owns 8.5 acres adjacent to the Grignon site, but the land will revert to Outagamie County if not used for a park or school.

The city wants to sell about 100 feet of the property to a nearby garage operator. The rest of the

fact that hay was grown here during the summer. "In what part of any city can you cut hay and still call it progress," he said.

Anderson said in addition to the ski and toboggan slides proposed by the city for winter sport, the area could be developed as a campsite.

Selfish Interest "We do have a selfish interest in this project," he said. "Development of the Grignon house as the historic attraction it should be and creating a recreation area around it would bring people to Kaukauna — and people spend money."

The only dissenting opinion came from Supv. Arthur Hoolihan, who said he feared the city council had "something else in the back of their minds."

He said he had heard rumors that two private developers wanted the site, but Kaukauna representatives denied the report and said the county could retain restrictions on all of the property but that portion the city wants to sell to the local businessman.

The committee referred the matter to the corporation counsel for study of the legal aspects. A recommendation of the meeting will be given at Tuesday's county board meeting with a recommendation expected at the November meeting.

A Prisoner at the Appleton City Jail, being questioned in the detective sergeant's office early this morning, became belligerent and smashed his handcuffed hands through two panes of glass. Police said the prisoner, Ronald Pahlke, 26, Appleton, had been sought since Saturday night after he pulled a knife at a southside tavern. Pahlke was treated for cuts and a possible broken knuckle. (Appleton Police Department Photo)

Ronald Pahlke Is Captured by Police

Court Names Attorney for Man Who Pulled Knife at Tavern

Ronald Pahlke, 26, 705 N. Appleton St., subject of a police search since Saturday night after he pulled a knife at a southside tavern, was captured by county and city police south of U.S. 10 and Bluemound Drive about 10:30 p.m. Tuesday.

He appeared in Outagamie Court, Branch 2, today where Judge Gustave Keller appointed Atty. Kelland Lathrop to represent him. Judge Keller then continued the matter until Friday and ordered Pahlke held without bond in the county jail.

Police said Pahlke was seen in the parking lot of the Elm Tree Bakery, 3300 W. College Ave., where he had gone with a friend to get a payroll check.

Surrenders to Police Appleton Dets. Carl Thiel and Merlyn Bruks saw Pahlke in the front seat of a station wagon. Pahlke's friend, a woman em-

ployee at the bakery, had left the car to get her payroll check. Pahlke drove from the parking lot after being seen by police and headed north on Bluemound Drive. He stopped the car near the railroad tracks south of U.S. 10 and surrendered. He was taken to Appleton police headquarters where he was questioned.

During questioning with his wife, Sharon, present, Pahlke became belligerent and smashed his handcuffed hands through two window panes in the detectives' office. He was treated for cuts and a possible broken knuckle at Appleton Memorial Hospital.

Pahlke is on parole from the state prison at Waupun, and faces possible revocation of his parole. A warrant charging him with threats with a knife was issued Tuesday by Dist. Atty. Nick F. Schaefer.

Police said Pahlke was captured when they were tipped off through a tapped telephone line that Pahlke was seeking his wife's help in getting his payroll check at the bakery. He asked his wife to take a cab to the bakery and meet him there.

Later he called his wife and told her that his check had been "pulled" and was not available. Police had staked out the bakery when it was learned Pahlke might show up about 6 p.m.

Later it was learned Pahlke was seen with the woman employee Tuesday afternoon. She called the bakery Tuesday and said she was coming to claim her payroll check.

Parking Lot Checked Thiel and Bruks again went to the bakery parking lot where they met Sheriff Lt. Joseph Vanden Oever. Vanden Oever was checking cars near the rear of the bakery when Thiel and Bruks saw Pahlke in the station wagon.

Pahlke told police he slept near the Alexander gymnasium on the Dec. 21 as GE head man. southside Sunday and Monday nights. He said he threw away devote himself to his citrus and the knife after he ran from cattle ranch in Florida before Heinie's Tavern, 148 S. Walter compulsory retirement at 65.

Ave. Saturday night after eluding two policemen who had arrested him. Pahlke said the knife was not a switchblade (illegal in Wisconsin) but was a two-inch hunting knife.

General Electric's Chief Will Retire NEW YORK (AP) — Ralph J. Cordiner, who guided General Electric Co. to new peaks of prosperity and through a stormy price fixing scandal, will step down the Alexander gymnasium on the Dec. 21 as GE head man.

Succeeding him as chief executive of the world's largest electrical goods manufacturing firm will be Fred J. Borch, 53, now executive vice president for operations.

Adult Schools Cut Unemployed Rate

Training Costs One-Third of Relief Bills, Educators Are Told

The net cost of training a student under the federal Manpower Development and Training Act in Wisconsin has been \$700, compared to the \$2,500 needed to keep a person on the public welfare role for one year, directors of Wisconsin Vocational and Adult Schools were told in Appleton Tuesday.

WSES Responsibilities

F. J. Walsh, director of the Wisconsin State Employment Service, discussed the responsibilities of WSES in such training, and Bodine outlined state plans in this area for 1964.

Adams told the directors he was responsible for disposing of more than \$3 million in the last fiscal year in Wisconsin, Indiana and Ohio by approving MDTA programs. Wisconsin was allocated 18 per cent of the federal funds spent for training the unemployed as it had 18 per cent of the unemployed, he said. About \$600,000 was spent on the program in the state. This year 2.29 per cent of the funds, or about \$1 million has been allocated to Wisconsin, he said.

Research is being done through Madison on emerging occupations which will need trained employees and on hard core unemployment, he said.

"Let the men on the state team know what you want to do about this," Adams said. "I'll be around to help."

Impact of Science

"Sputnik in 1957 and the recession in 1958 focused attention on the impact science and technology are going to have on how we Americans live and are going to earn a living," Walsh said.

Among the more acute problems resulting from the change in industrial production techniques, he said, is the growth of the labor force. There is an unemployment rate of 16 per cent among those under 21.

The unskilled jobs have dried up, and the only work untrained youth are equipped to do is being done by machines, he said.

Five Services

He listed five responsibilities of the state employment service as: (1) determining the training needs, (2) selection of trainees, (3) determining their eligibility for the training allowance and the travel and subsistence allowance, (4) placing the persons trained in jobs, and (5) providing labor market and occupational information.

Bodine said the state had until Nov. 1 to plan its MDTA projects. Any vocational school can conduct a program in cooperation with the local employment office, and all costs of instruction are reimbursed 100 per cent with federal funds, he said.

Since the program started in September, 1962 some 800 persons have been trained in Wisconsin, \$137,000 spent on new equipment and \$382,000 spent on instruction and other costs, he said.

Tentative budgets are prepared for 36 projects, compared to 21 last year, which will enroll 800 trainees and cost about \$637,000. Another phase of MDTA is on-the-job training, Bodine said. Antigo may have the first such program to train special machine operators for a new industry there, he said.

One director recommended a meeting between vocational school directors and the employment service to air problems on MDTA. Walsh and C. L. Greiber, state director of vocational and adult education, said they would arrange such a meeting.

Officers of the Appleton, Oshkosh, Beaver Dam and Fond du Lac Allouez General Assemblies, Knights of Columbus, were installed at a joint meeting Saturday night at Fond du Lac. Appleton assembly officers installed by State Master Stanley A. Rippl, Milwaukee, were Carl W. Blank, Neenah, faithful navigator; George Vanderloop, Little Chute, faithful scribe; James D. Felker, Appleton, faithful captain; Edgar E. Becker, Appleton, faithful pilot; William J. Konrad, Appleton, faithful comptroller; Dr. William W. Stulp, Appleton, faithful inner sentinel; Raymond McClone, Appleton, faithful outer sentinel, and Marty J. Hupka, Appleton, faithful admiral. At dinner following the induction are, from left, Mr. and Mrs. Felker, Mr. and Mrs. Hupka, Mr. and Mrs. Becker, and Mrs. George Vanderloop.

Gay Fall Festivities Planned for Appleton High School Homecoming

Pep Rally, Parade, Oshkosh-Terror Game, Dance Spark Activities

Homecoming is in the air at Appleton High School.

The spirited activities will get underway with a pep rally Thursday in the school gymnasium when finalists for king and queen will be announced.

Also on schedule Saturday are the parade at 10 a.m., the football game against Oshkosh High School at 1:30 p.m. and the homecoming dance in the AHS gym from 9 p.m. to midnight.

William True, master of ceremonies, will start the pep rally by introducing members of the varsity and junior varsity cheerleading squads. The AHS pep band, directed by Frank Comella, will play.

Expected Play

True will introduce JV head coach Eugene Vanden Heuvel and head varsity coach Ade Dillon, who will present their teams. Co-captains Charles McKee and Gary Hietpas, seniors, will speak.

Using a mock set-up on the gym floor, Dillon and team members will demonstrate the expected Oshkosh offense and Terror defense.

Announcement of the five finalists for queen and five finalists for king by Trisha Gorsky and Joseph Bowers will close the rally. Candidate are seniors selected by secret ballot of the senior class. The queen and king will be selected by a drawing at the dance Saturday.

This is the first year a king has been elected. The school's first homecoming king last year was one of five escorts selected by the football squad for the queen candidates.

The traditional homecoming pa-

rade will move down College Avenue with a series of 21 floats, cars and marching units, starting from the Lawrence College chapel at 10 a.m. Saturday. The AHS Terror band and concert band will play and march.

Judges placed at random through the crowd will select winners in serious and humorous categories from the 11 floats constructed by school organizations. Entries will be judged on originality, theme and construction. Winners in each division will be awarded an inscribed trophy.

Quill and Scroll and the French and German Club have entered floats in the serious division. Groups entering floats in the humorous division are Art Students League, Band, Future Medics, Future Teachers, Orchestra, Pep Club, Spanish Club and Ushers Club.

Half-time activities at Goodland Field Saturday are planned by the AHS Pep Club. James Zimmerman, master of ceremonies,

will welcome spectators and introduce the marching band. Following a short performance, the band will form an "A" and stand at attention.

Heading the band will be drum major Richard Black. Sharon Hay is guidon-sergeant and Bonnie Techlin is color guard sergeant. All former AHS football lettermen who attend the game will be introduced by Zimmerman. Any alumni lettermen are welcome to attend the game as guests. They are to report to the south gate.

The homecoming court, made up of queen candidates, and any king candidates who are not Schneise, Karen Nienhaus, Barbara Phillis, Mary Vande Heuvel and Betty Kuhn.

Serving on the ticket committee are Pat Wilz, Pat McLaughlin, Judy Hermes, Sandy Vande Voort, Bonnie Van Gompel, Lynn DeCoster, Donna Marten, Pat Friday and Susie Jansen.

Working on publicity are Barbara Behling, Pat McLaughlin, Betty Kuhn, Kathy Jansen, Steve Meyer, Mary Van Dinter, Judy Gloudeeman, JoAnn Weyenberg, Cindy Smith and Nancy Schwanke.

Paul Schumaker and Carolyn Selle are homecoming chairmen.

Little Theater Behind Scenes Duty Assigned

Off-Stage Members Of Kimberly School Production Named

KIMBERLY — Committees have been appointed at Kimberly High School to handle various off-stage duties for the production of "Our Town" to be given in the Little Theater at the school on Nov. 15 and 16.

Serving as stage manager will be Jim Lace with Dan Larsen and Tom Bobber as assistants. Don Wulterkens will serve as production manager and other members of the stage crew are Diane Van Handel and Mary Kay Eiting.

Conrad Spry and Royal Thomach have charge of sound effects and lighting. Gail Burt heads the costume committee assisted by Diane DeWildt. Kathy Vanden Boogard, Mary Jo Vandehey, Mary Jane Skell, Bonnie Hoelzel, Joan Stinen and Lois Vanevenhoven.

Others Working

Prompters are Mary DeBruin, Marijo Vanden Heuvel, Mary Ann Schmidt and Toni Van Hout. Heading the make-up crew is Judy Van Hout assisted by Darlene Wolfinger, Judy Krueger, Marsha Van Thiel, Mary Jo Hietpas, Mary Jo Maas, Sandy Lenz, Barbara Rooyakkers, Linda Santkuyl, Jeanne Resch, Kathy Coleman, Karen Coleman, Barbara Van Thiel, Pauline Pairon, Donna Nelsen and Nancy Schwanke.

Handling programs will be Barbara Behling, Pat Wilz, Pat McLaughlin, Mary DeBruin, Sueking candidates who are not Schneise, Karen Nienhaus, Barbara Phillis, Mary Vande Heuvel and Betty Kuhn.

Serving on the ticket committee are Pat Wilz, Pat McLaughlin, Judy Hermes, Sandy Vande Voort, Bonnie Van Gompel, Lynn DeCoster, Donna Marten, Pat Friday and Susie Jansen.

Working on publicity are Barbara Behling, Pat McLaughlin, Betty Kuhn, Kathy Jansen, Steve Meyer, Mary Van Dinter, Judy Gloudeeman, JoAnn Weyenberg, Cindy Smith and Nancy Schwanke.

Kimberly Denies Claims for Damage

Residents Say Washington Street Job Resulted in Repair Expenses

KIMBERLY — Four Kimberly residents filed claims with the village at a board meeting for damages to driveways resulting from improvements made on North Washington Street by the Church. He claimed property on state in 1960. Trustees voted to deny the claims.

Property owners indicated the widening and resurfacing of the street on the approach to the Community Bridge made it impossible to back from their driveways without damaging tail pipes on their cars. One claimed his warranty deed from the parish, boat had been damaged in going in and out of the driveway.

The four indicated an appeal to the state was in vain as a request to the county, so the village was authorized to obtain short-term loans, if needed, to maintain the village operating until tax payments begin arriving in January. Approval was given to annexing a 160 by 200-foot piece of land from the Town of Buchanan. The land was decided to the village recently by Kimberly-Clark Corp. and earmarked for future industrial sites.

The administrative committee was authorized to investigate various insurance plans to ascertain whether a better group insurance plan was available for village employees. Approval was given to the purchase of between 25 and 35 tons of salt for winter use after bids were secured by the street committee. Also approved was the purchase of a \$200 drum of sewer deodorant, \$500 worth of salt primer and trees and shrubs amounting to \$148. The latter are to be used around the village garage and a park area in the Van Daalwyk plat.

The clerk and president were authorized to enter into agreement with Joseph Van Daalwyk for rental of trucks to help with snow removal in the winter. The village will pay \$6 per hour per truck with a season \$300 guarantee. Approval was given to converting the village garage from oil to natural gas heat.

Negro to Serve as School Board Head

ST. LOUIS, Mo. (AP)—The new president of the St. Louis Board of Education is a Negro, first of his race to hold the position.

The Rev. John J. Hicks, pastor of the Union Memorial Methodist church, was unanimously elected Tuesday night to a one-year term. He had been vice president of the board.

In his acceptance speech, Rev. Mr. Hicks called for the board to overcome the "wall of segregation" in the schools without becoming the tool of any pressure group.

Kaukauna Woman Elected To State Library Group Post

KAUKAUNA — Mrs. Anton Berkers, 302 W. Wisconsin Ave., was named vice president of the Wisconsin Library Trustees Association at a meeting last week at Minneapolis.

Others named were Henry Arnbrak, Wausau, president; Mrs. Arthur Waterman, Fort Atkinson, secretary-treasurer, and William G. Meit, Cudahy, director. The association joined with trustees from Iowa and Minnesota to conduct a tri-state regional conference, first such venture.

Speaker was Mrs. Raymond Young, past president of the American Library Trustees Association, who spoke on the "Three E's of Excellence." Mrs. L. J. Merlo, another Kaukauna Library trustee, also attended the meeting. Speaking of her election, Mrs.

Berkers stated, "I believe a well-informed library board is a good representation by at least one or more trustees at both local and state meetings."

"This is a very vital period in which to hold a state office for the reason that the future of Wisconsin library service is at stake. A Legislative committee has been in the process of doing research on laws governing libraries in states well known for up-to-date library laws such as New York, Pennsylvania and California. Wisconsin has done little to change its original library law and it is hoped the changes and recommendations coming out of this research study will be ready to be presented for action early next year."

Committee Affirms Its Approval of Rezoning

Northeast Side Development Okay'd; Menasha Interested in Arlan's Store

The common council's welfare-phases upon customer and potential customer relations certainly affirmed its recommendation that is exemplary, and you are to be an ordinance be approved to re-congratulated for this attitude."

Other Sites

Duthie said he was also taking the opportunity to emphasize a point he made in his Sept. 19 letter to the firm that there are several sites within the city limits of Appleton which would be made available and are already zoned commercial and light manufacturing.

"Perhaps your developer will contact our city planner, Walter C. Rasmussen, in this respect. We look forward to your locating a store in our city," Duthie concluded.

Spokesmen for the investment firm handling the real estate negotiations previously informed city officials several other sites had been considered by Arlan's but rejected. The developer has indicated he has other firms interested in commercial complex at the 10-acre Ballard Road and Northland Ave. site.

"Discount Center"

Duthie, who is employed at the Thilmany Paper Co. at Kaukauna, also sent copies of an official letter to Mayor Clarence Mitchell not to locate a shopping center and Rasmussen.

Originally when plans were announced for Arlan's to build a department store at the northeast side, a group of residents in that St. area, who had previously written area leveled criticism at the officials of Arlan's that residents merchandising firm and said they of Appleton's northeast side ap-wanted no "discount center" in their area.

The rezoning request, passed by a 14 to 4 vote of the common council recently, has not been withdrawn.

Approval of the rezoning ordinance, the final step in designating the property for commercial use, is being held in abeyance until the rezoning plan commission at the last council meeting.

"It was indeed gratifying to the residents of northeast Appleton to receive your letter of Oct. 2, advising us of your decision to use, is being held in abeyance until the rezoning plan commission at the last council meeting.

"It was indeed gratifying to the residents of northeast Appleton to receive your letter of Oct. 2, advising us of your decision to use, is being held in abeyance until the rezoning plan commission at the last council meeting.

Appleton Building Inspector Charles Magnette tries unsuccessfully to set fire to fireproof home insulation. Magnette took advantage of Fire Prevention Week to advise the use of non-combustible materials when installing insulation. He said, in the event of fire, the insulation will stop flames from spreading.

Thieves Hit Church

Break-In at Potter Nets Burglars \$1,000

POTTER—More than \$1,000 was taken from the Rantoul Trinity Lutheran Church during a recent break-in, church officials learned at a church council meeting Monday night.

Purpose of the meeting was to attempt to determine exactly how much was taken from a strong box located in the school. According to Armin Schwalenberg, congregation treasurer, nearly \$1,000 in cash and some checks are missing.

The break-in occurred sometime Sept. 29, a Sunday night. School principal Delbert Mueller discovered the break-in when he opened the school Monday morning. Mueller found the strong box pried open and the contents other than cash strewn about the office.

Church officials conducted an investigation before turning the details over to the Calumet County Sheriff C. J. Kosmosky. Kosmosky has questioned one suspect, a man named [redacted], in connection with the break-in.

Educator Cautions Shop Training Won't Solve All Problems

"There is more interest today in vocational and practical arts education than was evidenced in the 30 years I have been in education," the president of the American Vocational Association said Tuesday at the fall conference of vocational and adult school directors here.

Dr. John Jarvis, dean of the School of Industrial Education at Stout State College and AVA president, said education has been "a red hot issue" since the orbiting of Sputnik in 1957, but until recently vocational education has received little attention.

"Of late, vocational education has been discovered in high places and advocated as a remedy with the solution to practically all our educational problems," he said. More vocational education is suggested to solve such problems as high school dropouts and juvenile delinquency, he noted.

"I think they are expecting something from us that we may not be able to deliver," he said. "We cannot cure all ills." Industrial arts education should serve three purposes, Dr. Jarvis said. Until recently general education has been considered its sole purpose, but it also should serve as a college preparatory or pre-vocational course, he said.

"I am opposed to any system of education that forces career choices on boys or girls in eighth or ninth grade," he said, "but I do advocate a broad program as a basis for future study. There are high school programs in science and mathematics. Why shouldn't we have a similar sequence in industrial arts or any other subject?"

Jarvis proposed a high school curriculum which would include three years of industrial arts and would prepare a student for acceptance in the University of Wisconsin School of Engineering. Most engineering departments have eliminated shop and drawing courses and expect students to take drawing in high school, he said.

4 Hurt in \$1 Million Illinois Warehouse Fire

EVANSTON, Ill. (AP)—An estimated \$1 million fire swept through the American Hospital and Chemical Supply Corp. warehouse and office Monday, injuring four persons.

Fire officials said the blaze began on a loading dock where workmen were unloading jars of alcohol. One of the jars fell and broke, and while workmen were sweeping up the broken glass, the alcohol caught fire. Before the fire doors leading to the warehouse could be closed, a brisk wind whipped the flames into the warehouse.

More than 400 employees fled the building just before quitting time. Two shipping clerks and two firemen were treated for injuries.

Alderman Critical of Parking Requests

CONTINUED FROM PAGE 1 when they call us up," Stumpf asserted.

"As far as I'm concerned, Corbett said, he felt strongly that the College Avenue merchants should pick up the entire parking program plenty of free space."

Stumpf said he and some other aldermen received calls from College Avenue merchants who complained rates for the East Ramp were too high. "We are told one thing when we meet with their representatives and another thing of Notre Dame Law School, Judge Dohr served two terms as district attorney of Outagamie County and spent 30 years in private practice before assuming his present duties. He served as a lieutenant colonel in the Army during WW II."

General chairman for the evening is Clarence O'Connor while Dave Kilgas is ticket committee chairman. The affair will open with a dinner and conclude with a guest speaker.

Fulfilled Obligation

It was Stumpf's opinion the city had fulfilled its obligation by providing the parking facilities. "Now it's time for the merchants to fulfill theirs," he said.

Ald. Douglas Ogilvie (12th) said he was opposed to spending money to advertise the parking structure, commenting, "We are not selling the ramps—the city is selling parking space."

"Years Behind"

Stumpf said he and some other aldermen received calls from College Avenue merchants who complained rates for the East Ramp were too high. "We are told one thing when we meet with their representatives and another thing of Notre Dame Law School, Judge Dohr served two terms as district attorney of Outagamie County and spent 30 years in private practice before assuming his present duties. He served as a lieutenant colonel in the Army during WW II."

General chairman for the evening is Clarence O'Connor while Dave Kilgas is ticket committee chairman. The affair will open with a dinner and conclude with a guest speaker.

Neenah Police Captain to Attend Juvenile Institute

NEENAH — Capt. Donald James Brennan, Michigan State University, a specialist in police administration and public safety, will attend the 11th annual juvenile control training conference of the Wisconsin Juvenile Officers Association, Oct. 23 to 25 at Madison, the department revealed today.

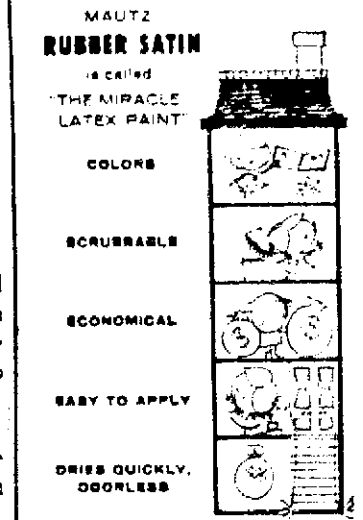

The conference will have two guest speakers, Frank Newgent, director of the Division for children and youth, Madison, and Dr. [redacted], in preventing juvenile crime.

Youth Succumbs to Accident Injuries

MILWAUKEE (AP)—A 17-year-old Racine youth died in a Milwaukee hospital Tuesday of injuries sustained in a fall from an automobile in Racine Monday night. Racine authorities said he fell from a rear fender of an automobile traveling through an alley and suffered a skull fracture.

MAUTZ RUBBER SATIN

Year after year, this fine paint is the choice of Fox Cities house owners and professional painters alike. Mautz Rubber Satin is an unmoderated 100% latex base interior paint. Home owners know it applies easily, dries quickly and is so washable it lasts at spots and stains.

TRY IT ONCE AND YOU'LL ALWAYS ASK FOR MAUTZ RUBBER SATIN. Stop In This Week During Festival Days! (Small text at the bottom of the ad block mentions a coupon and a phone number.)

Budget Suggested to Cure Headache From Low Income

BY MARY FEELEY
 Consultant in Money Management

ways seem to deal with incomes much higher than ours." Well, goodness knows a rock-bottom budget is no rarity in these times. And, I might add, no minor-league stuff. That it's the stranger to this column by any big troubles that get all the attention. Today's letter is from a woman who writes: "I get such lonely company with a \$300 a month income. Isn't anybody else as come—who wonder if there's another direction to stretch a dollar as we are?" or "You all other direction to stretch a dollar as we are?"

besides up and down and inside out!

Dear Miss Feeley:

I enjoy your column very much, especially concerning budgets. However, you always deal with incomes much higher than ours. In this area there are people who have an even lower income than ours and I believe they, too, would be interested in your comments on this level. My husband's salary is \$300 a month after taxes. We have two girls, ages two and three and one-half. Our rent is \$75 a month and utilities average \$38. My husband also has to eat lunch out most of the time.

I would appreciate any advice you can give me as I am unable to stretch this amount far enough.

I would also like your comment as to buying and financing a home on a salary as low as this. We could not afford payments much higher than the rent we are now paying. And after considering what the interest would be, plus taxes and insurance, what advantages would there be if any? We both feel that paying rent is merely throwing money away and accomplishing nothing. On the other hand, buying a house at such low payments, we will be paying mostly interest and still not accomplishing much as far as paying for the house itself. Comment, please?

I expect to get a small inheritance from my family some day—possibly a few thousand dollars. I suppose paying as much as possible on a home would be the best investment I could make. I would like to use any money I may receive to achieve a sense of security for myself and children. I need advice.

A.M., Roanoke, Va.

change that—without a complete upheaval—the other allotments must be sized to fit:

Rent, \$75; utilities, \$38; food, \$32; clothing, \$20; personal expense, \$46; miscellaneous, \$10; medical, \$12; recreation, \$5; newspapers, \$2.

That \$46 personal expenses must cover your husband's transportation as well as lunches, which may leave a little something for your own personal needs. Recreation for the family will demand every bit of imagination and ingenuity you can supply—plus whatever free entertainment your community affords.

Try to swap baby-sitting sessions with friends, so that you and the budget I'm suggesting here is a monthly guide built around your husband can at least get out the \$75 rent. Since you can't of the house occasionally.

Wednesday, Oct. 9, 1963 Appleton Post-Crescent C4

About the only possible areas total would be a bit cheaper than for juggling a dollar or two are your present rent. But in order miscellaneous and medical, and for such a purchase to prove if you can manage this, start a profitable in the long run, you savings account. If deposits must and your husband must be pre-be hit-and-miss, at least that's pared to take on much of the better than nothing. I assume, maintenance yourselves. Of since you don't mention it, that course, the inheritance you expect would be a help by allowing in your husband's income for a larger down payment, and therefore less of a financial burden every month.

As for buying a home, let's consider a hypothetical purchase: Frankly, I don't know where a \$30,000 house, with a \$1,500 down few thousand dollars these days payment, at five and one-half per cent could buy more in the way of interest. You could figure out this at a cost of \$50 a month, in you're at a low ebb at the including interest, amortization and ment, with optimism running out insurance, over a period of 25 years. Don't let it happen. At your age, Or \$54 a month for 20 years. Add the odds are all in favor of an about \$15 a month for heat. The upturn in your fortunes.

Special Message from Casey Stingle:

During this great Menasha Fall Festival you will find terrific bargains right here in this city. It is absolutely foolish for you to drive 8 to 10 miles away and then fight traffic or parking. We know from checking that there are better prices at MBA on all Maytag and Easy Laundry Equipment. All merchandise is backed with Factory-Trained Servicemen.

You will find America's Top Rated TV, Color or Black and White at lower prices than any firm in the valley. In addition we carry Top Quality Stereo at very sensible prices, all serviced by highly experienced technicians.

Come in and see for yourself. We use no high pressure sales methods, no gimmicks, no hidden charges and we are closer to you for more personal service. You will be doing yourself a favor by shopping Menasha this week. Remember to Save Your Sales Slips for the Big Auction at 3:30 Saturday, October 12.

Thank You,

Casey Stingle

P.S. In addition to Greater Savings During Menasha's Fall Festival we give you the very easiest of Credit Terms. No Payments Until February, 1964, No-Carrying Charges. See Us This Week.

Small Business May Get Juicy Tax Cut

BY SYLVIA PORTER

Small corporations would come in for one of the juiciest tax cuts of all if the 1963 tax bill becomes law. For instance, if you head a corporation which has a net income of \$25,000 after all expenses, your corporation now pays \$7,500 a year in taxes. Under the bill, this would drop to \$5,500 in 1964—a whopping cut.

Actually, the tax rates would be lowered for all corporations. Also if the rate on the first \$25,000 of corporate income is cut equally between two corporations, or less would get the biggest proportionate benefit from the reductions. Here is how present rate schedules would change under the 1963 tax bill.

Corp. Income	1963	1964	1965
Up through \$25,000	30%	22%	22%
Over \$25,000	52%	50%	48%

What does this mean to you as a businessman? The proposed rate cuts make it desirable to shift income from this year into 1964, if you can manage this, in order to cash in on the reductions if Congress enacts them.

Split Operations

As an illustration, a corporation which earns \$50,000 would pay 22 per cent on its first \$25,000 and 50 per cent on the next \$25,000 under the 1963 tax bill rates. If the business could be divided into two corporations, each would pay only 22 per cent on its \$25,000—thereby saving \$7,000 in taxes as compared to operating as one corporation.

Limit Benefit

The House-passed tax bill, therefore, includes provisions designed to discourage operation of a business through multiple corporations. It would limit the benefit of the new 22 per cent rate on the first \$25,000 of each corporation's income where a parent corporation owns subsidiary corporations or where a group of corporations is owned 80 per cent or more by the same individual or estate or trust.

Even if there are sound business reasons other than tax savings for operating through more than one corporation, these groups would be limited to this choice: Either get a 22 per cent rate on only the first \$25,000 of the group's total income regardless of how many corporations are in the group, or pay a higher 28 per cent rate on the first \$25,000 of income of each corporation.

As a businessman vitally concerned with this choice, you often would find it advantageous to pay the higher 28 per cent rate on the first \$25,000 of each corporation. Say each of four corporations in a controlled group has \$25,000 of income in 1964. The corporations could pay 22 per cent on the first \$25,000 of the total income of the

group plus 50 per cent on the remaining \$75,000—a total tax of \$43,000. Or they could pay 28 per cent on the first \$25,000 of each corporation—a total of only \$28,000. This is an easy choice.

New Operations Hard

The 1963 bill also would make it more difficult to create new multiple corporate operations. Today it's reasonably simple for a person to set up two or more corporations to operate his business or to transfer his real estate to a corporation he owns.

Under the bill, if five or less individuals who already own 80 per cent or more of one corporation form one or more other corporations to which they transfer property other than cash, they will be presumed to have done this for tax saving purposes. They then would be barred from choosing the 28 per cent rate unless they could clearly prove that tax saving was not a major purpose—a mighty tough job.

You still could set up new corporations to save taxes by transferring cash to them and having them buy the desired property from an unrelated person.

Distributed 1963

Defector Sent to Japan by Russia

TOKYO (AP)— The Soviet Union turned over a Red Chinese defector to Japanese authorities today.

The Russians told 44-year-old Chou Chung-Chung, an interpreter for a scientific mission, he ought to go back to Red China. The Japanese probably will let him go wherever he pleases.

Nationalist China's embassy said it would be delighted to arrange for him to go to Formosa. Chou scrambled over the gate of the Soviet embassy at dawn Monday and asked for asylum.

Japanese authorities asked the Russians to hand Chou over because he had overstayed his visa. He accompanied an oil hydraulics mission to Tokyo early last month.

Various clubs Wednesday and Thursday evenings. A pep rally will be held around the bonfire at 7 p.m. Oct. 17.

The parade will leave the high school at 12:30 p.m. Oct. 18. The game will be at 2 with Reeds-ville.

Homecoming dance will be in the high school gym from 8:30 to 11:30 p.m. and crowning of the king and queen at 9 p.m. The king, queen and their court will be elected Oct. 11.

MENASHA HARDWARE CO.

4 Tayco St. PA 2-8334 Menasha

Board Approves Budget of \$1,030,196 for Next Year

Kaukauna School District No. 2 Has \$170,474 Boost in Costs

KAUKAUNA—The board of education of Kaukauna School District No. 2 Tuesday night approved a tentative 1964 budget of \$1,030,196, an increase of \$170,474 over the 1963 budget. Of this total, \$987,271 is to be maintained by the district, while \$103,159 is to be provided by the state. The increase in the budget is due to a number of factors, including an increase in the cost of textbooks, an increase in the cost of transportation, and an increase in the cost of health services. The board also approved a plan to increase the tax rate by 1.5 cents per \$100 of assessed value.

Little Chute Levy
The tax levy for Little Chute residents within the district will be increased from \$11.235 to \$14.945, which means a \$3.71 increase. The equalized value of the village in district No. 2 increased from \$1,000,900 to \$1,143,000, thus the increase in levy will necessitate an increase in tax rate of about \$4.50 per \$1,000 assessed valuation for persons in this area.

Other levies in the district show residents living in the Town of Harrison paying \$83,660 of the levy of \$8,655 more than last year; Town of Buchanan residents paying \$57,976 or \$10,082 more than last year; Town of Vandenberg residents paying \$44,813 or \$7,499 more than last year; Town of Woodville residents paying \$22,630 or \$3,007 more than last year; Town of Holland residents paying \$22,114 or \$4,710 more than last year and Town of Kaukauna residents paying \$14,863 or \$2,491 more than last year.

Equalized value for the Town of Harrison has increased from \$4,811,000 to \$4,887,600; Town of Buchanan from \$4,266,600 to \$4,443,000; Town of Vandenberg from \$3,324,600 to \$3,427,000; Town of Woodville dropped from \$1,740,100 to \$1,730,400; Town of Holland increased from \$1,550,400 to \$1,690,900 and Town of Kaukauna increased from \$1,102,200 to \$1,136,500 for an overall increase in equalized valuation of \$6,093,200 from \$69,389,700 to \$75,488,900.

Other Receipts
Receipts other than the tax levy are expected to amount to \$286,416 compared to \$287,758 last year. State aid is expected to increase from \$94,469 to \$94,500; county aid from \$12,248 to \$12,250; handicapped aid from \$10,941 to \$11,000; state transportation down from \$5,218 to \$5,200 and high school transportation decrease from \$2,900 to \$1,650.

A major decrease in tuition costs was noted from \$105,478 to \$14,736 as township residents formerly paid tuition for students, but now as part of the district, no tuition is charged. Book rentals and locker fees are expected to increase from \$5,781 to \$5,800; towel fee will increase from \$1,245 to \$1,250; National Defense Act aids from \$2,458 to \$2,600; summer school receipts are expected to increase from \$1,560 to \$1,700, and nothing is expected in assets from attached school districts compared to \$3,134 last year.

School lunch receipts are expected to increase from \$34,300 to \$66,830 and miscellaneous receipts amount to \$5,100 in 1964 compared to \$5,197 last year. The 1964 budget also includes \$13,500 utility tax receipts, not included in the 1963 budget. Since a portion of the school district lies in a county with under 50,000 population, according to state law, the school district is entitled to 50 per cent of utility tax receipts normally paid municipalities.

Budget Expenditures
General control including salaries of the board of education, administrators and clerical help and supplies is set at \$27,783 for 1964 compared to \$23,514 last year. Instructional costs increased from \$605,019 to \$713,638. This includes the 17 new teachers hired this year to staff the new addition, five new teachers to be added next year and increased money for vocational school teacher salaries, clerical salaries and educational supplies.

Plant operation including addi-

Fire Prevention Slogan Winners to Be Named Saturday

Fire Prevention Week slogan contest winners will be announced Saturday morning by Fire Chief Roland Kuenhl from the stage of the Viking Theater at the Fire Prevention Free movie party sponsored by the fire department and the Kiwanis Club.

On the program will be "Son of Robin Hood" and Walt Disney's "Grand Canyon." Each picture will be shown twice on programs beginning at 9 a.m. and 11 a.m.

Tickets for the party are being distributed to all public and parochial schools for fourth and fifth graders. Fire fighting equipment will be displayed in front of the Viking theater.

Survey Warns Local Spending Could Kill State Tax Credits

MADISON (AP) — The Public Expenditure Survey warned Monday that local government spending could wipe out the property tax credits being offered by the state in the current biennium.

The Legislature voted \$55 million for real estate property tax credits for each year of the 1963-64 biennium. Generally, the 1963

property tax credits were passed along to the taxpayers, the Survey said, but in some instances local governments boosted their budgets enough so that their tax rates swallowed the credit.

The Survey, a private research and service agency for statewide and community taxpayer groups, said the city of Oshkosh absorbed the tax credit completely. Eau Claire took all but two cents of the rate and Milwaukee taxpayers received about \$5 of an \$8 per \$1,000 credit.

Fire Checks Conducted at Rural Schools

Ed Vandenberg, Freedom Chief, Visits 10 Units

FREEDOM — Ed Vandenberg, Freedom fire chief, has completed 10 inspections of schools in the towns of Freedom and Oneida.

At the schools, he checked times it took students to clear buildings, number of students participating in fire drills and number of exits at the schools. In addition, he checked schools for the type of gas being used, tank sizes, and location, plus heat, chimneys, smoke pipes, waste, fire escapes, extinguishers, fire doors, alarms wiring and stations.

The schools and their fire drill times were:

St. Nicholas, 75 seconds; 498 students, three exits; Freedom High School, 75 seconds, 308 students, eight exits; St. Peter, 40 seconds; 59 students, one exit; Highland School, 16 seconds, 20 students, two exits; Woodside School, 25 seconds, 32 students, one exit; Maple Grove, 40 seconds, 29 students, one exit; Elm Hill, 20 seconds, 30 students, two exits; Immaculate Conception, 65 seconds, 137 students, two exits; Sunnyside, 17 seconds, 29 students, one exit; Fernwood, 15 seconds, 25 students and one exit.

Old Glory School in the Town of

Leon-Saxeville Township Library Plans Open House

PINE RIVER — The Leon-Saxeville Township library — with 1,800 books, reference works and periodicals — will hold an old-fashioned, country-style "house warming" Saturday.

The reception will be marked by the friendliness of a coffee table, old-time "parlor" games and recorded "home" down music to whom such facilities are not otherwise available without an afternoon school trip to the Wild Rose, Wautoma, Waupaca and/or Berlin schools, 32 students, one exit.

Dr. R. O. Ebert, Pine River's retired medical specialist, underscored by home-preserved costs of new library shelving and a "dress up" paint maculate job.

The books came from a \$20,000 state aid appropriation to the Mrs. Edgar Frater, Saxeville, two exits, and Fernwood, 15 seconds, 25 students and one exit.

Waukeshah - Green Lake Counties president, and Mrs. Doris Peck, Library Co-op, a pioneer of its Pine River, secretary.

1,000 May Attend Byrnes Testimonial

W. J. Servotte, Chairman, Says \$25 Tickets Are Selling Fast

Based upon early ticket sales, attendance at the "Salute to Byrnes Dinner" in Green Bay may exceed 1,000.

W. J. Servotte, Green Bay, chairman of the \$25-a-plate testimonial for the 8th District Republican congressman, said tickets are selling fast and "we think this is going to be the finest testimonial ever given to a person in this area."

"The event definitely will have historical significance. Our objective, of course, is simply to honor Byrnes for his 20 years in Congress and his 25 years in political life."

No Main Speaker
There will be no principal speaker at the dinner, but several congressmen will be present to honor their colleague.

In attendance will be Reps. Charles A. Halleck, Ind., House minority leader; William E. Miller, N. Y., chairman of the Republican National Committee; Gerald R. Ford, Mich., chairman of the House Republican Conference; Bob Wilson, Calif., chairman of the National Republican Congressional Committee, and Clarence J. Brown, Ohio, plus Sen. Bourke Hickenlooper, Iowa, chairman of the GOP's Senate Policy Committee.

Rep. Melvin Laird, Marshfield Republican, will introduce Byrnes, who is the ranking GOP member of the House Ways and Means Committee and chairman of the House Republican Policy Committee.

Special Dinner Music
In addition to special dinner music, the program will include offerings by the St. Joseph Academy madrigal singers and the "Pack-Aires" barbershop quartet. Tickets may be obtained in Appleton from James B. Sutherland, 317 E. College Ave.; John G. Outagamie County GOP chairman, and from party headquarters at the Conway Hotel.

Lawrence Says Aiding Cubans Could Benefit This Country

Help Would Remind People U. S. Hasn't Abandoned Island

WASHINGTON — The United States has an opportunity to help the people of Cuba, who have just suffered devastation of their farm lands by a hurricane.

To grant aid at this time would make an indelible impression on the people of Cuba, for they have been repeatedly told by Castro that this country is hostile to them. The mere fact that the United States government is ready to put aside its formalities in dealing with a country whose government isn't recognized diplomatically would create inside Cuba a feeling that the Cuban nation has not been abandoned by the people of this country. It would be a reminder of the friendly spirit exhibited 65 years ago when the United States sent its armed forces to help emancipate the island from Spanish oppressors.

Sen. George A. Smathers, Democrat, of Florida—a state which is caring for many Cuban exiles—is a staunch antagonist of Castro and his government, but nevertheless says in a statement that he favors aid to Cuba through the American Red Cross. He declares that, if permission were granted by the State Department here, the United States need not deal with Castro or his government. He adds:

Lawrence

No Ill Will

"I believe that such an act of friendship would demonstrate to the Cubans that we bear no ill will toward them as people even though we remain steadfastly opposed to their form of government."

Because the United States is close by, it can furnish aid promptly. If some such move isn't made, the Soviets might well take advantage of the situation and come to the rescue of the Cubans, if only for propaganda purposes.

On the propaganda side however, the United States has a greater opportunity than does the Soviet Union. For the people of Cuba know that, in the long run, their interests are more closely interwoven with those of this country than with the distant government in Moscow.

There has been, as a matter of fact, very little communication recently between the people of Cuba and the people of the United States. Except for the help given Cuban exiles and the sending of food and medicines in exchange for the prisoners held for ransom, there has been dependence on radio broadcasts to convey to the Cubans the information that the people of the United States are still interested in their fate.

Economy in Ruin

The sudden destruction of sugar, coffee and tobacco crops by the hurricane will have a serious economic effect in Cuba, even though aid is rushed to individuals who have been made homeless.

The opportunity now is presented for the formulation of a comprehensive plan of economic aid and development for the Cuban people. This could be widely publicized so that the residents of the island will come to realize how much better off they would be if they could somehow get rid of Castro. It is thus a broad chance for an important move on the policy front which could perhaps hasten the day of a revolution to overthrow Castro. He himself would be caught in a squeeze. If he shunned America's offer of aid, he might unwittingly even light the fire of a revolution. However distasteful it might be to him, he might be taking less chance by letting the supplies come onto the island than by refusing them.

It wasn't Cuba alone, of course, which got hurt by the hurricane. Haiti's loss of life and property has been extensive. The United States maintains friendly relations with Haiti and will expedite help to that country, for which the American people will be glad to contribute through the Red Cross.

Again and again in recent years, assistance along humanitarian lines has been given to peoples in Latin America and elsewhere when earthquakes and other disasters have occurred.

Wheat Sales

The question naturally arises whether the export of American wheat to the Soviet people wouldn't come in the same category of humanitarianism even though it is a commercial sale. The United States doesn't need the money from the sale, and the government here could block it. There is always the possibility, however, that the United States could begin to negotiate an agreement with Moscow to end the "cold war." The prospect could be held forth of an even larger program of economic co-operation than the sale of wheat.

Certainly diplomacy should be

busy these days at governmental levels, but the favorable impressions created by letting peoples everywhere have food from America offer propaganda advantages inside other countries. And it is, after all, the feeling of friendship other peoples come to have toward the United States which must in the long run cause them to dissent from the policies of autocratic governments.

Mental Health Group to Hear Rep. Reuss

Rep. Henry Reuss, a Milwaukee Democrat, will be the keynote speaker for the sixth annual institute of the Wisconsin Association for Mental Health Thursday at the Hotel Plankinton, Milwaukee.

Attending from Appleton will be Mrs. Kyle Ward Jr., president of the Outagamie County Mental Health Association, and Dr. Keith Keane, Mental Health Association board member and member of the state advisory committee.

Reuss will discuss "The Federal Role in Mental Health" at 9:15 a. m. Thursday.

Dr. H. Kent Tenney, chairman of the Wisconsin Mental Health Advisory Committee, will present "Remarks on Mental Health Legislation." Mrs. Del Crandall, wife of the Milwaukee Braves catcher, will present awards at the noon session. Dr. William D. Stovall, chairman of the Wisconsin Board of Public Welfare, will welcome the representatives at noon.

The theme for the institute is Wisconsin's Action for Mental Health. It will feature presentations by professional men in the morning and workshops in the afternoon.

Jeweler Buys Building Used By Bicycle Shop

Lappen's Bicycle Shop and the house adjacent to the store, both located at 222 E. Wisconsin Ave., have been purchased by Roman J. Knight, a jeweler with offices at 216 E. Wisconsin Ave. Purchase price of the properties is estimated at \$55,000.

Knight said he planned to move into the house on the property cycle shop and hobby store operation and to redecorate the store front which will be continued through Christmas. Knight said he hoped He said Frank Lappen has to begin redecorating the store home adjacent to the property. Lappen will begin fulltime operation of a state-wide distribution by the Lappen's. The warehouse and repair service of snow house is not included in the property purchase. Lappen said the business place at 1224 W. Wisconsin Ave.

Taylor Ranks Second in NFL Rushing

Jimmy Brown
Top Scorer,
Ground Gainer

NEW YORK (AP) — Although Jimmy Brown staged another explosive running performance for Cleveland against the Pittsburgh Steelers Saturday night, Tom Watkins, Detroit's punt return star, came nearest to being a one-man explosion in the National Football League last week-end.

Watkins played second fiddle to league champion Pat Studstill in running back punts last season. When Studstill was knocked out of action this year with a pre-season injury, Tom had to take over. How well he — and the men who block for him — have succeeded was indicated Sunday. Watkins returned one punt 90 yards for a touchdown against the San Francisco 49ers, ran back two others 26 and 43 yards to set up scores and had returns of 9 and 16 yards on two more.

His total of 184 yards was an NFL record and his 90-yarder was a Detroit club record. Both had been set by Jack Christiansen, who hardly enjoyed his first game as 49er coach watching Watkins. Jimmy Brown, running to the

Vikes' Injury List Continues to Grow

Lawrence Faces 3 Tough
Contests in Succession

BY JIM HARP
Post-Crescent Staff Writer

The injury list continues to grow, and Coach Bernie Heselson of the Lawrence College Vikings is growing more and more concerned over three tough Midwest Conference games in succession. Lawrence faces Grinnell, defending conference champion, in the annual Dad's Day game at Whiting Field Saturday. Then, the Vikes travel to Ripon for the Red-men's homecoming game before returning home Oct. 26 for their own homecoming against Monmouth.

Five starters did not even make the trip to Knox College last Saturday when Lawrence came from behind for a 16-14 victory, its first triumph of the season.

Knee Injury

To add to the five who were not on the trip, Tom Dishrow, who started the last game, suf-

fered a knee injury and has been sent home to receive treatment from his local physician. He definitely will be out Saturday. Another starter, John Vedder, suffered an elbow sprain and his status for Saturday remains uncertain.

Of the five starters who did not make the trip to Knox, Paul Crommhecke, Bill Prange and Jack Robertson all will miss Saturday's game with Grinnell. Walt Chapman and Dave Brainard may be available for some duty, but Heselson said that they will not be counted on for full-time work yet.

"Our big problem is getting a starting unit intact so we can work together," the Lawrence mentor said. "Defensively, we have been doing a satisfactory job, but we cannot get our offense to click because we have to keep putting new players into the lineup. Three of the four backs we used Saturday were different than those we started the season with and in addition we had a pair of new guards."

Heselson had special words of praise for tackles Luke Groser and Don Gurney who went all the way, both offensively and defensively, against Knox Saturday. "Those boys played an outstanding game in the 90-degree heat," Heselson said.

Praises Mueller

He also had good words for Bob Mueller "who proved he is all-conference material" by being all over the field from his linebacker spot. Bill Hobbins at center offensively, Curt Buchholz a new halfback starter, co-captain Carl Bergbult at fullback and Henry Rutz of Oshkosh who broke away for a 70-yard touchdown that won the game. Heselson also said that it appears that Bob Hansen has taken over the quarterback duties and singled out Ned Carleton who did a good job in his first role as a starter.

Looking ahead to the Grinnell game, Heselson pointed out that Grinnell uses only two men who go both ways while the Vikes are currently using nine men both offensively and defensively, substituting only two.

"We just can't stand any more injuries," the Lawrence head master said, pointing out the tough foes that are coming up in the next three weekends.

Crosby Faces Oklahoma

Texas' Shoeless Kicker Doing Better Than Ever This Year

DALLAS (AP) — Tony Crosby, the barefoot boy with cheeks of tan and toes of red, is all primed to give Texas another victory over Oklahoma if it again gets down to kicking the ball between the goal posts.

Crosby is the fellow who boots field goals without a shoe and his 26-yarder last year won the Texas-Oklahoma game.

Tony is kicking better this season but he admits he's enjoying it less. He is batting 1,000 for the field goals last season. But last season with 12 conversions and four field goals without a miss.

Add to these the regular kick-offs after each Texas score and it makes for sore toes.

"They stay pretty sore all the time," Crosby declared. "I average around 150 kicks each day in practice."

He claims he can get more power with his turned up toes. He can't turn up his toes wearing a shoe so he kicks with nothing on

his right foot but a sweat sock.

Claim to Fame

Last year Crosby's only claim to fame was the first-quarter field goal after an Oklahoma fumble that eventually proved the winning margin.

"I had no idea it would be a winning kick," Tony recalled, "because it was so early in the game."

He hit on 16 of 21 extra point attempts and only two of five field goals last season. But last year he had to do his reserve end chores daily and didn't practice kicking as much.

This year he does nothing but kick while his teammates don the pads and try to practice putting Tony in a position to use his magic toes.

He kicks with the bottom of the first three toes. The big toe gets most of the impact but the two next to it also make contact with the ball.

A Pair of Lawrence College grid standouts, Luke Groser, top, and Bob Mueller, below, will be in the starting lineup when the Vikings meet Grinnell at 1:30 p.m. Saturday at Whiting Field in the annual Dad's Day game. Groser, a tackle and Mueller, a linebacker, turned in sparkling performances in the Lawrence victory over Knox last Saturday. (Post-Crescent Photos)

Bruhn Worried That Layoff May Have Dulled Competitive Edge

Purdue's DiGravio
Known as Scrambler
At Quarterback Spot

BY DALE BURGESS

LAFAYETTE, Ind. (AP)—You might say the Ivy League is beating out the Big Ten on the Purdue football team this season.

Ron DiGravio, a 6-foot-1 all-round athlete from Weymouth, Mass., whose father, Vicker, is an Ivy League basketball official, has taken over as No. 1 quarterback for the Boilermakers.

His performance last week in Purdue's 7-6 victory over Notre Dame, which included throwing the winning touchdown pass, gained DiGravio the nod over Doug Holcomb, son of Northwestern athletic director Stu Holcomb, of Erie, Pa., himself a former Purdue coach. The younger Holcomb was the most valuable player on last fall's Purdue freshman squad.

"DiGravio weighs 166 pounds," says Coach Jack Mollenkopf. "One of his legs is shorter than the other. He is not really fast or really strong. But, man, can he scramble!"

Purdue is famous for its stout lines, including a sophomore-student wall this year, but no quarterback goes unmolested in the rugged Big Ten. DiGravio gets off long passes when he looks hopelessly trapped. He runs well, too, when an opening appears.

Figured in 19 TDs

Purdue, seldom a high scoring team, made 37 touchdowns in DiGravio's sophomore and junior

Turn to Page 12, Col. 8

Wisconsin Rated Favorite, but Both
Teams Narrowly Defeated Notre Dame

MADISON (AP) — Wisconsin

starts defending its Big Ten conference football title Saturday against an up and coming Purdue team fresh from a victory over Notre Dame.

Wisconsin is favored to beat the Boilermakers at Camp Randall Stadium unless a week's idleness has dulled the Badgers' competitive edge.

Purdue and Wisconsin both own hard-fought victories over the Irish. The Badgers beat Notre Dame 14-9 two weeks ago by scoring with 67 seconds remaining, and Purdue tallied a fourth-quarter touchdown to win over the Irish 7-6.

Wisconsin coach Milt Bruhn confessed surprise at the Boiler-

Ghosts to Invade Kimberly For Vital M-E Grid Clash

Neenah Bids for 17th Straight
Win Against Invading Shawano
In Co-Feature Attraction

MID-EASTERN CONFERENCE

	W	L	T	TP	OP
Kimberly	2	0	0	72	31
Neenah	2	1	0	67	26
Shawano	1	1	1	24	19
Kaukauna	1	1	0	38	29
Clintonville	1	2	0	18	23
New London	1	2	1	14	44
Menasha	0	2	0	28	78
Two Rivers	0	2	0	28	78

Friday's Games:
Kaukauna at Kimberly (3:30 p.m.)
Menasha at New London (night)
Two Rivers at Clintonville (night).

Saturday afternoon's game:
Shawano at Neenah.

BY JOHN L. PAUSTIAN
Post-Crescent Sports Editor

A pair of key football games this weekend will determine whether the Mid-Eastern Conference race will remain a wide-open affair or a "closed" party for two—Neenah and Kimberly.

Neenah's defending champion Rockets take on third-place Shawano Saturday afternoon. Preceding the Neenah game by a day will be the Kimberly battle between the co-leading Papermakers and fourth-place Kaukauna.

If both Kimberly and Neenah remain unbeaten—thereby hand-

ing Shawano and Kaukauna their second defeats—the die will be pretty rigidly cast for a 2-team race to the wire. The Rockets and the Papermakers clash in two weeks. No team with two check-marks in the loss column has won an M-E title for at least 12 years.

In the other league games this week, the battle will be for berths high in the second division or low in the first division. New London entertains Menasha, and Clintonville welcomes Two Rivers Friday night.

Odds Are Down

Kimberly, off to its fastest start since winning the school's only M-E grid title in 1955, will be favored over Kaukauna Friday afternoon. However, the odds have narrowed considerably in view of the Ghosts' turnout last Saturday against Clintonville.

Kaukauna broke out of its year-long football slump to whip the Truckers, 18-6. The previous week, Kimberly just managed to squeeze past Clintonville, 14-13. This has been the only common foe for the Papermakers and the Ghosts.

Harry Wilson, coached Kaukauna won titles in 1960 and 1961 and continued unbeaten until mid 1962. Last Oct. 13, Neenah snapped the longest Ghost win streak in history at 20. After that 32-0 loss, Kaukauna went into a recession that continued for the rest of the '62 season and for the first part of '63.

A 0-0 tie against Menasha two weeks broke the Ghosts' winless streak at six games. Last Saturday, a revamped Ghost attack ran up 275 yards against Clintonville. Bob Promer scored two touchdowns, and Tim Versteegen tallied on a 78-yard gallop. Sophomore quarterback Bob Main, Jr., directed the attack and will do the same against Kimberly.

In last year's neighborhood skirmish, Kaukauna edged Kimberly 7-0, in the final minutes.

24-Poin Average

Kimberly, coached by Jim Nir-

Former AHS Lettermen to Be Honored

For the first time, lettermen of past Appleton High School football teams will be honored Saturday afternoon at the AHS-Oshkosh homecoming game at Goodland Field.

Invitations have been sent out to many former Terror grid-ders. The committee, however, has found it impossible to contact everyone. All former AHS grid lettermen are being invited to attend the game free of charge—whether they've been contacted or not. They are to enter the south gate at Goodland Field.

Those who have not been contacted and plan to attend should contact a member of the AHS coaching staff or the chairman of the AHS Pep Club in advance. If possible, lettermen will be introduced at halftime.

Lions Put Lowe On Reserve List

DETROIT (AP) — The Detroit Lions placed injured defensive halfback Gary Lowe on the reserve list today for the rest of the season and put Nick Ryder, a fullback, on the active list.

Lowe has been sidelined since Sept. 29, when he injured a tendon on his left foot during the Lions' National Football League game with the Chicago Bears.

FIGHT RESULTS

By The Associated Press
HOUSTON, Tex.—Cleveland Williams, 213, Houston, knocked out Roger Rischer, 194, Oakland, Calif., 3.
FRESNO, Calif.—Isaac Logart, 147, New York, outpointed Gabe Terneroff, 147, Fresno, 10.
NEW YORK—Bob Cassidy, 154, Levittown, N.Y., outpointed Domingo Ortiz, 153, Hoboken, N.J., 4.
LONDON—Terry Downes, England, knocked out Rudolf Hefner, West Germany, 2, Middleweights.

Xavier's Clark Respects Each Remaining Foe On Team's Schedule

Win Over Cadets
Doesn't End Race,
Coach Maintains

BY RALPH MUELLER
Post-Crescent Staff Writer

"Just because we've beaten Premontre, don't think this league is over," said smiling Xavier High School Coach Gene "Torchy" Clark as he began preparing his team for its game with Oshkosh Lourdes here Sunday.

"Lourdes, Springs (Fond du Lac), Pennings (DePere) and Marinette are all going to be tough because they're all waiting for us," the coach went on.

Never one to under-estimate the power of his opponent, Clark resumed Xavier drills by running Lourdes' plays at the first string Hawk defense. Paul Springer portrayed the role of Knight fullback Tim Spatt in the session.

The fiery, 34-year-old mentor, whom a majority of people take to look about 10 years younger, believes in getting his boys as familiar as possible with the upcoming opponent.

This familiarity drill, along with a sincere respect for the foe and the ability to pass it along convincingly to his players could well be the keys to the amazing success that Clark has achieved at Xavier.

The coach who has guided Xavier to 27 football victories and has not tasted defeat in football and basketball since March of 1962 (the Hawks lost to Eau Claire Regis in the first game of the season and is making up for lost time state Catholic tournament) admits that the pressure of the state's longest win streak is building up.

"We have to prepare for everything," he said. "Even such things as the weather. Should it rain, I want to be ready for what they might do," he went on.

The names of Tim Purteil, Chuck

Van Brocklin to Let Players Get Themselves 'Up'

ST. PAUL (AP)—Minnesota Vikings coach Norm Van Brocklin says he is letting his players get themselves up for the Green Bay Packers.

The Packers take on the Vikings in a National Football League game here Sunday. The Vikings will be trying to snap back from a humiliating defeat at the hands of the St. Louis Cardinals last Sunday, 56-14.

"I can talk until I'm blue in the face," Van Brocklin said Tuesday. "But it's the kids themselves who must get themselves up for the Packers. It's going to take self-motivating."

"We just got the tar kicked out of us. We really got it—physical. He's as well as on the scoreboard."

The Viking coach said that several players sustained injuries in the game with the Cardinals but he would not know until Friday whether he would have to make lineup changes.

Grable and Spatt, were imprinted on the minds of his charges during the Tuesday practice and more will come in the remainder of the week, according to Clark. Those on the Lourdes' offensive unit were given as much of the Knights' traditional red clothing as could be found.

The 13-year coaching veteran pointed out that the Knights, who now own a 21 FVCC record, are actually only one play away from meeting Xavier with a perfect 3-0 ledger. Lourdes lost to Marinette, 13-7, on the past play of the game Coach Larry Van Alstine's team has beaten both Pennings and Springs.

The clash will take place at 5 p.m. Sunday at Goodland Field.

Childress May Delay Thoughts About Retiring

Veteran Cardinal
Back Having Best
Year of Career

BY MIKE RECHT

ST. LOUIS (AP)—Joe Childress of the St. Louis, NFL Cardinals, who has spent seven years of frustration without the football, has been given the ball this season and is making up for lost time by running a long way with it. The husky back has carried the ball more times and earned more yards in the first four games of this season than in any of six full years spent in the National Football League.

He has run 72 times for 282 yards, third best in the league. His fine start may delay any thoughts he had about retiring after all those years without the ball.

"I made up my mind to quit after this year if things didn't work out," said the quiet Algham. "I got plenty discouraged sitting on the bench."

"I don't think I'm running any better now than I did five or six years ago, but I never had an opportunity to play as much as I'd like to. But now that I'm playing regularly and running the ball more I'm not ready to give it up."

Coach Wally Lemm feels the same way. Childress will be in the starting lineup against Pittsburgh Sunday despite the return to active duty of John David Crow, Crow, annually the Cardinals' leading ball carrier, "won't push any one out of the job right now until he shows he can do it," Lemm said. "Childress is going too good. He's a real pro who seldom makes a mistake. He's tough and always ready to go."

Childress, 29, has been ready to go ever since he came into the league as the first draft choice of the Chicago Cardinals in 1956 after starting at Auburn University.

In Wisconsin, people have a taste for good living and

Deanna Bauman Slams 560 Set

Mike Court Records 654; Sanders Tops Coated Loop

Deanna Bauman cracked a 202 pleton lanes this season. Merkes game and a 560 series to pace Electric (13.5) leads the league the Ten Pin Toilers League at with the Carpet Shop and Appleton Floors tied for second.

The 560 series was the top women's count reported from Appleton.

Wally Berg Smashes 267 Lutheran Line

Chuck Bayer's 607 Set Paces Sportsman's Loop

Wally Berg blasted a 267 singleton, second highest individual game reported this season locally, while bowling in the Lutheran League at Hahn's Lanes Monday night.

Berg finished with a 590 series, and Norm Joecks took a share of the honors as he posted a 598 series. Joecks had a 229 game.

Appleton Auto Sales and Behnke's Clothes are tied for first place with 10-5 marks. Other hon- or scores included Bob Knitzke, 556; Reiny Hanneman, 567; Lloyd Mueller, 570 and Dave Grundeman, 557.

Hits 243 Game

Lytle Austreng fired a 243 line and Chuck Bayer had a 607 series to lead the Sportsman's League at Hahn's Lanes. Austreng finished with a 569.

Wisconsin Bearing (16-4) is the league leader. Also recording hon- or scores were Dave Schoenhaar, 560; Mel Woldi, 225; Rob Helms, 575; Jerry Eastman, 553; Norm Bunkleman, 577; Dave Sears, 232 and 580 and D. Laux, 570.

John Bialozynski smacked a 579 series to lead the 41 Bowl League Monday night. The only other hon- or counts included Bud Schreiber, 576; Pete Schmidt, 561 and Bob Todzy, 551.

George's Steak House (13-2) holds a 3-game lead over Quaker Dairy.

Hawks' Mikita Ends Holdout

CHICAGO (AP)—One of professional sport's rarities, a National Hockey League holdout, ended Tuesday with the Chicago Black Hawks signing of Stan Mikita.

The star center came to terms with General Manager Tommy Ivan on the eve of the Hawks' 1963-64 season opener, against the New York Rangers in Chicago Stadium Wednesday night.

It was guessed Mikita got a de- manded raise over the \$15,000 he reportedly received last season when he led the Hawks in scor- ing with 76 points on 31 goals and 45 assists.

Taylor Second In Rushing

CONTINUED FROM PAGE 11

outside as well as smashing through the line, gained 175 yards and scored one touchdown against Pittsburgh and held his place as leading ground gainer and scorer in the NFL. In four games he has run for 664 yards, averaging 8.5 yards per try, and has scored 42 points.

The next-best figures are 297 yards by Green Bay fullback Jim Taylor and 38 points by Pitts- burgh's Lou Michaels, who has kicked 10 field goals and eight extra points for 38 points. Brown also holds season records for the longest run from scrimmage, 80 yards, the best one-game total, 232 yards, and shares the one-game scoring high of 18 points.

Watkins, despite Sunday's per- formance, ranks second on punt return averages with a 26.8 mark. New York's Eddie Dove, who barely qualified with the minimum of four returns, went to the top with a 23.8 yard average.

Only other change among the individual leaders saw Yale Lary of Detroit go to the top of the punting list with an average of 49.4 yards on 19 kicks.

Y. A. Title of New York and Frank Ryan of Cleveland con- tinued to run 1-2 in the passing department, where positions are determined on a basis of per- centage of completions, touch- downs, percentage of intercep- tions and average yards gained.

Each has completed 50, including nine for touchdowns. Title has an edge in completion percentage and has had only one of 82 inter- cepted. Ryan is a bit ahead in yardage.

Bobby Joe Conrad of St. Louis leads the pass receivers with 23 catches and Abe Woodson of San Francisco leads on kickoff returns with an average of 42.2 yards.

They'll Do It Every Time

Two Marks to Aim At

Koufax Has Driving Ambition To Win More Games Than Anyone

BY MIKE RATHET
NEW YORK (AP) — What makes Sandy run?

A new sports car — and a driving ambition.

Sandy would be the Mr. Koufax, who was honored at a luncheon Tuesday as the hero of the World Series, was presented with a new sports car and admitted that his ambition is to win more games than anyone else in baseball.

He has a long way to go — and even the slender southpaw of the Los Angeles Dodgers admits "I'd have to be fortunate to do that."

Koufax has two marks to aim at — the 511 victories posted by Cy Young from 1890-1911 and the current mark being extended by 42-year-old Warren Spahn of Milwaukee, still going strong with 350.

At 27, Koufax is behind Young at the same stage in their careers, but is well ahead of Spahn. Spahn had won only 28 games by the time he was 27 while Koufax has 93 victories after this year's 25-5 record.

Young, however, seems out of reach. He had 120 victories at age 27 and finished with an over-all 511-313 won-lost record when he was 44. If Koufax were to pitch until he was 44—17 more seasons—he would have to average 25 victories a year.

It's not inconceivable, but it's not going to be easy.

"But anyway I'd like to win as many as I can," said Koufax.

Koufax quickly steered the talk away from himself and to the Dodgers as a whole.

"We did everything right for four days," he said of the sweep of the Yankees. "We had fought and scratched to win the pen- nant. We had the kind of club where every day we needed some- body to do something special."

"I can't help but feel we were fortunate. If the Yankees had beaten us in the fourth game I

Bruhn Worried About Layoff

CONTINUED FROM PAGE 11

believes the rest will help Wisconsin while his team has to overcome bumps and bruises picked up against the Irish.

But several Badgers sustained minor injuries in practice sessions last week with fullback Ralph Kurek and center Ken Bowman hampered by leg inju- ries. All hands should be ready to play, however, and end Larry Howard should be ready for his first action of the season after missing the first two games with a twisted knee.

Bruhn classifies Purdue as a fine defensive team with a solid scoring punch.

Quarterback Ron Digravio is a good passer and the running game is built around fullback Gene Donaldson and halfbacks John Kuzniewski and Tom Fugate.

Many Wisconsin fans will be watching end Jim Jones who was largely overlooked in the Western Michigan game, but who starred with his sparkling pass catching against Notre Dame.

Bruhn classifies Purdue as a fine defensive team with a solid scoring punch.

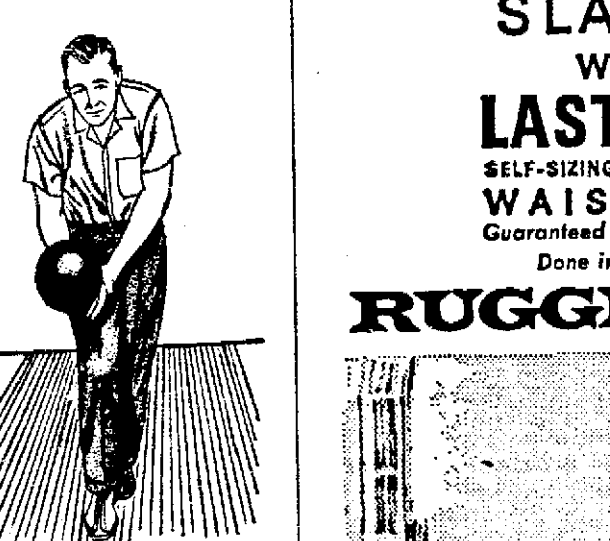

Quarterback Ron Digravio is a good passer and the running game is built around fullback Gene Donaldson and halfbacks John Kuzniewski and Tom Fugate.

Bowling Tips

BY DON CARTER AND MARION LADEWIG

Left Hand Helps Guide

It is best to keep the left hand on the ball for as long as possible, without straining to do so.

Today's illustrated bowler is just completing his first step. His left hand is still partially on the ball, helping guide it on a straight-back path.

Vin Jansen's 598 Leads Valley Loop

Vin Jansen rolled a 598 series to lead the Fox Valley Bowling League at Little Chute Recreation.

Jansen Construction won two games to take over first place by 1-game. Other high scores were hit by Jack Schommer, 576; Jerry Lamers, 571, and Bill DeGoey, 553.

Johanna Anderson rolled a 201 singleton for the lone honor score posted in a women's league at the Bowling Bar, Kaukauna.

Marlene Hubers hit a 211 game and George Subert a 572 series to pace the KRA Couples Fish League at Jerry's Lanes, Kim- berry.

Vince Doesn't Buy Business About Decline

CONTINUED FROM PAGE 11

one Lionel Aldridge, in Bill's spot at right end.

The Bays now have three "speed merchants" in the line—Aldridge, Hank Jordan and Willie Davis, and this results in great pressure on the passer—from both sides and up the middle. The grand old pro, Dave Hanner, no snail, holds the fort pretty much himself.

Fewest First Downs

The line must be working out. The Bay defense has allowed the fewest first downs passing, 25, in the league. Perhaps more impor- tant when you consider that Quin- lan was some shakes at stopping five of 92 last year and one of the rush: Only one other team has allowed fewer yards rushing than the Packers. The Bears def- erred 314 and the Pack 356. The back concedes, "but I don't like Bays and the Browns have the to throw it away." He seldom best average yards per rush al- lows, 3.1.

Lombardi and staffers Norb Heckler, Bill Austin, Red Coch- ran, Tom Fears and Bengtson looked over movies of the 42 to 10 victory and the opinions re- mained the same as they were after the struggle.

The films offer solid proof of the Rams' great effort to unseat the champions, prompting Lombardi to note that "everyone we're playing is so emotionally high that it takes us a while to get going. I don't know what happens. Either they lose that emo- tion after a while — or we knock it out of them."

Steady Offense

The suspicion is that the Pack- ers knock it out of them — with steady offensive and defensive games.

pressure. The gates broke loose in the third quarter when Bart Starr and Mac McGee collabor- ated on a 53-yard touchdown pass his father. But anytime I let senti- ment dictate who starts at quar- terback for Purdue, I ought to be as the Bays raced to two more fired!"

DiGravio, who is married and has an 11-month-old son, estimates he spends six hours in practice and skull work on every non-game weekday. He is a physical educa- tion major, with ambitions to play pro football and ultimately coach.

The pressure has been especial- ly heavy this fall, with the com- petition from Doug Holcomb.

At the Indianapolis Downtown Quarterback club this week, two members of the friendly audience asked Mollenkopf why he hadn't used young Holcomb, reputedly a fine passer, in Purdue's first two games.

"This is a very disturbing thing to me," Mollenkopf said. "I'm very fond of Dougie, and I love his father. But anytime I let senti- ment dictate who starts at quar- terback for Purdue, I ought to be as the Bays raced to two more fired!"

Ken Falk Pounds 667 'Major' Set

Records Top Women's Count of Season; Berdie Bauhs Has 515

Mike Court fired a 247 game league with a 2½-game margin and Ken Falk pounded out a 667 over Reetz Brothers. series to divide honors in the Other honor scores included Major Scratch League at Hahn's Bob Schmitz, 245-632; Don Lund, 630; Orme Stach, 231-625; John Lanes Tuesday night.

Court also fashioned a 245 DeYoung, 229-605; Earl Lorenz, 235 and 232 on his way to the Joe Gregorius, 580; Chuck Bayer, 578; Harry Kositzke, 578 and Conny Knaus, 571.

Earl Clark had a 232 game and Frank Sanders, Sr. smacked a 606 series to lead the Appleton Coated Paper Company League at Hahn's Lanes Tuesday night. Clark finished with a 567 series and Sanders had a 228 game.

The Hawkeyes (12-3) are the leaders in the league. No other scores were recorded.

Omro Battles Freedom in Little 9 Game

Seeks Fifth Win In Row; Denmark Plays Hortonville

LITTLE NINE CONFERENCE

Team	W	L
Omro	4	1
Denmark	4	1
Hortonville	3	2
Reedsville	3	2
Wrightstown	3	2
Winnacoonne	3	2
Shiocton	3	2

Game Thursday Night: Hortonville at Denmark.

Friday Afternoon's Game: Winnacoonne at Reedsville. Hilbert at Wrightstown. Omro at Freedom.

Friday Night's Game: Shiocton at Fox Valley Lutheran (non-conf.)

Powerful Omro, fresh from a convincing 41-13 win over previously undefeated Denmark, will be at Freedom in the key Little Nine Conference game this week.

The league slate gets underway Thursday night when Hortonville will be at Denmark. Friday afternoon Omro goes to Freedom. Hilbert will be at Wrightstown and Winnacoonne visits Reedsville. Friday night Shiocton will play a non-conference game at Fox Valley Lutheran.

Omro set the rest of the league back on its heels with the lopsided win over Denmark. No team is left without at least one loss and four clubs are right in the thick of the battle for the league title.

Freedom will be the next stumbling block in the way for Omro which has won four straight. Freedom was handed a 9-6 defeat by Hilbert last week as the Wolves scored in the last 75 seconds of the game.

Winnacoonne and Hilbert will be favored to rack up their fourth league wins. Winnacoonne faces Reedsville which has won one game, and Hilbert goes against Wrightstown which also has one win.

Hortonville is hoping the offense, which posted 26 points against Shiocton, will continue to roll and give the Vikings a battle. The Polar Bears have blown hot and cold this season and hold a 2-2 mark.

Buford Wins Award

NEW YORK (AP)—Don Buford, the diminutive third baseman who had a big year with the Indianapolis Indians, was an overwhelming choice as the International League's Most Valuable Player for 1963.

Navy's Bold Roger Staubach 'Back of the Week' Pick

NEW YORK (AP) — Jolly Roger Staubach, the pirate-bold quarterback of Navy's unbeaten and fourth-ranked football team, is 'The Associated Press' Back of the Week, the second time he has been accorded the honor.

Staubach, a 6-foot-2 junior, gained the distinction off his sensational performance in Navy's 26-13 victory over Michigan at Ann Arbor last Saturday when he passed for two touchdowns and ran for another.

"Staubach is a great football player," said long-time Michigan Coach Bump Elliott. "I don't know when I've seen a better one."

Staubach, hero of last year's victory over Army, set an Academy record for the second straight week against Michigan. He completed 14 of 16 passes for 237 yards and ran for another 70.

The total offense mark of 307 wiped out the Academy record of 297 he had set just the week before.

Staubach, hero of last year's victory over Army, set an Academy record for the second straight week against Michigan. He completed 14 of 16 passes for 237 yards and ran for another 70.

Based on Performance

The balloting was based on the teams' performances during the regular National League season.

The Cardinals finished six games behind Los Angeles and five games ahead of third-place San Francisco. They wound up with 93 victories and 69 defeats.

In 1962 St. Louis was a sixth-place finisher with an 84-78 won-lost record, 17½ games off the pace.

Despite the lack of a 20-game winner, Keane molded a steady pitching staff that was led by Ernie Broglio and Bob Gibson, both of whom won 18 games. The hitting was solid with Dick Groat, Bill White, Ken Boyer and Curt Flood providing most of the punch.

Stan Musial, in his last year, supplied some key hits down the stretch and young Tim Lincecum proved a capable catcher in his sophomore season.

But it was Keane who made the team mesh in his second full season at the helm. The veteran minor league manager had been a Cardinal coach when he replaced Solly Hemus as pilot on July 6, 1961. St. Louis was in sixth place when Keane was appointed manager and the club ended the season fifth.

Foyt Draws Suspension

National Driving Champ Charged With Slugging

INDIANAPOLIS (AP) — A. J. Foyt, the U.S. Auto Club's new national driving champion, is under suspension for misconduct on the charge of slugging of another driver.

Henry Banks, USAC director of competition, ordered the suspension Tuesday for "misconduct considered detrimental to USAC and organized racing." He sent telegrams to Foyt at his home in Houston and at San Angelo, Tex., where Foyt has been running tire tests.

Banks' action was based on a report from Tommy Nicholson, USAC Eastern Zone supervisor, who said Foyt struck driver Johnny White while White was still strapped in his car after a heat event at Williams Grove, Pa., Saturday.

Nicholson said Foyt complained that White had cut him off in a corner during the race. The altercation occurred in the pit area. Nicholson said the fans booed Foyt and Foyt's conduct in front of them "was most reprehensible."

Banks said his suspension would remain in effect until reviewed by the USAC executive committee, within a week or 10 days.

Last year USAC fined Foyt \$1,000 and put him on probation for a year for threatening to punch promoter Tom Marchese at Milwaukee.

Foyt was national champion in 1960 and 1961 and regained the title this year. He won the Indianapolis 500-mile race in 1961.

Kennedy May Reveal Stand on Wheat Sale

CONTINUED FROM PAGE 1

indicated that President Kennedy was carefully examining the political aspects of the situation before making a decision.

Predicts Sale

Although Sen. Hubert H. Humphrey, assistant Senate Democratic leader, predicted the sale, with payment in gold, would be closed soon, other advisers expressed doubt Kennedy would leap into anything that might expose him to Republican attacks in the 1964 campaign.

Senate GOP Leader Everett M. Dirksen said Tuesday he hasn't been asked by the White House to approve the transaction, although he has talked with Vice President Lyndon B. Johnson about the possibility of such sales.

Six senators—four Republicans and two Democrats—have demanded that any transaction be delayed until it can be looked into by a special committee, which would report Feb. 1 in negotiations with private U.S. grain dealers. Soviet representatives were said to want the grain shipments to begin no later than early November.

Surplus Bottom

On the other side, Sen. Milton R. Young, a Republican from the big wheat state of North Dakota, declared that Kennedy would "hear from the farmers" if he vetoes a chance to get rid of some of the country's massive wheat surplus.

The reaction from Capitol Hill, farmers and the public is being weighed by Kennedy along with such matters as American deficit in payments—which the sale would help—and East-West relations in general.

Kennedy was reported Tuesday looking about for more expressions of opinion before making up his mind.

Bankers Discuss Issue

After a White House meeting, only seat.

Crime Bosses Faced Revolt On Narcotics

CONTINUED FROM PAGE 1

had heard while he was in jail in Atlanta that the weekly payments had been raised to \$250.

Payments Not Made

But Valachi said that in New York the bosses of the Cosa Nostra mobs, or families, didn't make these payments to their "soldiers" and this caused some grumbling.

He testified that if gang members in Chicago were caught dealing in narcotics after getting the weekly payments to lay off, they had "no chance at all."

He said a couple were caught in Chicago and "they paid with their lives."

Asked what the penalty was in the New York family bossed by Vito Genovese, in which he was a lowly soldier, Valachi said that "if they had the evidence on you, you were dead."

Admits He Broke Rule

But Valachi acknowledged he had broken the rule. And he said that so had some of the bosses, "especially Albert Anastasia." He named Genovese, now in jail after a narcotics conviction, as another boss who violated his own rule.

Valachi said the rule against trafficking in narcotics was put into effect for Genovese's mob in 1948 but that it did not apply to all the Cosa Nostra families until after Albert Anastasia's slaying in 1957.

He said the rule was put into effect in Chicago "around the same time, but he did not make clear whether he was talking about 1948 or 1957. Nor did he explain how Anastasia violated a rule that he said didn't become general until after his death.

Big Money Maker

Anastasia was listed in previous testimony as the boss of another New York family before he was killed, not as a member of Genovese's gang.

Valachi said that narcotics were one of the principal moneymakers for the mobs, but the ban on dealing in them was ordered for Genovese's family after publicity and prosecutions had reached a peak.

He said members defied the rule because of the big profit to be made from handling narcotics. He said that if they were arrested, they had to stand "another trial by the family after their government trial."

Precautions Increased

U.S. marshals and Washington police, tipped over the week end that Valachi would be slain in the Senate hearing room where he is a star witness in a probe of organized crime, continued elaborate precautions.

Police officials said the hearing

Illness of Macmillan Hurts Party

CONTINUED FROM PAGE 1

fumo scandal, must at last surrender the party's reins.

But some observers thought he might recover and still lead the Conservatives in the crucial election battle with the opposition Labor party.

Deputy Foreign Minister Edward Heath told newsmen no decision on the leadership question would be made until the outcome of the operation on Macmillan was known.

Crisis for Party

The prime minister's physician, Sir John Richardson, said Macmillan had been suffering from a prostate obstruction, a common ailment in men of his age, for some months. He reportedly had given no hint of his illness even to his Cabinet.

Even before the announcement of Macmillan's illness, there was an atmosphere of crisis as the 4,000 Conservative delegates assembled in Blackpool for the party conference. The Profumo scandal, poor Conservative showings in special parliamentary elections and public opinion polls favoring the Laborites have resulted in rising demands that Macmillan step aside for a younger man less identified with government reverses.

Heath posed the challenge in a pre-conference speech.

Decision at Polls

"This calls," he said, "for a clear eye and a fresh mind, uninhibited by the achievements and

Byrnes Clarifies Group's Stand on Trade With Reds

WASHINGTON (AP) — Rep. John W. Byrnes, R-Wis., chairman of the House Republican Policy Committee says the re-quests by his group for revival of a special committee on control of exports to Communist nations does not direct itself specifically to the current negotiations for sale of wheat to the Soviet Union.

Byrnes said Tuesday that the issue is whether there is to be congressional surveillance of the whole field of trade with the Soviet block, rather than any one transaction.

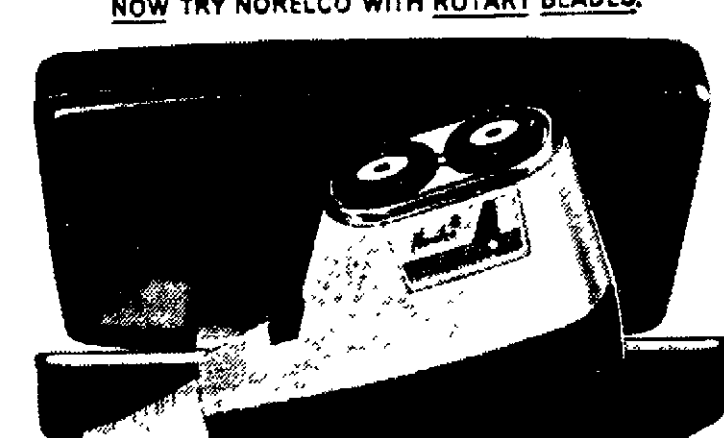

"If the committee on export controls were in existence," he added, "it would be investigating the proposed deal."

The committee on controls operated during the last Congress. Six senators, including William Proxmire, D-Wis., have offered a resolution which would have the effect of postponing any wheat sale until a special Senate Committee could examine all aspects of the proposed deal.

GREAT NEWS FOR FACES!

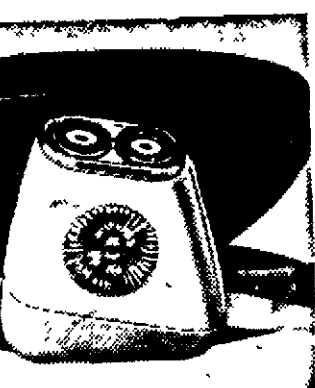

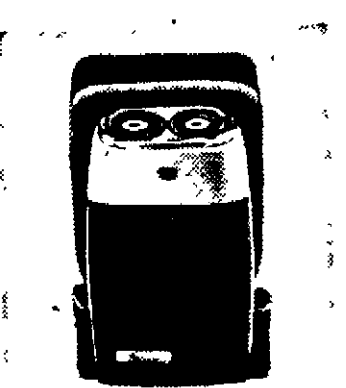

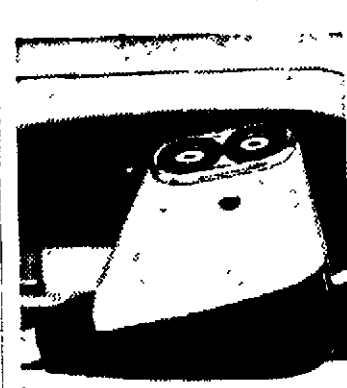

The third way to shave is here...
Norelco with rotary blades.

FIRST CAME THE RAZOR BLADE. THEN CAME BACK-AND-FORTH ELECTRIC SHAVERS. NOW TRY NORELCO WITH ROTARY BLADES.

SELF-ADJUSTING!

New Norelco 'floating-head' Speedshaver 30. Heads swivel to hug face. Rotary blades. Fast 'flip-open' cleaning. Adapts to world-wide use — 110/220 volts (AC/DC). Smart, rugged travel case.

POPULAR PRICE!

New Norelco 'flip-top' Speed-shaver® 20. Newest model of world's largest selling shaver. Rotary blades. New low price. 'Flip-top' cleaning. 110 volts only (AC/DC). Zippered travel case.

CORDLESS!

New Norelco Cordless Speed-shaver 20C. Shaves anywhere on four tiny batteries. No cord. No bulky recharger. Smooth rotary blade comfort. 'Flip-top' cleaning. Mirrored zipper travel pouch.

FOR THE LADIES...

New Lady Norelco Shaver 20L. Shaves legs and under-arms with no razor cuts. New low price. Lovely simulated sapphire design. 110 volts (AC/DC). Luxury travel case. A superb gift.

Pigs Landed In Miami

CONTINUED FROM PAGE 1

structions on how to get the pigs out of the country.

Kaminski, after hearing of the problems, decided to donate the pigs as an international goodwill gesture.

Sawall left early Tuesday for Milwaukee and then Chicago to obtain a visitor's permit to Costa Rica for himself and his son, Don, 11, was given the trip as a present from his grandparents.

Cable Costa Rica

The pigs were trucked to Milwaukee. Sawall, his son and the pigs boarded Eastern Flight 925 at 12:01 a.m. today at O'Hara Airport, Chicago, and flew to Atlanta. Ga. At Atlanta they boarded flight 929 for the final leg to Miami.

Sawall has been requested to cable Costa Rica today and inform TV stations in that country of their arrival time Thursday.

Eastern officials have been notifying stops along the route of travel so newsmen might chronicle the story. State Department officials also have said they will be on hand when Rojas receives his pigs.

The reporter and his son will spend Thursday and Friday in Costa Rica and visit the Rojas farm, about 40 miles from San Jose. A LASCA flight will return them to Miami Saturday, and connecting flights will deliver the two at Milwaukee sometime early Sunday morning.

Harold Macmillan

unencumbered by the legacies of the past."

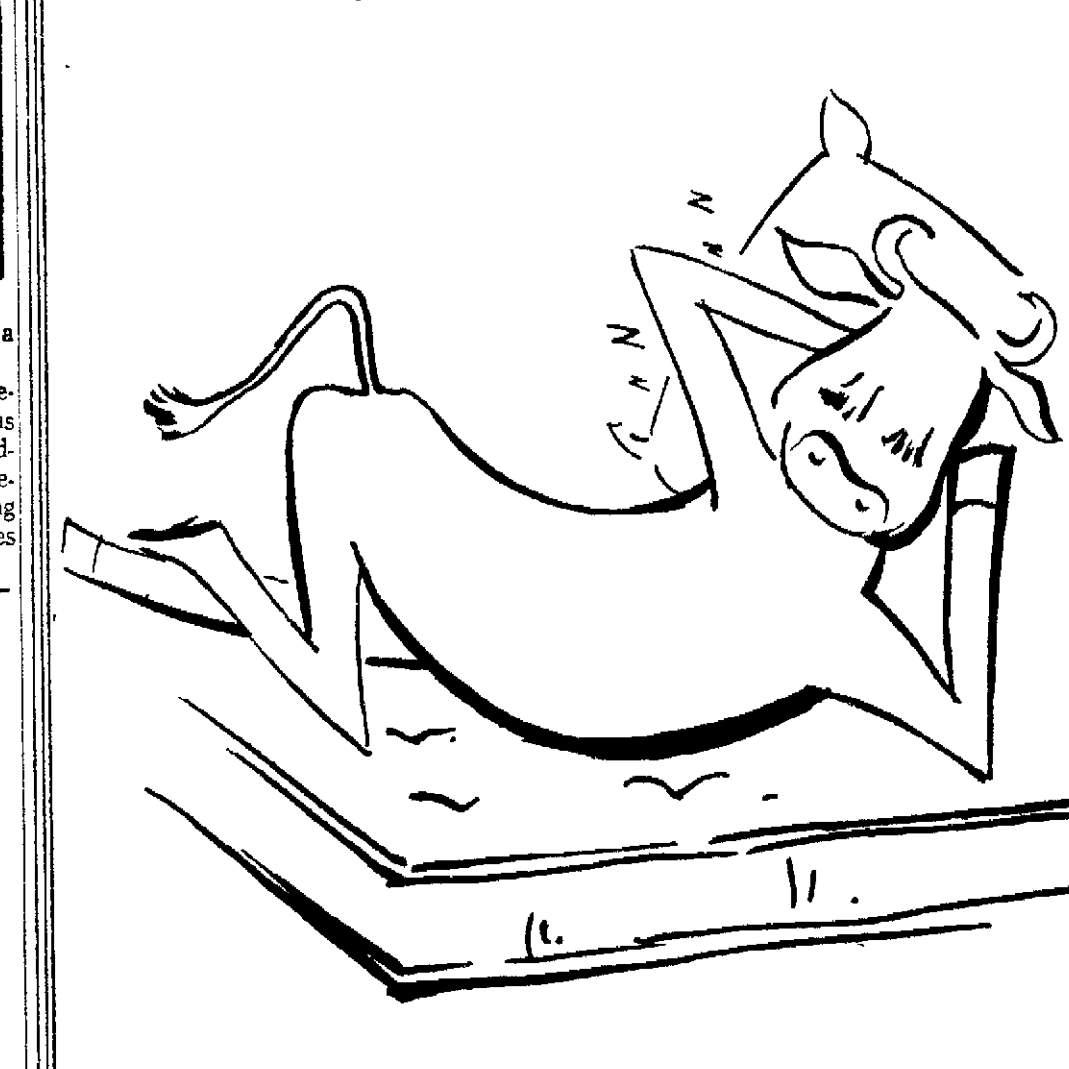

Macmillan previously had given every indication he was determined to seek an election vote of confidence in his leadership.

An official announcement said Deputy Prime Minister Richard A. Butler, 61, would take charge of the government while Macmillan was out.

Butler is a leading contender for party leader, and this could strengthen his chances. But he was passed over when Macmillan succeeded Sir Anthony Eden in 1957, and there is considerable sentiment for a younger man.

The issue is complicated because the Conservative party has no machinery for electing a leader. It employs a process of behind-the-scenes bargaining among contenders until a leader emerges by general consent.

Great Inventions of Our Time

The Bulldozer

This is the bulldozer. It was invented by a man who owned a bull that couldn't sleep. For many years it has been of great benefit to sleepless bulls. Everyone who owns a bull ought to buy him a bulldozer. Unfortunately we don't carry bulldozers at Prange's but we do carry people dozers. We have about everything for people, for houses, for almost all animals, but not for bulls. Hundreds of useful things will go on sale Monday, Oct. 14... that's the start of our big 76th Anniversary Sale. So wake up, get to Prange's at 9 A.M. Monday for the opening of our 76th Anniversary Sale. And that's no bull!

Chilton Lawyer Named State College Regent

Donald E. Bonk
Will Replace
Mrs. Mary Walter

Post-Crescent Madison Bureau
MADISON — Donald E. Bonk, Chilton lawyer and former Calumet county district attorney, today was named as a regent of the state college system to succeed Mrs. Mary Walter of De Pere, who resigned a month ago after seven years in the office.

The nomination was made by Gov. John W. Reynolds, who said he will submit it to the State Senate when it reconvenes next month for a confirmation vote.

The announcement was included in a long list of other nominations, which were intended to test the governor's appointment rights in his conflict with the Senate about confirmations. It did not directly involve that controversy.

No Question
There is no question of the governor's right to appoint to a vacancy such as that caused by Mrs. Walter's resignation.

The governor is also trying to replace many incumbents, in other offices, in defiance of the senate's refusal to confirm his choices.

Bonk, 49, was named to a term expiring in February, 1966. A native of Plattville, he graduated from Chilton High School, attended Notre Dame University and was graduated from the law school of the University of Wisconsin.

He served as Calumet county district attorney from 1938 to 1942, then as now general manager of the Chilton Canning Co. and a director of the State Bank of Chilton.

Regents Praise Retired Member, Mrs. Mary Walter

Post-Crescent Madison Bureau
MADISON — The board of regents of state colleges has sent a resolution of praise to Mrs. Mary Walter of De Pere for her services during seven years as a member of the board governing the college system. Mrs. Walter resigned a month ago.

"She has given generously of her time and talents to this board during a period when the enrollments at state colleges increased from 11,000 to 23,000," said the resolution prepared by Regent Richard McKnight of South Wayne. Mrs. Walter is associate editor of the Appleton Post-Crescent.

A. E. Neuhoft, Nichols, Dies In Back Yard

Arthur E. Neuhoft, 65, Nichols, died Tuesday afternoon in the back yard of his home where he had been shoveling dirt.

Outagamie County Coroner Bernard H. Kemps has ruled death was due to a heart attack. He said over exertion was a factor in the death.

Neuhoft was owner and operated the Neuhoft Tavern with his wife. He retired from farming about seven years ago due to heart trouble.

Mrs. Neuhoft said her husband was working in the back yard putting fill in to prevent water from draining into his yard. At about 1 p.m. a neighbor saw Neuhoft lying near the dirt. Lester Boman, who lives near the Neuhoft house, attempted mouth to mouth resuscitation in an attempt to save Neuhoft's life.

Funeral arrangements are being handled through the Schmidt Funeral Home, Wittenberg.

Social Security Benefits Often Are Overlooked

Have you ever gone shopping and lost one article while shopping for another? If you have, you know the frustration it can cause even though the article may have cost less than one dollar.

In view of this, it seems strange that people do not seem to mind losing social security benefits that may amount to hundreds of dollars. Certainly they do not do this intentionally. They are losing the benefits because they do not understand social security.

The usual practice when you lose something is to call the lost and found department of the store where you lost the article. If they have found the article it can be returned to you.

The same may be true of social security, if you call soon enough. An application for benefits can be retroactive for only 12 months.

Recent changes in the social security law have made it possible for some people to receive some of their payments even though they are working full time. You cannot lose or get lower benefits by filing a claim when you are 65.

To be sure you are not losing benefits take this test: 1. 65 or over? 2. Still working? 3. Never applied for social security benefits? If your answers are yes, why not file now?

Reynolds Okays New Overlay for Manitowoc Port

MADISON (AP)—Gov. John W. Reynolds gave his approval Monday to an \$82,000 project for a bituminous runway overlay at the Manitowoc Municipal Airport.

The city of Manitowoc will provide \$20,500, the state \$20,500 and the federal government \$41,000 for the improvement.

The Manitowoc project was the first to be approved by the governor from a list of eight submitted to him by the State Aeronautics Commission.

Other projects awaiting authorization are La Crosse, \$59,100; Gen. Billy Mitchell Field, Milwaukee, \$23,100; Rusk County, \$54,100; Bong Field, Superior, \$48,100; Waushara County, \$51,000; Rock County, \$68,100, and Taylor County, \$69,740.

Sheep 600; woolled slaughter lambs and slaughter ewes steady; few lots choice and prime 90-105 lb woolled slaughter lambs 19.50; good and choice 18.00-19.00; utility and good 15.00-18.00; cull to good slaughter ewes 4.00-6.00.

Ford Declares 45 Cent Dividend

DETROIT (AP)—The Ford Motor Co. directors today declared a regular 45 cent quarterly dividend payable Dec. 2 to stockholders of record Nov. 1.

The dividend is the same as in recent quarters, since Ford stock was split in May, 1962.

Chicago Potatoes

CHICAGO (AP)—(USDA)—Potatoes arrivals 38; on track 203; total U.S. shipments 233; supplies moderate; demand for russets slow, round reds for best moderate, others slow; market for russets barely steady, round reds best firm, others dull; carlot truck sales: Washington russets 3.15; Minnesota North Dakota Red River Valley round reds 1.90-2.15.

Shares Move Toward Gains

Dow Jones Average
Up 1.16 at Noon,
Now Reads 745.06

NEW YORK (AP) — The stock market edged to the upside early this afternoon in heavy trading.

Airline, mail order and farm implement issues fell in line with the motors and sugar stocks, which opened higher.

Space-age stocks were heavily traded with numerous gains and losses of 1 to 2 points. The activity followed announcement of a drastic reorganization of the National Aeronautics and Space Administration.

Business news continued favorable as top economists predicted a \$600 billion national output by early next year.

At noon The Associated Press 60-stock average was unchanged at 278.4 with industrials up 1 utility ahead 2 and rails off 4.

At noon the Dow Jones industrial average was up 1.16 at 745.06, the highest of the day and near the all-time peak of 745.96 set Sept. 24.

Chrysler, termed the stock of the year by some brokers, set another 1963 high before falling back to a gain of a bit more than 1.

G.M., American Motors and Studebaker were up fractions. Ford, which declared a regular dividend, was down about 1/2.

Among the sugar stocks, in demand because of the damage to the Cuban sugar crop by hurricane Flora, Holly Sugar, American Crystal Sugar and South Puerto Rico Sugar were all higher by around 1 1/2.

Space-age gamblers included Thiokol and Loral Electronics each by around 2 and Fairchild Camera by more than 1.

Most major steels and rails were off small fractions. Utilities, oils and chemicals were mixed.

Prices on the American Stock Exchange remained mixed. Bond prices were a bit lower.

3 Fined for Park Incidents

CHILTON — Three Fox Cities men were fined Monday in Calumet County Court for misconduct in High Cliff State Park.

Assessed \$5 fines by County Judge D. H. Sebora for disorderly conduct were Lloyd B. Kieffer, 23, route 1, Kaukauna, and David G. Lloyd, 37, 727 Chestnut St., Neenah. Kieffer was arrested Sept. 7 and Lloyd, Aug. 31.

Gerald L. Suess, 22, 124 First St., Menasha, was fined \$25 after he admitted parking in an area closed to vehicular traffic. Suess fled from park authorities but was found in Kaukauna, according to Conservation Warden Kieth Reichenbach.

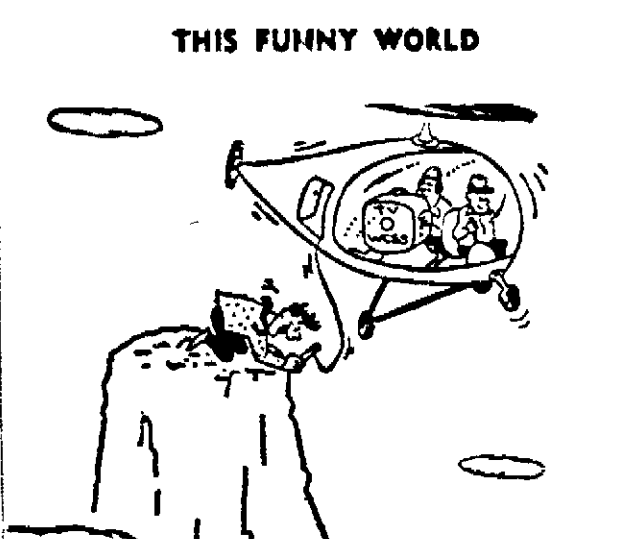

Conservation department authorities at the park made the arrests.

Kennedy May Give Wheat Sale Stand

Valachi Tells Probers About 'Mercy Killing'

Testifies Gangster Slain on Orders From Crime Chiefs

WASHINGTON (AP) — Informer Joseph Valachi testified today the gangland murder of Willy Moretti was "a mercy killing" ordered by the men who ruled the crime brotherhood, Cosa Nostra.

He said John Robilotto—Johnny Roberts—was one of the men who killed Moretti in a New Jersey restaurant in 1951.

"It's supposed to be a mercy killing because he was sick," Valachi told the Senate Investigations subcommittee.

Headed Jersey Gang

He said Moretti ruled a gang of 40 to 50 men in New Jersey. "He was like independent," Valachi said. "He had his own little army."

John J. Bergin, assistant attorney general of New Jersey, testified that his general information tends to corroborate Valachi's version of the Moretti killing.

Sworn as a witness, Bergin endorsed two new laws the Justice Department hopes may develop from the present hearings — one to permit wiretapping and another to pressure witnesses to testify in racketeering cases.

Earlier, Valachi testified the Cosa Nostra bosses laid down a rule against trafficking in narcotics in 1957. He said some money-hungry gangsters violated the rule even at the risk of death.

Under heavy guard as he made his fifth appearance before the Senate investigations subcommittee, Valachi said that mob leaders in Chicago paid their "soldiers" a \$200-a-week subsidy to lay off handling narcotics.

A convicted killer and narcotics peddler himself, Valachi said he

Syria and Iraq Agree On Military Union

DAMASCUS, Syria (AP)—Syria, Egypt's former partner in the United Arab Republic, has proclaimed a military union with neighboring Iraq.

Gen. Amin Hafez, strongman president of Syria's National Revolutionary Council, said Tuesday both countries' troops will be under a supreme defense council.

The Arab Socialist Ba'ath party rules both Syria and Iraq. The two governments have been working toward union since their agreement to join Egypt in an enlarged United Arab Republic broke down.

Some Observers Expect Him To Approve Deals With Reds At News Conference Today

WASHINGTON (AP) — There were signs that President Kennedy may break his silence today on a U.S.-Soviet wheat deal which is rumored in some quarters to be almost signed, sealed and delivered.

One straw in the wind was that the White House abruptly changed the time of today's presidential news conference to 6 p.m. EDT, two hours later than it had been scheduled.

The time change strengthened speculation and reports that the President was preparing to announce his decision on the proposed sale of American wheat to the Soviet Union and other Communist-bloc nations.

But Pierre Salinger, Kennedy's press secretary, said he had "no information about an announcement" and that the time for the news conference had been delayed because "it's more convenient for the President's schedule."

Although the schedule as officially announced was pretty much blank from midmorning until the news conference, Salinger said Kennedy has "a lot of appointments. He has appointments here every day that I don't put on the record."

If Kennedy was about to make a decision on a U.S.-Soviet wheat

deal, though, a source said he was keeping it close to himself.

Reports were coming in from other administration sources that Kennedy would disclose, probably today, that David Rabinovitz isn't qualified for a Federal District Court judgeship in Wisconsin.

The committee is considering Rabinovitz's nomination by President Kennedy for the job. It recessed its hearing on the nomination to give Rabinovitz an opportunity to reply to opposition by the bar association and others to his appointment.

Rabinovitz Not Qualified, Bar Group Charges

U. S. Association Gives No Reason For Opposition

WASHINGTON (AP) — The American Bar Association told a Senate Judiciary subcommittee today that David Rabinovitz isn't qualified for a Federal District Court judgeship in Wisconsin.

The committee is considering Rabinovitz's nomination by President Kennedy for the job. It recessed its hearing on the nomination to give Rabinovitz an opportunity to reply to opposition by the bar association and others to his appointment.

No Reason Given

The Associations Committee on the Federal Judiciary, in a letter by Chairman Robert W. Meserve, reported it was their unanimous opinion Rabinovitz is "not qualified for this appointment."

Chairman Sam J. Ervin, D-N.C. of the Senate committee, in recessing the hearing, said no reason was given for the organization's position.

Asked by Sen. Roman L. Hruska, R-Neb., whether he knew the reason, Rabinovitz replied: "I do not now, Sir. I wish I did."

Rabinovitz, 55, of Sheboygan, was nominated by Kennedy for the western Wisconsin district judgeship to succeed the late Judge Patrick Stone of Wausau.

No Date Set

Ervin, in recessing the hearing, said no date has been selected for a second session. He said Rabinovitz would be given an opportunity to reply to letters received in opposition to his appointment. The letters were not made public. Ervin said the second hearing would be held "as soon as possible."

Hruska also noted that the Wisconsin Bar Association, in a letter to the committee, took no position on the nomination.

Out of District

Asked about this, Rabinovitz said there had been "an uproar" in Wisconsin over a contention that the nominee should come from the Western district. He lives in the Eastern district.

Rabinovitz contended the U.S. code draws no distinction between districts.

Sens. William Proxmire and Gaylord Nelson, Wisconsin Democrats, endorsed Rabinovitz's nomination. So did Myron Gordon, an associate justice of the Wisconsin Supreme Court.

Proxmire called Rabinovitz an "extraordinarily fair minded person, totally lacking of malice and vindictiveness."

"I have yet to see a single fact of substance against him,"

Resignation Of Premier Envisioned

BY ARTHUR GAVSHON

BLACKPOOL, England (AP)—Impressions had been made among Conservative party leaders today that Harold Macmillan, stricken by illness, soon will have to step down as prime minister of Great Britain.

The annual conference of the ruling Tories opened formally in an atmosphere of shock and confusion at the development. There was a sense of unreality about the party's debates on national education and health because the issue of leadership was the only one preoccupying the 4,000 assembled delegates.

Elder statesmen, managers and cabinet ministers who form the party hierarchy faced a stark choice between carrying on leadership for the next two or three months in the expectation that Macmillan will recover, or agreeing by Saturday on a hearing apparent who would be ready to take over the minute Macmillan signals he has had enough.

Even though the leaders themselves still were deeply engaged in secret discussion over the claims of rival contenders, it became increasingly evident that the consensus among them was that the present situation could not be allowed to continue. The word in private was that a big effort is under way right now to agree on the man to be designated heir-apparent.

With no warning, the 69-year-old prime minister was taken to a London hospital Tuesday night for removal of a prostate obstruction to his bladder. His doctor said he probably would be operated on Thursday and he would not be fully active "for at least two or three months."

Expected to Quit

The immediate reaction in political circles was that Macmillan, after fending off demands for his resignation produced by the Pro-

3 States Hunt Gunman After Bank Holdup

PEPIN (AP) — Authorities of Wisconsin, Minnesota and Iowa continued to search today for a gunman who held up a branch state bank office in Pepin and fled with loot the Federal Bureau of Investigation said might amount to \$15,000.

The sheriff's office at Durand said early today that no trace had been found of the holdup man, who fled in a 1959 blue and white Ford Station wagon after holding up the Pepin office of the Alma American Bank. The FBI said the car bore either Minnesota or Iowa license plates. Pepin is on the Mississippi River, just across the border from Minnesota.

Describes Robbery

Mrs. Betty Lawson, manager of the office, said she was alone when the gunman entered Tuesday. He told her to sit down and warned that anyone else trying to enter the bank should be told to leave. One woman did enter, Mrs. Lawson said, then left on request.

Mrs. Lawson said that the man ordered her to open the vault, helped himself to its contents, and then asked if there was a rear door. She said she opened it for him, then sat down on the basement steps as directed until he left.

She said the man was wearing a trench coat, white shirt and dark brown hat.

Elderly Woman Dies After Fire Damages Home Near Kenosha

KENOSHA (AP) — An elderly woman died early today in a fire which caused severe damage to a home in the town of Pleasant Prairie.

Mrs. Ethel Jackson, 83, was pronounced dead at a Kenosha hospital, where she was rushed while being given oxygen.

She lived with her daughter and son-in-law, Mr. and Mrs. Harold Thompson. Authorities said the couple was awakened by the barking of a dog but was beaten back by smoke and heat in attempting to rescue Mrs. Jackson. Deputy James Heiring, his clothing wetted by a garden hose, reached the elderly woman in a bedroom and deputy Roger Schoenfeld attempted resuscitation enroute to the hospital.

Mrs. Thompson injured an ankle in jumping from a bedroom window. Two dogs died in the fire. Authorities said cause of the fire, which severely damaged the interior of the home, was not determined immediately.

Project Piggy-Back Completes First Leg

Reporter, Pigs, Land at Miami; Fly to Costa Rica Thursday

Two Weyauwega Duroc pigs completed the first leg of "Operation Piggy-Back to Costa Rica" when their Eastern Airlines DC-7 set down at Miami International Airport shortly after noon today.

Flight connections for the two 50-pound pigs, destined for the farm of Gilberto Rojas, 20, Palmares Alajuela, on the isthmus of Panama, went smoothly after two hectic days of final arrangements.

John Sawall, Post-Crescent New London reporter, is travelling with

Move Flight Up

For a time Monday it appeared the pigs donated by Walter Kaminski, Weyauwega breeder of prize winning Durocs, would be lost in a cloud of red tape. Sawall found, when checking arrangements at Milwaukee, the flight plans had not been dovetailed. He spent the remainder of the day squaring away shipment.

Flight had to be moved up a day. J. L. Walker, Waupaca County agent, was notified and began packing arrangements.

The first attempt in July to ship the pigs to Rojas, a visitor to this country last year, failed. Gilbert had visited at the Kenneth Bleck farm, rural New London, and became interested in breeding pure bred hogs. His homeland has no such program.

Donated Pigs

He promised his hosts when he returned home he would earn money and send for two pigs. In April of this year, he requested shipment. Kaminski, the Blecks and Walker made arrangements but ran into red tape and were unable to ship the pigs. The Post-Crescent then asked Rep. John Byrnes, Green Bay, to help. He cleared arrangements with the State Department and sent in Friday.

U. S. Supply Exhausted

Rare Antitoxin Sought for Boy Victim of Whitefish Poisoning

NASHVILLE, Tenn. (AP) — Medical authorities reported that the last known source in the Western world was being tapped today for rare type E antitoxin serum, being used to treat nine persons hospitalized in Tennessee with deadly botulism.

This came as doctors at Vanderbilt Hospital tried to save the life of Eric Charles Dalton, 5-year-old son of a physicist at the Marshall Space Flight Center at Huntsville, Ala. The lad was rushed from Huntsville to Nashville Tuesday night in critical condition.

Acute Poisoning

Doctors said young Dalton had what appeared to be a "classical case" of botulism. He was administered an antitoxin and placed in a tank of the polio type to aid his breathing.

Botulism, a rare and acute food poisoning, has been blamed for at

least two — and possibly four — deaths in Tennessee and two in Michigan. Seven persons are being treated in Knoxville. Tenn. for the illness and two here, including young Dalton.

A commercial airliner made an unscheduled stop at Knoxville early today to complete the relay of a shipment of type E botulism serum from Toronto. Dr. Robert A. Lash, head of the Knoxville Poison Control Center, said this was the last supply of the serum known to exist in the Western hemisphere.

Lash said Tennessee doctors have been promised a shipment of the serum from Copenhagen, Denmark, but he didn't know how much was available there or when it would arrive. He said the Copenhagen supply is now the last known in the Western world. A shipment of the rare serum was rounded up Tuesday by the

National Health Institute in Washington.

Part of the shipment which arrived in Knoxville early today will apparently be rushed here for continued treatment of the Dalton child.

The boy's mother, Mrs. Charles C. Dalton, told doctors he ate some of the smoked whitefish from Michigan which has become the prime suspect in the deaths and illnesses. No other members of the Dalton family were reported ill.

Products Withdrawn

H.J. Dornbos and Bros., Grand Haven, Mich., fish packer which produces smoked whitefish for sale in a sealed plastic bag, ordered all its products removed from distribution.

The plant has halted its own operations pending results of official inquiries in Michigan and Tennessee.

Bahamian Islands Struck by Hurricane

Flora Picking Up Speed in Moving Into Open Atlantic

MIAMI, Fla. (AP)—Flora, one of the most deadly tropical storms on record, thrashed a handful of thinly populated Bahamian islands today, apparently her last landfall as a hurricane.

Flora's center surrounded by winds up to 100 miles an hour, passed over the island of Mayaguana before dawn, and then she picked up speed and swirled into the open Atlantic at 15 miles an hour.

The Weather Bureau said Flora would move faster and faster as she pressed toward northwestern Europe and England for the next few days. But by the time she reached the North Atlantic, cold air will rob her of tropical character.

Exact Toll Not Known

Flora left behind a trail of devastation and death. Officials at Haiti, hardest hit, estimated the dead at 3,500, but said the exact figure will never be known because the bodies cannot be found. Many parts of Cuba are still under water.

Some of the islands in the southeastern Bahamas were still due for gales.

But the islands, some of which contain U.S. missile tracking equipment, were expected to escape serious damage because of ample warning.

Flora moved off the northeast coast of Cuba Tuesday after pounding the island with winds and rain for five days. Nearly 60,000 persons reportedly abandoned flooded homes in Oriente and Camaguey provinces.

Havana reported that the rain had stopped and the winds abated in Oriente and Camaguey provinces, allowing relief activities to pick up. Relief work also was stepped up in Haiti.

Disaster survey teams reported a pressing need for clothing, shoes

Mr. and Mrs. Wesley Edgren of Venice, Calif., embrace their son, Paul, whom they had mourned as dead. Another boy had taken Paul's motorcycle from its parking place at Venice High School was killed in an accident. A neighbor and relative viewed the body and said the dead boy appeared to resemble Paul. Mrs. Edgren collapsed when she was given the news. Then her son returned home from his part-time job — to a scene of rejoicing tempered by the knowledge that somewhere another couple was now experiencing the same grief they had known. (AP Wirephoto)

Shiocton Board to Discuss Policing Need With Sheriff

Trustees Concerned by Lack Of Village Law Enforcement

SHIOCTON — A meeting "in the very near future" between village trustees and Outagamie County Sheriff Calvin Spice to discuss this community's police needs was decided upon at a regular village board meeting Tuesday.

Village Board President Martin Groth will contact Spice and establish a meeting date Spice will be asked what course to follow in the village to halt a growing problem with law violators. Spice will also be asked to help select either a fulltime or part time constable from at least six applicants who have sought the position vacated last spring by the resignation of Lawrence Roberts, village constable for 10 years. Robert is the street superintendent.

Trustees Wesly Halle, Virgil

Waupaca Fund Drive Goal Is Set at \$8,800

Community Chest Will be Launched Monday at Meeting

WAUPACA — The business, professional and industrial divisions of the 1963 Waupaca Community Chest campaign to raise \$8,800 will be launched at a kick-off breakfast meeting of workers at 7:30 a.m. Monday at Simpson's Restaurant.

Campaign Chairman Robert Stange has appointed George Stoffel as division chairman for this phase of the drive. Edward Dammeler and Gilbert Johnson are co-chairmen of the residential drive which will start Oct. 20.

The business, professional and industrial campaign solicitors are Stoffel, Glen Dake, C. K. Petersen, Allen Pearson, G. H. Stordock, Darold Kramer, Fred Rawson, Sanford Paulson, Richard Leinhardt, Norman Peterson, John Gusmer, Edward Rosenfeldt and Douglas Hadley.

Goal \$8,800

Stange said the goal of \$8,800 was figured on the needs for disbursement among the participating agencies. A total of \$2,200 for Red Cross, \$1,800 for Boy Scouts, \$1,150 for Girl Scouts, \$1,000 for Salvation Army, \$525 for Children's Service Society, \$92 for U.S.O., \$50 for Travelers' Aid Association, \$22 for Wisconsin Welfare Council, \$36 for Wisconsin Service Association and \$25 for Social Health Association.

Also included in the budget is \$450 for cancer research at Jackson Memorial Laboratory, \$450 for heart research at Vanderbilt University Medical School, \$500 for the Association of Mental Health, \$100 for polio research at Yale University Medical School, and \$150 for Arthritis and Rheumatism Foundation.

The drive expenses for literature and printing are estimated at \$250. Stange said all of the workers are unpaid volunteers.

Fire Burns Home At New London

NEW LONDON — Considerable damage was caused when a fire broke out in the home of Mr. and Mrs. Alvin Jaeger, 115 E. Law St., early Tuesday afternoon.

The fire was believed to have been caused by a burner on the kitchen range when the family was away.

The entire kitchen was burned out and part of the dining room was burned. The rest of the home was severely damaged by smoke.

No estimate as to the cost of the damage has been made.

Football Game Friday

Snake Dance Opens Homecoming Activity at Waupaca Thursday

WAUPACA—A busy week is facing students at Waupaca High School during annual homecoming week, highlighted by the Waupaca-Bonduel football game Friday night at the athletic field.

The opening event will be the annual snake dance, bonfire and pep rally Thursday night. The students will assemble at 7 p.m. Thursday at the high school. They will be led by the cheerleaders in a snake dance to the athletic field where a bonfire will be lighted for the pep rally.

Another pep rally is scheduled at 3 p.m. Friday in the high school gymnasium. Homecoming Queen Mary Lou Braatz and her court will be presented to students.

Parade at 4 P.M.

The Homecoming parade will form at 4 p.m. on State Street

Schwandt, John Croell, Louis Tackman and Harold McGlenn refuted statements made by village merchants in a story in last Sunday's Post-Crescent that the situation in the village concerning law enforcement was getting out of hand.

Concern Expressed

Merchants had expressed concern that lack of law enforcement was a danger to the village. Nine breakins occurred in the village two weeks ago, but only one was brought to the attention of the county sheriff's department.

Merchants were critical of the growing speeding and traffic problem, the lack of enforcement of a curfew and control over juveniles in the village.

"If the merchants have had any gripe with the way things have been going," one trustee said, "why didn't they appear before the board and have their say." Trustees said not only merchants but other citizens as well have been reluctant to bring their problems before the board. There were no citizens other than Roberts and the board members at Tuesday's meeting.

Board Divided

Trustees were divided over whether the police situation in the village called for a fulltime or part time constable and whether or not the village should hire an outsider. Of the six applicants, two are from within the village limits. Other applications have come from New London, Neenah and Kaukauna.

One trustee suggested the post be combined with the position of water meter reader.

Some trustees contended that the job of constable "would be tough for about one month" and then would settle down to routine. "He would have to get tough right off the bat," one trustee said.

Board members estimated that police protection for the community would cost "at least \$8,000." Groth said if the village hired a policeman "we would have to get him the tools to work with, including a speed timing device and a squad car."

McHenry Will Serve Wood County Court

WAUPACA — County Judge Wendell McHenry has been assigned to serve as magistrate of Wood County Court, Branch 2, starting Oct. 21 for one week in the absence of Judge Roy Stauff.

The appointment was made by the Wisconsin Supreme Court Administrator. Judge Stauff is ill and other county judges have been assigned to his court during his absence. The assignments have been made from September through December.

Judge McHenry said the Waupaca County Court will be recessed during the week he is away.

Thieves Hit Church

Break-In at Potter Nets Burglars \$1,000

POTTER—More than \$1,000 was taken from the Rantoul Trinity Lutheran Church during a recent break-in, church officials learned at a church council meeting Monday night.

Purpose of the meeting was to attempt to determine exactly how much was taken from a strong box located in the school. According to Armin Schwalenberg, congregation treasurer, nearly \$1,000 in cash and some checks are missing.

The loot, he said, consisted of money for general operating expenses, a share of the parish

Fire of Undetermined origin destroyed the Quality Manufacturing Co. plant at Chilton at 11 p.m. Tuesday. The company manufactures ice cube manufacturing machines. A company spokesman said machines lost in the fire were valued at about \$38,000. Assembly line and other manufacturing equipment also was lost. (Post-Crescent Photo)

New London Board Denies Request for Truant Officer

Personnel Committee Head Cites Help by Police, Few Complaints

NEW LONDON — A request for a truant officer for the school district was denied by the board of education Tuesday night.

Lloyd Qualley, superintendent, explaining the need for a truant officer, said the school officials have neither the time or means to investigate delinquency. He said school officials aren't empowered to act other than to refer the family to the county sheriff's office, where he said the cases often are shuffled and forgotten.

Qualley said a truant officer, empowered to investigate and press charges in court if necessary, would clear the problem for the good of the student and the school.

One Truancy Complaint

Delbert Benn, chairman of the personnel committee, said he had checked with the two sheriff's departments and found only one complaint of truancy was given to the Waupaca County sheriff's department by New London. Benn said the father appeared in court twice on the complaint.

Beno said Outagamie County had not received any complaints from the school system.

With two guidance directors, a principal and the help of the law enforcement officials, Benn said, a truant officer isn't necessary.

Eugene Fuhrmann, chairman

of the finance committee, said

some blank checks and invoices had been lost and his committee has recommended that the bank be notified to stop payment on checks and that duplicate invoices be sent out.

At first Mrs. Conlon thought they had been thrown away. After talking with the janitor she reported the loss to Lester Werner, business manager. Werner called Fuhrmann, who ordered him to stop payment on the checks. Monday ashes in the furnace were checked for paper clips which were attached to the check and invoices.

School Tax Levy

The finance committee also recommended that the city treasurer and townships involved in the school district be notified of the school tax levy to be collected. Other recommendations were to hold back two invoices for further information and that the receipts be published.

Whether or not to add golf to the high school sports program was discussed. Gordon Culver, editor of the New London newspaper, said the curriculum committee has not given golf fair consideration. The committee has recommended that golf be dropped and that wrestling be added.

Mrs. Marion Markman, chairman of the committee on curriculum, said Qualley has asked to have golf on an interscholastic basis. The local golf course is not always open to teen-agers. The golf course is open to the students during the spring, but not during the summer unless their parents belong to the club, she said.

Golf Dropped

The board voted in favor of the board's recommendation to

deny golf and offer wrestling in the curriculum for the 1963-64 school year.

Night classes will be held in business education, welding and woodworking, it was decided by the board.

Werner reported the Sugar Bush well is completed and that the water has been tested and meets requirements.

Draeger Leaves County Police

Committee to Accept Offers at Waupaca For Replacement

WAUPACA—The resignation of Clarence Draeger, Marion, from the county police department was accepted Tuesday night during a special meeting of the Waupaca County Board's law enforcement committee at the courthouse.

Draeger, who has been a county policeman for three years, handed the committee a written resignation stating he was leaving for health reasons, according to Supv. Carl Dretzke, Manawa, committee chairman. Dretzke announced applications to fill the vacancy will be accepted until 8 p.m. Oct. 21. The application forms are available at the office of County Clerk Robert Backer.

Draeger's resignation was effective Tuesday, Oct. 8.

Weyauwega Enters One-Act Play Contest

WEYAUWEGA—"The Old Lady Shows Her Medals" has been selected as Weyauwega's entry in the Central Wisconsin Conference one-act play contest. Members of the cast are: Pvt. Dowey, Dwight Schafer; the Rev. Mr. Wilkerson, Tim Bratz; Mrs. Dowey, Mary Keeney; Mrs. Mickleham, Madelon Ulecht; Mrs. Haggerty, Pat Buchholz and Mrs. Tully, Trudi Hahn.

Miss Mariann Tennesen is directing the play.

Plant Fire Loss May Exceed \$100,000

GOP Plans 'Grass Roots' Fund Drive

The Wisconsin Republican Party wants to get at the "grass roots" for financial contributions.

A GOP group met Monday at the Conway Hotel to make plans for a door-to-door drive, to be held later this year for raising funds to defray 1963 operating expenses.

The drive will be modeled after a successful idea used by Minnesota Republicans in fund-raising. The door-to-door drive raised \$260,000 in that state last year.

The state party has selected three key counties — Outagamie, Winnebago and Kewaunee — to try out the idea. If it proves successful, another drive will be held in 1964 to bolster the party's campaign fund.

The major aim of the drive, according to Mrs. Talbot Peterson, Outagamie County drive chairman, is to get to the small contributor who usually is never approached.

Workers hope to call on all Republicans in the three counties.

Tipsy Driver Fined \$150

Walter Butts Found Guilty by Winnebago County Court Jury

OSHKOSH — Walter A. Butts, 51, 1824 E. College Ave., Appleton, was fined \$150 and costs Monday afternoon by Winnebago County Judge James Sitter.

Butts was found guilty last Thursday night of drunken driving by a 12-man jury. Sentencing had been deferred until Monday. He was arrested July 9 on County Trunk P in the Town of Menasha.

Talk on Service With Coast Guard Vessel

FREMONT — James Sanders, route 1, Fremont, showed colored slides Thursday night to the St. Paul Lutheran Church Men's Club with his talk on service with a Coast Guard icebreaker in the Antarctic.

Frank Wendland was chosen a delegate to the Northwest District Lutheran Layman's League convention.

Low Night School Attendance Likely

Waupaca Board of Education Sets Minimum Enrollment for Classes

WAUPACA — The board of education Tuesday night learned the proposed evening classes for adults and high school students apparently will not be well attended.

Clarence Riddle, high school principal, reported only 27 people have registered for the classes scheduled to start Tuesday night.

Riddle said four people signed for art, two for agriculture, seven for bookkeeping, three for home economics, three for industrial arts and eight for typing.

Board Confused

Members of the board admitted they were confused by the small enrollments. Apparently there was more interest before the classes were announced.

The board set the minimum at-

Ice Cube Machine Manufacturing Firm Destroyed; All Available Equipment Fights Chilton Blaze

CHILTON — Fire of undetermined origin destroyed the Quality Manufacturing Co. plant Tuesday night causing damages which could run near \$100,000.

Actual losses in the firm's ice cube machine manufacturing facility north of W. Grand Street at the end of Mill Street has not been determined. Norman Lundeholm, head of the company, said damages would exceed \$50,000.

"At this point I don't know exactly how high the losses will run," Lundeholm stated. "Some 50 completed ice cube machines, with a minimum retail value of \$38,000, were destroyed. Much of the firm's assembly and manufacturing equipment was in the plant," he added.

Outer Walls

Only the outer walls of the 96 by 54 foot building remain standing. Fire Chief Norbert Sturm was alerted about 11 p.m. Tuesday by Gregory Meyer, Chilton, who reported seeing smoke near one of the grain elevators.

Sturm investigated and found flames shooting from the north wall of the plant. He said he believed the entire inside of the building was blazing when the fire was discovered.

Every available fire fighter was summoned to the scene. The department's three pumper units were manned by the volunteers who brought the blaze under control within an hour, except for a small storage area which contained cardboard cartons.

Firemen contained the flames to the one plant, preventing damage to a cluster of nearby buildings including two grain elevators and a feed mill. One of the grain storage facilities was less than five feet from the burning building, and the feed mill was only 25 feet away.

Sturm said the fire burned stubbornly for several hours, and fire-fighters remained on the scene until 7:30 a.m. today.

When they left, the building was virtually destroyed. Only the outer walls were standing.

Man Injured

One volunteer was injured when firemen went inside the building to douse the flames. Arno (Pete) Bruckner was pinned between a ladder and debris from a collapsed wall.

Bruckner was taken to Calumet

Memorial Hospital where X-rays showed there were no broken bones. He was admitted for observation and treatment of bruises and abrasions.

20 Without Work

This fire represents a setback for the company, which began production in Chilton about three years ago. About 20 local employees now are without jobs. Production will have to be curtailed indefinitely, it was reported.

Chilton's fire department fought its second major fire within 48 hours. Early Monday morning they were called to a fire on the farm of Mrs. Gertrude Ploekelman, north of Chilton, where a blaze destroyed two large farm buildings.

Winnebago Farm Bureau Selects Head

Paul Fowler Gets Top Position in County Group

WINNECONNE — Paul Fowler, Town of Black Wolf, was elected president of the Winnebago County Farm Bureau at its annual meeting Monday night at Winneconne High School.

Floyd Grundy, Town of Oshkosh, was elected vice president, and Wilmer Rickmann, Town of Wolf River, was named secretary-treasurer.

Elected directors were Claude Miller, Town of Algoma; Paul Fowler, Black Wolf; William Eckstein, Clayton; Carlton Haase, Town of Menasha; Vernon Klambund, Nekimi; Alvin King, Town of Omro; Floyd Grundy, Town of Oshkosh;

Floyd Davis, Poygan; Bernard Zarling, Rushford; Munsil Williams, Utica; Emil Schmoker, Winland; Lester Mathison, Winchester; Kenneth Krings, Town of Winneconne, and Wilmer Rickmann, Wolf River.

Delegates to the annual state meeting of the Farm Bureau at Fond du Lac Nov. 9 are Gordon Raddatz, Lawrence Bradley, Lester Mathison and Arthur Tigert. Alternates are Howard Beck, Arden Christensen, Herbert Helms and Carl Kuchenbecker.

A Winnebago County Farm Bureau women's organization was formed with Mrs. William Wiesner, Town of Winneconne, as chairman. Mrs. Paul Fowler was named vice chairman, and Mrs. Munsil Williams, secretary-treasurer.

Farm Bureau members indicated they favored abandoning all federal government price supports for farm products in the "shortest possible time." Price supports over the last 30 years have not eliminated the imbalance between production and market needs, they indicated.

As a means of raising farm income, they urged new approaches be developed to the expansion of markets for farm product and expansion of efforts of the Farm Bureau in various marketing and trade programs.

In other resolutions, the county organization favored removal of the six cents per pound cushion tax on oleomargarine but maintained opposition to the sale of oleomargarine colored the same as butter.

State and national legislation was favored to increase the legal butterfat content of bottled milk from 3.1 to 3.5 per cent and to increase the fat content of ice cream from 13 to 15 per cent.

Attend Meeting

CLINTONVILLE — Members of the Christus Lutheran congregation will attend a Lutheran Welfare workshop at Zion Lutheran church, Appleton, at 7:30 p.m. Thursday. Information will be given on work of the Lutheran Welfare.

License Violations Draw Fine, Jail for Stockbridge Man

CHILTON — A former rural 10 days; displaying a license Stockbridge man who pleaded guilty to four motor code violations Monday in Calumet County Court faces a possible 73-day jail on a car, \$10 or three days.

William A. Dostator, 27, was sentenced to 30 days in jail and fined \$75 by Judge D. H. Sebora on a charge of representing a valid a revoked driver's license. If the fine is not paid, the charge will draw an additional 20 days in jail.

The other three charges against Dostator and the sentences which resulted are driving after revocation of his driver's license, \$20 or

George Zachow, Left, vice president of Atlas Conveyor Co., Clintonville, shows a bucket conveyor to William Schilling and Chris Schultz, both of Clintonville, recently during open house at the firm. 25 Criminal Cases on Fall Court Calendar

Charge Against Delmar A. Mudd, Waupaca, Dismissed

WAUPACA — Twenty-five criminal cases are on the fall County court calendar, which was called Monday by Judge Wendell McHenry.

One of the cases, a charge of operating a vehicle without the owner's consent against Delmar A. Mudd, 37, Chicago, was dismissed on a motion of Dist. Atty. Gerald K. Anderson. Mudd was arrested for taking a car owned by his father, Arnor Mudd, Town of Dupont, on Aug. 23. Anderson asked the court for a dismissal because it was requested by the man's parents.

Two of the four charges against Dennis Lee Wilson, 21, Milwaukee, formerly of Weyauwega, were dismissed on a motion by Anderson. Charges dismissed are resisting arrest and escape from custody. He was arrested Sept. 3 in Weyauwega. His attorney said Wilson will plead to charges of frequenting a liquor bar while posted for disorderly conduct.

Held For Trial
Seven of the cases are being held for trial. Judge McHenry ordered bench warrants issued for the arrest of three people who did not appear in court. The other cases were held over through the term, which indicates future dates will be set for the hearings when arraigned by the defense and prosecuting attorneys.

An ordinance violation case out of Clintonville will be tried on Nov. 14.

An issue of fact for the jury was ordered held over and a divorce trial was ordered for Oct. 16.

8th Grade Students Recall History of Fremont in Project

FREMONT — Using pictures and records preserved by older residents of the community, the eighth grade social studies class of the Fremont State Graded School learned of Fremont's past.

The history study, according to Mrs. Alfred Hasse, principal, started with marking the historical spot of the first Indian tribes crossing on the Wolf River. Three eras were covered in the study.

They included model reproductions of the community area using construction paper to represent various buildings. Among these were the former pearl button and sawmill industries. Also shown was a representation showing the extent of village flooding by the Wolf River in 1922.

'B' Cheerleaders at Weyauwega Elected

WEYAUWEGA — "B" team cheerleaders, who will lead the cheers for the junior varsity basketball team at Weyauwega Union High School, have been elected by the student body. Named to the squad are Lynn Abraham, Ellen Birkholz, Diane Meidl, Susan Munsch and Connie Wohlrahe.

662 by Stern Tops Bowling In New London

NEW LONDON — Bill Stern blasted single games of 236, 243 and 173 for a grand total of 662 to take top honors in the Major League at Van's Bowling Alleys last week. Stern bowls for Van's Alleys. Del Wolfrath also topped the 600 mark with a 624 trio for Kamke's. His top single game was a 238.

Other good scores were rolled by Toney Sievers 225, Maynard Blink 540, Robert Paulson, 564, Lee McIlbrath 550, Herman Gagnow 555, Harold Sief 550, Bob Hauk 550, and Gilbert Kroll 225.

Top keggers of the Good Sports League were Louis Poepeke and Louis Stern with 583 each and Bob Laux who rolled a 225 game. Laux turned in a 572 series and Fred Vance posted a 550 for other honorees.

Meters Net Over \$900

Clintonville's Police Chief Gives Monthly Report

CLINTONVILLE—Parking meter collections for September were \$888 with \$25.50 in parking meter fines for a total of \$913.50, according to the monthly report of Police Chief James Beggs.

Fines for the month were \$355, with costs of \$30.80 for a total of \$385.80.

There were 11 arrests during September, six for speeding, two for operating vehicle after revocation, and one each for failure to yield, disregarding signs or signals, and disorderly conduct.

Three Investigations
Three investigations were conducted for the license committee. Two death messages were delivered. Five calls were turned over to other departments. Two football games were policed. Safety patrols were set in operation at the three schools.

Six accidents were investigated, five accidents reported to other departments, seven escorts, five out-of-state vehicles checked, 19 Conservation Department calls received, seven 5-day tickets issued, two fire calls, one child found, two dogs or cats killed and two warnings issued, 13 doors or windows found open, one rescue call and 135 calls handled.

Chief Beggs attended the chiefs' convention at Milwaukee on Sept. 23, 24 and 25.

Serve Bear Meat At Meeting of Legion Post at Clintonville

CLINTONVILLE — The regular meeting of the Tilleson-Strehlow-Klitz American Legion Post 63 will be at 8 p.m. Thursday in the Veterans Memorial building.

Highlight of the lunch will be bear meat. Max Wisniefski donated.

The Veteran's Day party will be Nov. 9. A joint meeting with the Lions Club will be Nov. 12. This will be a dinner meeting with a Legion speaker on National Education Week. The annual venison dinner will be held Dec. 5.

Iola Man Forfeits \$131 on Traffic Counts

WAUPACA — Lyle J. Cady, 27, route 2, Iola, forfeited bonds totaling \$131.50 Monday to Municipal Justice George Whalen for leaving the scene of an accident and inattentative driving.

Cady was arrested by county police for hitting a power pole and some fencing Aug. 31 on County Trunk GG in the Town of Helvetia. He left the scene of the accident and abandoned his car at a tavern where it was found by police.

Final Arrangements for Waupaca Homecoming Set

WAUPACA — Final arrangements for participation in Waupaca homecoming activities Friday were completed Monday noon by members of the Downtown Coaches Club.

Tom Holly, program chairman, said the Downtown Coaches and the Lions clubs will jointly sponsor the special events.

All of the children participating in the homecoming parade Friday afternoon will receive free passes to a movie, compliments of the management of the Rosa Theater. Twenty of the young marchers will receive silver dollars from the Coaches Club. The Lions will award cash prizes to the best floats in the homecoming parade.

A dinner for the homecoming queen and her court and last year's queen and their fathers will be at 6 p.m. Friday at the country club. It will include the presentation of gifts to the queen and her court from the Lions Club and from members of the Coaches Club. The queen will receive the County Post trophy.

The Coaches Club will arrange transportation in convertibles for the queen and her court for the parade and the homecoming half-time pageant.

Boy Scout Troop 37, Waupaca, Held a court of honor regently. From left are Mike McDaniel and Gene Berken, tenderfoot scouts; Dennis Hart and Allen Pennebecker, first class; Allen Pennebecker, star scout, and Brian Godfrey, star scout, parents and leaders, Mrs. Frances Forseth, Mr. and Mrs. Edward Hart, Mrs. Mearl Pennebecker, Scoutmaster Kenneth Youngson, Tom Godfrey and Don Jensen, district camping chairman. Gordon Cronce will lead the freshman class. Other officers are: Tim Bratz, vice president; Kathy Boyles, secretary; Holly Masaros, treasurer.

Lowell Hoelt has been elected president of the library club. Pat Redemann has been named vice president and Mary Keeney, secretary-treasurer.

District Officer Inspects Auxiliary

NICHOLS — District Senior Vice President Mrs. Russell Huebner made the annual inspection tour at the Wednesday meeting of the auxiliary to Veterans of Foreign Wars Post No. 6769. She was assisted by Mrs. Nancy Hidde.

Members discussed plans for the annual Veterans' Day dinner. Details will be announced later.

Shows War Photos

CLINTONVILLE — Monte Obrecht, Clintonville, showed photographs he took during World War II at the Monday noon luncheon meeting of the Rotary Club at the Hotel Marson. Vern Starks was program chairman.

Punt, Pass, Kick Entries Asked by Contest Director

BLACK CREEK — Richard Timm, competition director for the Black Creek punt-pass-and-kick program for grade school boys, ages 8 to 11, said today registration for the Black Creek, Shiocton and Nichols areas will close Friday.

Registration may be made at Murphy Motors, sponsor of the local competition. There is no charge or special equipment needed, but entrants must be accompanied by a parent or guardian.

Prizes in the Black Creek contests include Green Bay Packer warm-up jackets for top winners, football helmets for second, and autographed footballs for third place winners.

Area winners, determined by comparing scores of all state winners, will receive expense-paid trips for finalist competition at a Green Bay Packer football game.

Ronald Pahlke Is Captured by Police

Court Names Attorney for Man Who Pulled Knife at Tavern

Ronald Pahlke, 26, 705 N. Appleton St., subject of a police search since Saturday night after he pulled a knife at a southside tavern, was captured by county and city police south of U.S. 10 and Bluemound Drive about 10:30 p.m. Tuesday.

He appeared in Outagamie Court, Branch 2, today where Judge Gustave Keller appointed Atty. Kelland Lathrop to represent him. Judge Keller then continued the matter until Friday and ordered Pahlke held without bond in the county jail.

Police said Pahlke was seen in the parking lot of the Elm Tree Bakery, 3300 W. College Ave., where he had gone with a friend to get a payroll check.

Appleton Dets. Carl Thiel and Merlyn Brux saw Pahlke in the front seat of a station wagon. Pahlke's friend, a woman employee at the bakery, had left the car to get her payroll check.

Surrenders to Police

Pahlke drove from the parking lot after being seen by police and headed north on Bluemound Drive. He stopped the car near the railroad tracks south of U.S. 10 and surrendered. He was taken to Appleton police headquarters where he was questioned.

During questioning with his wife, Sharon, present, Pahlke became belligerent and smashed his handcuffed hands through two window panes in the detectives office. He was treated for cuts and a possible broken knuckle at Appleton Memorial Hospital.

Pahlke is on parole from the state prison at Waupun, and faces a warrant charging him with threats with a knife was issued Tuesday by Dist. Atty. Nick F. Schaefer.

Police said Pahlke was captured when they were tipped off through a tapped telephone line that Pahlke was seeking his wife's help in getting his payroll check at the bakery. He asked his wife to take a cab to the bakery and meet him there.

Later he called his wife and told her that his check had been "pulled" and was not available. Police had staked out the bakery when it was learned Pahlke might show up about 6 p.m.

Later it was learned Pahlke was seen with the woman employee Tuesday afternoon. She called the bakery Tuesday and said she was coming to claim her payroll check.

Parking Lot Checked

Thiel and Brux again went to the bakery parking lot where they met Sheriff Lt. Joseph Vandenoever. Vandenoever was checking cars near the rear of the bakery when Thiel and Brux saw Pahlke in the station wagon.

Pahlke told police he slept near the Alexander gymnasium on the southside Sunday and Monday nights. He said he threw away the knife after he ran from Heinie's Tavern, 148 S. Walter Ave. Saturday night after eluding two policemen who had arrested him. Pahlke said the knife was not a switchblade (illegal in Wisconsin) but was a two-inch hunting knife.

General Electric's Chief Will Retire

NEW YORK (AP) — Ralph J. Cordiner, 63, said he plans to devote himself to his citrus and cattle ranch in Florida before his compulsory retirement at 65.

Succeeding him as chief executive of the world's largest electrical goods manufacturing firm will be Fred. J. Borch, 53, now executive vice president for operations.

Homecoming at Clintonville Senior High School will be Oct. 26 with New London. Nancy Karlson, front row, center, is homecoming queen. Her court, in the first row, from left, are Sue Kasson, and Sue Barker, and in back row, same order, Janet Peters and Barbara Olmsted. (Laib Photo)

20 College Presidents Will Be at Dr. Tarr's Installation

Program Oct. 17 to Include Dedication of Trever Hall

More than 20 midwestern college presidents plus academic dignitaries from both coasts will appear at Lawrence College Oct. 17 for a double celebration—the installation of Dr. Curtis W. Tarr as twelfth president—and dedication of A. A. Trever Residence Hall for Men.

Dr. Tarr takes his place in a distinguished line of Lawrence presidents, which includes Dr. Henry M. Wriston, eighth president of Lawrence and now president emeritus of Brown University; Dr. Nathan M. Pusey, tenth president of Lawrence now head of Harvard University, and Dr. Douglas M. Knight, who this fall assumed the presidency of Duke University.

Taking major roles in the installation events at 10:45 a.m. in Memorial Chapel will be Dr. E. Howard Brooks, associate dean of the graduate division of Stanford University who will present the new president for investiture, and Brig. Gen. Georges F. Doriot (U.S.A., ret.), professor of industrial management at the Harvard Graduate School of Business Administration. Dr. Brooks was a colleague of Dr. Tarr's in his most recent position as associate dean of the humanities division at Stanford. General Doriot was Dr. Tarr's professor during graduate work at Harvard.

Speaking at the dedication of the dormitory at 2:30 p.m. will be Karl L. Trever, special assistant to the archivist of the United States who acts as liaison between the National Archives and the libraries of former presidents. Trever is the son of the man honored by the dormitory—Dr. A. A. Trever, who taught ancient history at Lawrence from 1905 to 1940. Dr. Trever was author of several highly-regarded texts, among them a two-volume History of Ancient Civilization.

Both father and son are alumni of Lawrence College, and Karl Trever received the college's Alumni Distinguished Service award in 1962.

Presidents of other associated colleges coming for the event are Miller Upton, Beloit; John Nason, Carleton; Fred O. Pinkham, Ripon; Sidney A. Rand, St. Olaf; and Blair Stewart, president of Associated Colleges of the Midwest.

Presidents of private state colleges in attendance will be Sister M. Aquin, O.S.F., Cardinal Stritch College; Sister M. Rosita, O.D., Dominican; John B. Morland, Lakeland; E. C. Wallenfeldt, Milton; John B. Johnson, Jr., Milwaukee Downer; Sister M. John Francis, S.S.N.D., Mount Mary; The Very Rev. D. M. Burke, O. Praem., St. Norbert; and Sister M. Justille, F.S.P.A., Viterbo.

Other Representatives

Other administrators representing private state colleges are Sister M. Melchoir, dean of Edgewood College of the Sacred Heart; Sister M. Pierre, dean of Marian College; and the Rev. John G. Holbrook, S. J., associate director of development, Marquette University.

Administrators representing the state college system include: Provost Martin Klotzsche and Dean Charlotte Wollaeger, University of Wisconsin—Milwaukee; President Lenard C. Haas, Eau Claire; President Rexford S. Mitchell, LaCrosse; President R. E. Guiles, Oshkosh; President E. H. Kleinpell, River Falls; President James H. Albertson, Stevens Point; Dean Charles J. Graham, Whitewater; President William J. Michaels, Stout; and Verne Imhoff, director of the University of Wisconsin's Fox Valley Center.

Dean Wollaeger of UW-M is a one-time dean of women at Lawrence and an honorary degree recipient. President Mitchell of LaCrosse is a Lawrence alumnus and one-time member of the admissions staff.

Personal guests of President

George Mathews, Jr., Columbus, Ga.

Special guest at the dedication of Trever Hall will be Miss Ruth Trever, Highland Park, Ill., daughter of the honoree.

Juvenile Officer to Address Christian PTA At Lutheran School

KAUKAUNA — Lt. Joseph Vandenoever, juvenile officer for Outagamie County, will speak on the "Juvenile Delinquency" at a meeting of the Christian Parent-Teacher Association of Trinity Lutheran School at 7:30 p.m. Monday.

A film on the subject will be shown followed by a question and discussion period. Sheriff Calvin the court it was "not hard" to sent time, however, the registration of checks in 'Appleton. He then is not reaching expectations. The bank officer did not see the need for classes.

Forger Enters Guilty Plea in County Court

Parolee Says He Could Pass \$1,000 in Worthless Checks in Only 15 Minutes

An Iron Mountain, Mich., man recognized Parent as the account who told County Judge Gustave Keller that Appleton was an easy place to pass worthless or forged checks, pleaded guilty Monday to three counts of check forgery.

Kenneth Parent, 41, claimed that it would be possible to walk the length of College Avenue and pocket almost \$1,000 in money obtained from passing worthless or forged checks among the merchants.

Judge Keller ordered a presentence investigation and continued sentencing until Oct. 21. Parent is being held in the Outagamie County jail without bond.

Pleads Guilty

Parent pleaded guilty of passing checks on Sept. 9, Sept. 20 and Sept. 25 for a total of \$325. Two of the checks were passed in Appleton and one was passed at a Little Chute store.

Parent admitted he passed six other checks in Appleton and Little Chute and attempted to pass two others. Total amount of all checks passed was \$865. He said all the checks were passed in the last two weeks.

Among the checks which Parent returned to their "school" ent admitted passing was one on "learning" have been invited to which it was impossible to read register for a series of courses or distinguish two signatures appearing on the check. Parent said School faculty members, according to the check, he passed that check for \$75 mg to Clarence Riddle, principal when he was drunk.

On one other check, the words open to Waupaca and area residents "Specimen Void" had been crossed out at a nominal charge.

The classes will open at 7:30 p.m. Tuesday at the high school. The check was drawn on a Memphis, Tenn., bank. Police instruction will be offered in behalf of the check was the type used in typing, industrial arts, agriculture, home economics and speech.

On one occasion, Parent said he went to a southside store and attempted to pass a check, but the store manager refused. Parent said he was drunk at the time.

Detestives testified that Parent recent meeting urged the formation of the classes as a number said he could walk along College Avenue and pass \$1,000 in checks of adults suggested interest in "15 minutes." Parent also told taking special courses. At the present time, however, the registration of checks in 'Appleton. He then is not reaching expectations. The bank officer did not see the need for classes.

Plan Classes For Adults At Waupaca

WAUPACA — Adults interested in returning to their "school" ent admitted passing was one on "learning" have been invited to which it was impossible to read register for a series of courses or distinguish two signatures appearing on the check. Parent said School faculty members, according to the check, he passed that check for \$75 mg to Clarence Riddle, principal when he was drunk.

On one other check, the words open to Waupaca and area residents "Specimen Void" had been crossed out at a nominal charge.

The classes will open at 7:30 p.m. Tuesday at the high school. The check was drawn on a Memphis, Tenn., bank. Police instruction will be offered in behalf of the check was the type used in typing, industrial arts, agriculture, home economics and speech.

On one occasion, Parent said he went to a southside store and attempted to pass a check, but the store manager refused. Parent said he was drunk at the time.

Detestives testified that Parent recent meeting urged the formation of the classes as a number said he could walk along College Avenue and pass \$1,000 in checks of adults suggested interest in "15 minutes." Parent also told taking special courses. At the present time, however, the registration of checks in 'Appleton. He then is not reaching expectations. The bank officer did not see the need for classes.

Youth Succumbs to Accident Injuries

MILWAUKEE (AP)—A 17-year-old Racine youth died in a Milwaukee hospital Tuesday of injuries sustained in a fall from an automobile in Racine Monday night. Racine authorities said he fell from a rear fender of an automobile traveling through an alley and suffered a skull fracture.

State Auditor Replaced by Gov. Reynolds

CONTINUED FROM PAGE 2
main in office on an indefinite basis, even without confirmation, even as Keliher has held the office during the last two years in spite of the expiration of his term.

Disliked by Nelson
Keliher was disliked by former Gov. Gaylord Nelson who tried to replace him in a similar way—by the selection of another professional civil servant as his successor. But Nelson submitted his choice to the senate, which for two years has ignored it, with the result that Keliher has remained in charge of the auditing division on a "de facto" basis.
If the courts sustain him, Reynolds will have outsmarted the Republican senatorial opposition by sidetracking the confirmation procedure and even though

Keliher Declines To Quit Post

MADISON (AP)—State Auditor J. Jay Keliher declined today to give up his job to John C. Gibson, who was appointed to the post Tuesday by Gov. John W. Reynolds.
Gibson showed up in Keliher's office, apparently intent on carrying out Reynolds' intention that he assume duties immediately.
Keliher was at his desk and declared he did not believe he had been legally relieved of his duties.

the senators clearly prefer Keliher, they will be powerless to do anything about the situation unless they win the governor's office in the next election.
There was an air of tense excitement in the executive office Tuesday as Gibson was summoned, apparently without forewarning, to take the powerful auditing office and to take the oath of office without delay.

Outside Office
Gibson acquiesced. The oath was administered by a receptionist in the outside office of the governor's chambers.

In contrast to Gov. Nelson, Gov. Reynolds has never shown any personal animosity toward Keliher. He telephoned the auditor a half hour before the public announcement of his dismissal, and explained what he was doing and why. Keliher apparently regarded the personal notification as a courtesy and reportedly thanked the governor for avoiding the embarrassment of getting the news from capitol reporters.

Professional Accountant
Gibson is also a professional accountant, but his work has been mostly in state government managerial capacities, rather than in auditing. He has had major assignments from Republican governors, but is not especially identified as a partisan. In a normal situation, he would probably have some backing from Republicans for a state office appointment, but he would be unable to compete with Keliher in a test of backing in the Republican state senate today.

Gibson is 41. Keliher is 57.
There was speculation in the capitol about his freedom of action in the bitter struggle for control of the auditing office. Gibson is now a subordinate of Howard Koop, commissioner of administration, who in turn holds office at the pleasure of Gov. Reynolds. To have declined the nomination for the higher paying state auditor position might have endangered his position in the administration department.

Okay Building Of Breakwater At Green Bay

Post-Crescent Madison Bureau
MADISON—Construction of an additional breakwater at the mouth of the Oconto river in Green Bay by the city of Oconto has been authorized by the state public service commission.

The new structure will extend from a public road which runs northeasterly from the junction of Harbor road and Bayshore road to the Green Bay shore. It will extend into the bay about 2,350 feet from the high water shoreline and will be about 435 feet northwest and parallel to an existing breakwater on the south side of the Oconto river entrance channel.

The breakwater will have a top width of 24 feet, and will have a circular turn—around with a 50 foot radius at its end.

The commission said the construction will aid navigation and improve the Oconto harbor facilities.

Decline Reported in Russian Fishing Craft

WASHINGTON (AP) — The Interior Department reported Tuesday a sharp reduction last month in the number of Soviet fishing vessels on and near Georges Bank in the northwest Atlantic.

It estimated about 100 vessels were in the area at the end of September, compared with about 200 throughout the summer and until August.

- Heavy pile yarns are made of continuous unbroken fibers. Have remarkable resistance to breaking.
- Kids can play on it, teenagers can dance on it—even such grueling punishment can't make the fibers shed.
- Naturally mothproof...a feature that lasts the entire life of the carpet. Mildew-proof, too.
- Remarkable soil resistance, most spills wipe away quickly. Wide color selection.

Aid to Hurricane Victims

As Hurricane Flora begins to blow herself out in the Atlantic the United States is already readying aid to the people of two countries which have spurned our political advice and which have denounced us as interfering enemies.

Haiti is probably no less an absolute dictatorship than is Cuba. Duvalier extended his own term of office when it was about to expire and when he had doubts that he would be elected in an honest balloting. He maintains his control with guns, he even carries one himself.

And Cuba of course is the pawn of international communism with Fidel Castro its whiskey spokesman. He would like nothing better than to have the entire

United States sink, like Atlantis, into the ocean.

But once more we have a chance to alleviate human suffering, caused this time not by the stupidity and callousness of rulers but by a freak storm of nature which pays no attention to political differences. The sending of surplus foods and the offer of medical aid is not part of our over-all foreign aid program. We have come to realize that we cannot feed all the peoples of the world so our regular aid must be used in the places where it can help politically as well as materially.

But we can feed and succor the dispossessed and the miserable in Haiti and Cuba if their masters will let us. And we should.

The City's Water Supply

The all-important water supply question for the city of Appleton comes before the city council at a special meeting tonight. Mayor Clarence Mitchell plans to ask the council to authorize the Board of Public Works to hire the necessary consultant or consultants to make a detailed study of the problem and prepare specific recommendations.

To date all the city has in hand is a general study of possible sources of water supply for the city which was made in 1961. That study concluded that the best solution was for all of the cities in this area to join in a cooperative project, using Lake Michigan as a source.

A number of conferences and discussions have taken place on this subject and

all the other communities concerned have informed Appleton that they are not interested in a joint project for various reasons peculiar to their own situation.

This means that the city of Appleton now must seek its own solution to its future water supply. If we read the feeling of the community right, there is general agreement the present Fox River source is obsolete. There has also been no sign of general opposition to an increase in water rates to finance a revenue bond issue to provide an adequate supply of good quality water.

It is vital that detailed studies be undertaken immediately leading to a recommendation as to the best solution for the problem. The council should so empower the Board of Public Works tonight.

A New Economic Theory

For many years Democratic Administrations in Washington have supported the economic theory that Federal spending stimulates the economy. Massive pump-priming began with President Roosevelt in the depression of the 30's.

President Kennedy expounded these views in his early years in the White House. But later he advanced a new theory, that cutting federal taxes should accompany spending.

In Congress today there is considerable sentiment for a further modification of the theory. There is more or less universal agreement that reducing the tax burden offers the greatest hope for long-range economic prosperity. The disagreement has been over whether spending should continue. And Congress seems to be throwing its weight behind a determined effort to reduce spending along with taxes.

Following its passage of the tax reduction bill the House seems to be in a strong economizing mood. Chairman Wilbur Mills

of the Ways and Means Committee said bluntly that tax reduction should be a substitute for spending. The immediate result may be to kill pending measures for emergency public works projects and funds for depressed areas.

The House Appropriations Committee has voted deep cuts in civil defense, space and science programs. The committee cut \$1½ billions from a bill financing 26 executive agencies and offices. Foreign aid is also in real trouble, with the Senate Foreign Relations Committee warning that it may make deeper cuts than even the House voted.

When President Kennedy addressed the conference at Duluth on problems of northern Minnesota, Wisconsin and Michigan, he told the delegates that the tax cut bill was one of the measures before Congress which promised to be of real help for those areas. Maybe the President himself has done such a good selling job on tax reduction that he has endangered his own spending proposals.

Governor Barnett on Tour

Governor Ross Barnett of Mississippi and a few other segregationist leaders of the south have been invited to speak before the student bodies at Princeton, Harvard and Yale. The invitations came from conservative student groups and do not represent any official sanction by the universities themselves as to the opinions expressed.

But integrationist groups have held rallies to protest the appearance of any of those who speak for segregation. And they have gone so far as to make it necessary for the segregationist speakers to be given police protection.

Quite likely civil rights advocates would not be requested or permitted to speak at the universities of Mississippi or Alabama and perhaps in other state supported institutions in the south. Perhaps it is a good

idea to let Governor Barnett view mob protest when he is on the receiving end.

But in reality the integrationists in this case are allowing their own emotions and prejudices to take control. Governor Barnett, as the duly elected governor of a state, should be able to accept the invitation to speak and present his views on integration. Undoubtedly most of the students would not agree with those opinions. They don't have to listen to them.

But Governor Barnett has the right to present his case. The best possible reception for him should be cool courtesy, quiet listening and a mere acknowledgement of his point of view. Freedom of speech is not important to those who are in the majority. It becomes sacred to those who are giving opinions which are anathema to the majority whether they are in one particular part of the world or another.

Looking Backward

11 Outagamie County Men Killed

100 YEARS AGO
Quoted from the Appleton Crescent for Oct. 17, 1863.

Fort Scott, Kansas — Oct. 8, 1863 — Capt. (Theodore) Conkey — Dear Sir: I send you later and sadder news from Baxter's Springs. Several more of our boys have come in. They report Co. A of the 14th Kansas fled without firing a shot and left Co. I (Wisconsin Third Cavalry) to withstand the charge of 500 men. The rebels came down upon us two deep. The boys reserved their fire until the enemy was within 10 rods, then they fired a volley, emptying many saddles.

But on they came, broke up the line and prevented any new formation. Our boys then fought them singly and in squads as best they could. The rebels are supposed to have lost as many men as we did.

The few men that are left came into Baxter's Springs, with the exception of a small squad who came here. The following list of killed and wounded I procured from Headquarters today:

Killed — Sergt. Burlingame, Corporals Beam, Hopper, Hart and Murphy, Privates Brewer, Clark, Dempsey, Gallea, Massinger, Pond, Rice, Reckard, Dennis Smith, Woodall, Wright, Van Camp, Zahner.

Wounded — Spangler, Frank Arnold, Albert McCune, Jesse Smith.

Respectfully, H. B. Eastman

The above sad intelligence we are permitted to publish. The letter is from the Orderly Sergeant of the Company and was sent to Capt. Conkey. He had previously left to return to his company.

Eleven of those gallant boys were from Outagamie County. They fought bravely against fearful odds and have sealed their devotion to their country with their life's blood.

25 YEARS AGO
Wednesday, Oct. 5, 1938.

Eduard Benes, target of Adolf Hitler's enmity, resigned that day as president of Czechoslovakia in the best interests of his country. In Germany, Hitler and his officials were drawing up claims of "reparations for injustices" inflicted by the Czechs on the Sudeten Germans since 1918.

A pigeon flown by Robert Bernard, Kaukauna, won the annual concourse for birds from Britt, Iowa, the previous day.

New officers of the Appleton High School Latin Club included Donald Smith, treasurer, Mill-cent Powers, secretary, and Catherine Roemer, social chairman. Co-consuls elected the previous spring were Virginia Gorow and Walker Lilige.

Martin Killoren, Appleton, was a new student at the Chicago College of Dental Surgery. He studied for two years at Lawrence College.

Jean Thomas was elected president of the Nature Study Club at Appleton High School. Other officers were Pat Nile, vice president, Kathleen Krause, secretary, and Rita Merkel, treasurer.

Mrs. Roy D. Bishop was installed as president of the American Legion Auxiliary at Black Creek.

10 YEARS AGO
Wednesday, Oct. 7, 1953.

Cheerleaders for the South Side Athletic Club were Patsy Grishaber, Coleen Schaefer, Mary Schmidt, Rita Emmer and Rita VandenBerg.

Co-Editors of the Hi-Times, student newspaper at Brillion High School were Kenneth Stellbrink and Lois Steinfest.

Taking part in the comedy-mystery at Bear Creek High School were junior students Percy Jepson, Karen Suprise, Bill Desmond, Harold Burton, Jackie Bechard, Roy Malliet, Sue Morneau, Frank Morgan, Grace Brauer, Russell Hassell, Ramona Spoehr and Shirley Zempel.

'Third Force, Anyone?'

Allen-Scott Report

President Warned Foreign Aid Funds Face New Cuts in Senate

BY ROBERT S. ALLEN AND PAUL SCOTT

President Kennedy is now on blunt notice that his already deeply slashed foreign aid budget faces further battering in the Senate — despite his urgent pleas.

This foreboding warning has been served on him by the potent Foreign Relations Committee, which is deliberating the \$3.5 billion foreign aid authorization bill passed by the House several months ago. In the past, this Senate committee has been a stronghold of large-scale foreign aid spending.

But this year the story is very different. One-time staunch foreign aid champions now are leading the fight to cut it to the bone.

Foremost among them are Senators Wayne Morse, D-Ore., Stuart Symington, D-Mo., Albert Gore, D-Tenn., and Frank Carlson, R-Kans.

The President is strenuously appealing to the committee to restore all or a big part of the \$1 billion the House lopped off of his \$4.5 billion foreign aid program. Senator J. William Fulbright, D-Ark., chairman, with six proxies in his pocket, was set to ram this through at a closed-door meeting last week.

This backstage plan was abruptly upset by a stern admonition from Senator Morse.

With icy politeness the militant Oregonian declared the President was being laid open to a stinging public defeat on the Senate floor if Fulbright persisted in voting his six proxies. Morse asserted that such a controversial bill reported out by the committee by a close margin through such a stratagem would boomerang against the White House in the full Senate.

"The immense funds proposed in this measure," said Morse, "do not represent the thinking of the American people. They want foreign aid drastically reduced. There is a major revolt against such spending, and it's growing all the time."

"I would strongly advise that this view be conveyed to the President with the suggestion that he withdraw his legislation for reconsideration and extensive revision. I counsel that because, if he or this committee doesn't do it, it will certainly be done on the Senate floor. I intend to propose a number of cuts and changes myself."

FOR WHOM THE BELL TOLLS — Morse's bombshell drew immediate backing from Senators Symington, Gore and Carlson.

Chairman Fulbright, thwarted in his effort to speed the bill out of his committee so it could be taken up by the Senate this week, argued that "foreign aid is necessary for the conduct of our foreign policy."

"Specifically," he asked Morse, "what do you have in mind when you demand this measure be revised?"

For one thing, our policy in-

Latin America," replied Morse. "We have failed to stand up against a single military coup there. The plain fact is we have no policy to support constitutionally elected governments. If one is overthrown by a coup, we just continue giving aid to the new government regardless of what has happened. There is no rhyme or reason for the way our money is being shoveled out under the Alliance for Progress."

Fulbright admitted the Alliance "suffers from lack of expert and efficient administration." But he contended this is an old problem in the foreign aid program that "we wrestle with every year."

"Then it's about time we do something about it this year," retorted Morse. "I shall offer an amendment barring all aid to countries where constitutionally elected governments are overthrown by coups. I want a record vote on that in this committee before the measure goes to the Senate. That's one of the things that should be told the President before we act on this legislation."

Senator Gore spoke up with another "specific suggestion."

"I propose we write an amendment into this bill," declared the Tennessean, "ending all military assistance to Latin America. I see no reason why we should be arming forces down there to overthrow elected governments."

Senator Symington thereupon joined in by urging cutting off aid to Indonesia.

"It doesn't make sense to give aid to President Sukarno," asserted Symington, "at the same time that he is waging a war against newly-independent Malaysia. Why should we be helping him at the very time he is running amuck? To my way of thinking, there is no difference between his kind of aggressive colonialism and what he has long denounced Western powers for doing."

Senator Frank Church, D-Idaho, offered still another curb.

"While we are advising the President about desirable cuts," he said, "let's do some sharp

trimming on aid to President Diem. South Viet Nam is one place where a lot of our money appears to be going down a rat-hole. The situation there becomes more confused all the time. When Assistant Defense Secretary (Arthur) Sylvester was out there a few weeks ago, he seemed to be devoting most of his time to managing the news. He was giving out glowing reports before there were any reports to give out."

BREAKING BAD NEWS — In the end, the Foreign Relations Committee decided on two steps:

(1) Fulbright was instructed to send a complete transcript of the highly critical discussion to Foreign Aid Director David Bell. Morse wanted the transcript sent to the President direct. Fulbright pointed out this would be an imposition on the President as he is extremely busy, and proposed instead the transcript go to Bell with the understanding he would give the President a summary of its contents.

(2) That before the committee votes on the holly embattled legislation it consider the various reports made by the General Accounting Office on waste, mismanagement and corruption in the foreign aid program. Morse demanded this and it was agreed on. Over the years, the GAO has made a number of such reports, and Morse insisted they be weighed by the committee before acting on the bill.

Meanwhile on the House side, Representative Otto Passman, D-La., chairman of the appropriations subcommittee in charge of the money measure for foreign aid, is set to slash it to a record low of \$2.4 billion.

A long-time foe of large-scale foreign aid spending, Passman has completed closed-door hearings on the legislation and is prepared to report it out as soon as the authorization measure (pending in the Senate) is enacted. That is not likely until later this month.

Passman claims to have the votes in his subcommittee for a \$2.4 billion foreign aid budget. It remains to be seen whether he can make good on that.

Wisconsin Report

Salary Schedule for State Office Holders Is Major Hodge-Podge

BY JOHN WYNGAARD

MADISON — Just about every official in the state government has had a substantial pay raise as a result of developments of the summer and fall, but the pay plan for the responsible top men of the state institutions and agencies now presents a greater hodge-podge than before the boosts were authorized.

There is a certain hazard for the reporter on the statehouse beat in discussing these matters. Most of these men are friends and necessarily are encountered almost daily in the regular round of work.

So that there is no misunderstanding of the purpose of these observations, let it be understood that this reporter believes in good salaries for the top men in government. Attractive pay there amounts to very little in the total of public service disbursements and is reasonably certain to bring a better return in performance of the government establishment on the whole than the scale for file clerks or typists or building custodians where the political pressure tends to be most acute.

Wyngaard

the board of regents of the University and state colleges, for example, or the State Board of Public Welfare, are compared with those paid to heads of closely watched, sensitive and politically hazardous regulatory agencies.

The other day the welfare board voted to boost the pay of Welfare Director Wilbur Schmidt to nearly \$26,000. It was a merited increase. Schmidt is one of the best men in the state government. Yet it must make him somewhat self-conscious to know that his worth is not necessarily or even probably greater to his agency than are the services of many other state department executives who are getting up to a third less. It may make him reflect also when he notes that the University board of regents has decided to pay the vice president of the university \$28,000 a year and that his superior, the president, is now paid \$38,000, although they have tenure in effect and Schmidt and similar job-holders downtown have no security whatever.

SMALL FISCAL ITEM

Let it be stressed again that these are not vital matters in the fiscal sense. The total cost of this round of salary boosts for top officers is a minute part of the state's disbursement, perhaps one thousandth of one per cent. It is the strange revelation of the state's political values that is conspicuous here, as well as the strong suggestion that when such decisions are made by politicians directly answerable to the voter they tend to be a good deal more conservative.

Is the leadership of a welfare department by definition more important to the public good than the command of the state's health services? Is an assistant to the university president more valuable than any other administrative officer in the system?

One cannot avoid some curiosity about staff morale in some of these departments, moreover. The pay boosts for the rank and file of teachers, accountants, engineers, and even the non-professional groups, were modest in a percentage way against what the top men arranged for themselves when they could.

Strictly Personal

Is Negro a Man? That's Basic Question Today

BY SYDNEY J. HARRIS

Is the Negro a man, or is he not a man? This is the root question that the times have put to us, and we must answer it unequivocally. For this is, at bottom, what the current race conflict is all about.

Either the Negro is a full-fledged human being, and a complete American citizen, or he is less than a human being and incapable of citizenship.

If we believe the first, the Negro must be assured of all his civil and legal and human rights. If we believe the second, the Negro should be stripped of citizenship and made a ward of the state. No middle course is possible.

Most Americans, on both sides of the issue, refuse to face this central point. The Negro should be treated just like everyone else — no better, no worse — or else he should be confined to a reservation, returned to Africa, or sent back to slavery.

Any other "solution" is just hypocrisy and foolishness, and only postpones the ultimate day of reckoning. Is the Negro a man, or is he not a man? Once we answer this question honestly, all the other answers will fall into place, painfully but surely.

I happen to believe he is a man (though grievously flawed

Harris

by centuries of abuse), created by the same God Who created the rest of us. To treat him any differently is, to my mind an act of profound impiety.

Those who think otherwise should not make concessions they do not believe in. They should not hide behind the deception of "separate but equal" schools or any such other mumbo-jumbo. They should frankly ask that the Negro be assigned to a sub-human status in our society.

If we do not think the Negro is a man, we should both ignore his "rights" and absolve his "responsibilities." If he cannot live anywhere, work anywhere, eat anywhere, go to school anywhere — then he should not be asked to pay taxes, to fight for his country, to give his time, his labor or his loyalty to enterprises in which he cannot fully share.

The white man has made the Negro what he is, and has kept him where he is. Nobody knows how far the Negro can go up, because he has never had the chance; we only know how far he can go down — and it frightens us terribly — because we have pushed him down. We have refused to let him live decently, and then we accuse him of the sin of indecency.

Do we think the Negro is a man or not a man. We can no longer squirm and back away from this crucial question. For already having postponed it so long, either answer we decide upon will bring anguish to millions.
